LA COSA NOSTRA
AR

Re your FD-143 dated 9/2/64.

Authority granted to continue PH 705-C* for a 90-day period. Furnish the Bureau a weekly airtel summary of significant information obtained from this source. Submit your recommendations regarding continuation beyond the authorized period to reach the Bureau five days prior to the expiration of this authority.

For your information and future guidance, when submitting recommendations that a misur be continued, you should do so on a UACB basis following Item 17 on the FD-143.

1 - J. D. Donohue (815 RB)

NOTE: This misur is located in the Philadelphia apartment of PH 672-C-TE. This Top Echelon informant is an admitted member of La Cosa Nostra who has provided detailed information relating to La Cosa Nostra in Philadelphia. Source was installed on 8/7/64, at which time Philadelphia Office reported they had a unique opportunity to make such installation since the informant's family was out of the city. The informant has no knowledge of this installation. One of the primary reasons for making the installation was information developed that meetings might take place at the informant's residence, possibly at times when he would not be present. This source also serves to corroborate information furnished by the informant. Philadelphia Office reports that during the brief period of time it has been activated there have not been any meetings at the apartment. This is partially due to the informant's work schedule. The informant is endeavoring to arrange an appointment with Angelo Bruno, head of La Cosa Nostra in Philadelphia, to request permission to use the apartment in connection with Bruno's numbers operation. The cost to operate this misur is minimal. It is felt that it has an excellent potential and it is recommended that Philadelphia Office be authorized to continue it for a 90-day period.

17. Remarks (By SAC):

As previously explained, the purpose of this installation was to have the installation so that technical coverage could be afforded meetings between SCAFIDI, a known member of La Cosa Nostra, and his associates. It is also a means to check the reliability of SCAFIDI, who is PH 672-C-TE. To date the source has furnished information regarding SCAFIDI's personal activities. Due to his work schedule, he has been unable to bring about many meetings. He is at the present time endeavoring to arrange an appointment with Commission member ANGELO BRUNO to obtain permission from BRUNO to allow his apartment to be used two or more days weekly in BRUNO's illegal numbers operation. This will furnish information heretofore unavailable to this division, if the source is successful in accomplishing this arrangement. It is therefore recommended that this source be continued considering that it has not had any breach of security (See Page 3A)
