WITH RESPECT TO INTELLIGENCE ACTIVITIES (SSC)

Reference is made to SSC letter dated March 31, 1976, requesting delivery of certain material maintained by the FBI, and to discussion of this request between an SSC Staff Member and a representative of the FBI on April 9, 1976.

In response to paragraphs 1 and 3 of aforementioned SSC request, we are delivering with this memorandum copies of certain material believed to be responsive.

It is noted that the coverage on Robert Amory, Jr., referred to in paragraph 1 of referenced SSC request, continued from February 21, 1963, until June 14, 1963, when it was discontinued due to Amory's departure for Europe. The coverage was reinstituted July 24, 1963, and permanently discontinued November 6, 1963, because of lack of productivity of the source. (C)

With regard to the request in paragraph 3 of the referenced SSC letter, it is noted that the initial authorization for technical coverage of the Jewish Defense League (JDL) Headquarters in New York City was approved by Attorney General John N. Mitchell on September 15, 1970, and was actually in effect from October 1, 1970, to October 31, 1970.

Subsequently, Attorney General John N. Mitchell approved renewed technical coverage of JDL Headquarters on January 4, 1971, and March 31, 1971, each authorization being for a period of three months. The actual coverage under these latter authorizations commenced January 7, 1971, and was discontinued July 3, 1971.

RE: ROBERT AMORY, JR.

COMMUNIST BLOC COUNTRY (CBC)

Allegations have been received to the effect that Robert Amory, Jr., of the Bureau of the Budget, Washington, D. C., has been in the past in close association with a member of the Yugoslav Intelligence Service (YIS) and that Yugoslav intelligence is desirous of re-establishing contact with Mr. Amory to secure from him data available to him by virtue of his high position in the United States Government. (C) CBC

These allegations have been brought to the attention of the President. The President expressed personal interest in receiving information concerning the current relationship between Mr. Amory and representatives of (YIS). (C) CBC

Mr. Amory's position and his access to many high-level sources within the United States Government make it impractical for this Bureau to utilize normal investigative procedures to secure data concerning his activities. [However, it is felt that technical surveillance on his residence may be productive of pertinent information.] (C)

Accordingly, it is requested that authority be granted to install a technical surveillance on the present residence of Mr. Amory, 4833 Dexter Terrace, Northwest, Washington, D. C., or any residence he may move to in the future. (C)

Attorney General (AG) is being requested to authorize technical surveillance on residence of subject in whose relationship with Yugoslav Intelligence Service (YIS) President Kennedy has expressed personal interest. (c) CBC

Amory was Deputy Director, Intelligence, Central Intelligence Agency (CIA), 1952-1962. His principal duties at CIA related to preparation of intelligence estimates and he had access to high-level data. He resigned from CIA effective 4/15/62 to become an aide to the Director, Bureau of Budget, which position he now holds.

Amory has been a controversial figure. The Director has stated we should be circumspect in dealing with him. His interpretation of world communism has been questioned by a responsible Army official. He allegedly advocated admission of Red China to United Nations, discontinuance of CIA covert operations and opined that the cold war policies of noncommunist countries prevented Soviets from being reasonable.

CBC

In our investigation into Yugoslav intelligence activities in U.S. we developed information that Amory was friendly with Ante Drndic, Yugoslav Embassy, Washington, Minister and VIS chief, prior to Drndic's departure from U.S. July, 1962, and that VIS wanted to re-establish contact with Amory. VIS considered excellent data he gave Drndic. The data developed by Bureau informants was made available to the AG and the Honorable P. Kenneth O'Donnell. It was also furnished to CIA with a request that CIA inform Bureau concerning nature of Amory-Drndic contacts. CIA replied that its files showed no authorization for Amory's contacts with Drndic but contained references to Amory's comments on some meetings with Drndic. CIA concluded since Amory's comments re Drndic were made before Allen Dulles and General Charles Cabell, their association must be considered to have been authorized. Roger Hilsman, who was our contact at State Department re Yugoslav intelligence activities, received Bureau report identifying Amory as a personal friend of Drndic's who furnished him first-class information. Memorandum for Mr. Sullivan
Re: ROBERT AMORY, JR.

