We request that Diana Backus, who is listed on page two of the referenced letter, not be included in any list furnished to HCUA since all information concerning her indicated illegal travel to Cuba was received from sensitive sources.

In the cases of Orlando Marcelino Fanargo y Dominguez, page two, and Encelia Figueres, page two, the only information concerning their indicated illegal travel was received by us from the Department of State and, since it appears the information originated with a foreign government, we are not in a position to give an opinion as to whether their names should be included. It is suggested that you may desire to consult the Department of State regarding them if you have not already done so.

The only information in our possession concerning John Stanley Peters, page three, originated with Canadian Immigration authorities and was furnished to us by the United States Immigration and Naturalization Service (INS). Thus, you may desire to consult INS concerning the release of his name. (C)

The referenced letter points out that the Internal Security Division will not supply the identities of any sources to the HCUA, and we desire that this position be maintained with regard to any FBI sources. Should you receive future requests from the HCUA to furnish the identities of sources, we request that we be advised whenever our sources are involved so that our position concerning their identification can be made known to the Internal Security Division.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director
Federal Bureau of Investigation

DATE: April 9, 1963

J. Walter Yeagley, Assistant Attorney General, Internal Security Division

SUBJECT: TRAVEL TO CUBA - 8 USC 1185(b)

ALL FBI INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 11-7-94 BY SP8MAC/EM JPK

Pursuant to the conversation between Mr. W. R. Wannal of your Bureau and Mr. John H. Davitt of this Division, there follows a listing of individuals who have allegedly traveled to Cuba without bearing a valid passport. Information concerning their travel has been made available to us through Federal Bureau of Investigation investigative reports and memoranda.

Representative Francis E. Walter, Chairman of the House Committee on Un-American Activities, recently requested this Department to make available to his Committee information concerning persons who have traveled to Cuba in apparent defiance of the State Department's travel ban. You may recall this subject was commented upon by the President at a recent press conference. In considering what information can be revealed to the Committee without compromising confidential sources or interfering with pending or contemplated investigations, we have tentatively concluded that we should not make available to the Committee at this time the names of any persons whose travel is currently being investigated by the Bureau or whom we anticipate requesting you to investigate. Likewise, we do not now plan to furnish the Committee the name of any person where the only source of information as to his travel was confidential.

However, we are considering the feasibility of furnishing the Committee names, and certain identifying data, in all cases where no investigation is pending or contemplated and where the source of information as to the travel is not specifically identified as being confidential. Information in this category has come to the Bureau, in the main, from friends and relatives of the subjects, from domestic and foreign steamship lines, and from statements of the subjects to the Immigration and Naturalization Service, to the Swiss Legation in Havana, Cuba, and before public forums. Where the name of a traveler is to be furnished the Committee we will not supply the identity of any sources.