SENSITIVE FOREIGN INTELLIGENCE SOURCE (SFLS)

On 2/4/63 we gave the AG and Honorable P. Kenneth O'Donnell substance of a report from WF 1373-S that a Yugoslav intelligence agent believed Amory was the source of reports on National Security Council meetings received by YIS from 1959 to 1961. The YIS agent had processed these reports when he was in Belgrade. He did not know definitely that Amory was the source. (C) CBC

On 2/6/63 Mr. O'Donnell told Assistant Director C. A. Evans that he had brought this latest report re Amory to the attention of President Kennedy and the President desired the Director to know he was personally interested in this matter. Mr. O'Donnell expressed concern because of continuing high-level sources Amory has. He noted Amory has long been close to the President, the AG and McGeorge Bundy, Special Assistant to the President. Mr. O'Donnell indicated that any data we develop concerning Yugoslav espionage be channeled to the President only through O'Donnell, it being noted that dissemination of such data to the AG is, of course, proper. Mr. O'Donnell expressed a desire to receive any additional data developed concerning Amory's contact with Yugoslavs. (C) CBC

Because of Amory's position and his many high-level contacts, normal investigative activity would only serve to alert him to our interest in him. Available information on Amory indicates interviewing him would be a waste of time. Technical surveillance, however, could develop information of interest to the Bureau, the AG and the President in this matter. Accordingly, a letter is attached requesting the AG's authority to place technical surveillance on the residence of Amory. Dissemination of any data concerning Amory will be limited to the AG and Mr. O'Donnell. The Washington Field Office is being instructed separately to exclude data on Amory from communications which may be disseminated. (C) NAME DELETED

Supervisor L.W.R. Oberndorf, Washington Field Office (WFO), after conducting survey on feasibility of technical coverage reported it can be placed with complete security and, if authorized, would be handled most discreetly within WFO with absolute minimum number of personnel aware of it. (C) NUMBER

We now have 100 technical surveillances in operation. In view of the interest of the President in Amory's activities if technical surveillance on him is approved we will discontinue existing technical coverage of the United Arab Republic United Nations Delegation, New York City, instituted 10/23/62, based on critical (C) SPI target

conditions in the Middle East. It has been productive in the past. In view of the fact that United Nations is not now in session it is believed that we can afford to discontinue this coverage at this time because information it might produce would probably be of less value than that we may obtain from coverage of Amory. To seek approval for technical surveillance (tesur)
JDL headquarters in New York City. Memorandum for Attorney
General attached.

Background: JDL is the leading pro-Jewish militant organization
in the U.S. with headquarters in New York City. National
membership alleged to be 8,000 with stated aim of organization
to prevent repressive acts against Jewish race and to support
current aims of Israeli Government in current Middle East crisis.
Group has demonstrated proclivity for violence by attacks on
Soviet and Arab diplomatic installations in New York City; trains
its membership in karate and defensive tactics; and has been known
to purchase shotguns and rifles for training purposes at its
summer camp in upstate New York.

Upcoming United Nations (UN) sessions will provide
prime target for JDL demonstrations against Soviet refusal to
allow Jewish refugees to leave Russia and migrate to Israel. As
recently as 9/8/70, JDL announced it might attempt to hijack
Arab airliners in reprisal for Arab terrorist airline hijackings
in Middle East. National Chairman of JDL stated, "If Arabs will
use murder, they must be ready to live by the sword they will
use." On same date members of JDL were responsible for disrupting
a demonstration by Iranian students in New York City, resulting
in street fights where three police officers were injured.

White House has expressed concern for utmost safety
of dignitaries expected to attend upcoming UN sessions in
September and October. Extraordinary steps taken to date include
establishment of branch Secret Service headquarters in New York
to coordinate security measures to be afforded the foreign visitors.

Memorandum to Mr. C. D. Brennan
RE: JEWISH DEFENSE LEAGUE (JDL)
62-112767

The demonstrated proclivity of JDL for violence and its avowed objectives of attacks against anti-Jewish nations and groups dictates we must give this organization closest coverage to prevent violence which could become subject of international embarrassment to U.S. New York Office has advised tesur is feasible with full security assured of JDL headquarters at 440 West 42nd Street, New York City. This coverage could provide obvious prewarning of violent acts planned by JDL.

Our quota for tesurs is ^{NUMBER} (forty) (Thirty-eight) have been approved and are or will be installed covering areas of importance to our fulfillment of FBI jurisdiction in investigative and intelligence matters. A (thirty-ninth) tesur is awaiting Attorney General approval. An additional tesur has been approved on a temporary basis covering (a former FBI employee in contact with (the Soviets) (to be discontinued in one month). The Director has additionally approved temporary tesurs on (seven Middle Eastern and Soviet establishments) in New York for the critical period of the opening weeks of the 25th UN General Assembly. We are now seeking State Department clearance for these additional tesurs. Coverage of the JDL would be similar and for the same purpose as those previously approved for temporary operation during the September and October UN Sessions. It would be discontinued immediately thereafter.

RECOMMENDATION:

That tesur of JDL headquarters in New York City be approved. If approved, attached memorandum to the Attorney General will be sent.

ADDENDUM OF THE INSPECTION DIVISION W.M.FELT:wmj 9/14/70

This is a request for temporary telephone surveillance coverage of the Jewish Defense League (JDL) offices in New York during the October Commemoration Session of the United Nations.

NUMBER OF FOREIGN COUNTERINTELLIGENCE TARGETS

The Director has already approved (7) temporary surveillances for the same purpose -- all to be terminated on 11/1/70.

The requested JDL coverage could be very important in view of the paramilitary nature of this group which has threatened to hijack planes in retaliation against the Arabs. There has been press speculation that JDL is involved in the London kidnapping of 3 El Fatah members. I feel this request is logical and recommend approval.

The attached proposed memorandum to the Attorney General highlights the President's interest and emphasizes the temporary nature of the request.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: JEWISH DEFENSE LEAGUE
 440 WEST 42ND STREET
 NEW YORK, NEW YORK
 INTERNAL SECURITY - NATIONALISTIC TENDENCY

The captioned organization has recently emerged as the most militant pro-Jewish organization active in the United States. It has demonstrated its proclivity for demonstrations and violence by attacks on Soviet and Arab diplomatic installations in this country, as well as by participation in demonstrations in New York City, which have resulted in injury to private citizens and law enforcement officers. News media have reported that the leader of the Jewish Defense League, (JDL) on September 8, 1970, stated that his organization might attempt to hijack Arab airliners if there is a recurrence of air piracy by Arab terrorist groups in the current tensions surrounding the Middle East situation.

The White House has expressed its concern for utmost security being afforded the foreign dignitaries visiting New York City in September and October of this year on the occasion of the 25th Commemorative Anniversary Session of the United Nations. The JDL could easily seize the meetings of this international organization as an opportunity for violence or demonstrations against the foreign leaders in furtherance of the JDL aims of support for Israel and the Jewish race.

A surveillance of the telephone of the JDL headquarters could provide for advance knowledge of any activities of JDL which could create a situation of international embarrassment to this country. Installation of such coverage would not involve trespass. You are, therefore, requested to authorize technical surveillance of the telephone of the JDL headquarters for the critical period of the 25th General Assembly of the United Nations, to be discontinued no later than November 1, 1970.

Dear Mike:

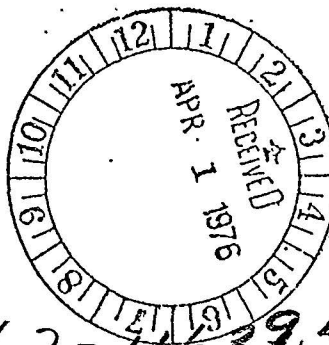

It has recently been reported in the press that there was an FBI wiretap on Mr. Robert Amory under the Kennedy administration. The Select Committee requests delivery of materials pertaining to the authorization and purpose of this wiretap, according to the terms agreed upon in my conversation today with Mr. Blackhurst of your office.

The Committee also requests delivery of a chart pertaining to FBI electronic surveillances which was to have been delivered to the Committee on October 23, 1975.

Finally, the Select Committee finds that it does not have copies of the authorizing materials pertaining to the electronic surveillance of the Jewish Defense League which was declared unconstitutional in the Zwebon case. Therefore the Committee requests appropriate materials pertaining to such authorizations.

UNITED STATES SENATE SELECT COMMITTEE
ON INTELLIGENCE ACTIVITIES (SSC)

Reference is made to your letter of May 11, 1976, in which you ask for information concerning articles appearing in the May 11, 1976, editions of the New York Times and the Washington Post relating to published reports of the SSC.

The Times article states "at least 491 surreptitious entries (were made) between 1960 and 1975 to install listening devices in the homes or offices of criminal suspects, and that 509 microphones had been surreptitiously installed by the bureau in domestic intelligence cases during the same period."

Our memorandum of October 17, 1975, to the SSC, a copy of which was furnished to your office, provided statistics showing 491 entries from 1960 to 1975 to install microphones in criminal investigations. From 1960 through 1965, there were 394 such entries; from 1966 through 1968, there were none; and from 1969 through June, 1975, there were 97. These 97 entries were conducted pursuant to court order in accordance with provisions of Title III, Omnibus Crime Control and Safe Streets Act of 1968.

ENCLOSURE

The Times statement that 509 microphones had been installed in domestic intelligence cases is incorrect. Our memorandum of October 17 stated that there were 509 microphone installations "in connection with targets of counterintelligence, internal security, and intelligence collection investigations." On May 11, 1976, a survey of material used as a basis for our October 17 memorandum to the SSC showed that over 50 percent of the 509 microphone installations were in connection with foreign counterintelligence and foreign intelligence collection investigations.

The Attorney General

The Post statement appears to refer to the 509 microphone installations mentioned in the Times article. A breakdown of those 509 installations shows: from 1960 through 1964, there were 346 installations; in 1965 there were 59; and from 1966 to June, 1975, there were 104. Some of these installations did not involve surreptitious entry but were accomplished by encapsulation or installation prior to occupancy.

Our records show no warrantless surreptitious entries conducted for installation of microphones against "internal security" targets following the "Keith" decision of June, 1972. As you are aware, however, the Civil Rights Division has been conducting an inquiry into certain FBI investigativo matters which, we have determined, involved warrantless surreptitious entry not in connection with microphone installation against domestic security targets as late as April, 1973.

We are responding to the Attorney General's 5/11/76 memorandum in which he asks for information on New York Times and Washington Post articles regarding statistics listed in the SSC report.

A survey on 5/11/76 by SA H. W. SUBJECT:

I note the following paragraph in the New York Times for today:

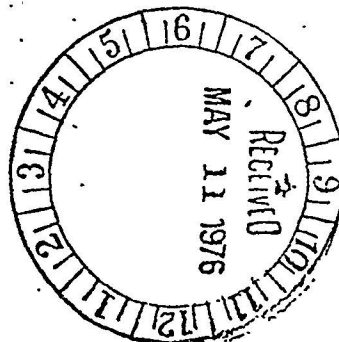

The committee staff also reported that the bureau had made at least 491 surreptitious entries between 1960 and 1975 to install listening devices in the homes or offices of criminal suspects, and that 509 microphones had been surreptitiously installed by the bureau in domestic intelligence cases during the same period.

Also the following paragraph in the Washington Post:

In addition to the estimate of more than 200 "black bag jobs," the report said the FBI has installed more than 500 bugs without warrant since 1960 "against intelligence and internal security targets," a technique which "the Justice Department still permits."

These paragraphs give the impression that entries without a warrant are still being made or are still "permitted" for internal security targets.

Reference is made to your letter of May 11, 1976, in which you ask for information concerning articles appearing in the May 11, 1976, editions of the New York Times and the Washington Post relating to published reports of the SSC.

The Times article states "at least 491 surreptitious entries (were made) between 1960 and 1975 to install listening devices in the homes or offices of criminal suspects, and that 509 microphones had been surreptitiously installed by the bureau in domestic intelligence cases during the same period."

Our memorandum of October 17, 1975, to the SSC, a copy of which was furnished to your office, provided statistics showing 481 entries from 1960 to 1975 to install microphones in criminal investigations. From 1960 through 1965, there were 394 such entries; from 1966 through 1968, there were none; and from 1969 through June, 1975, there were 97. These 97 entries were conducted pursuant to court order in accordance with provisions of Title III, Omnibus Crime Control and Safe Streets Act of 1968.

The Times statement that 509 microphones had been installed in domestic intelligence cases is incorrect. Our memorandum of October 17 stated that there were 509 microphone installations "in connection with targets of counterintelligence, internal security, and intelligence collection investigations." On May 11, 1976, a survey of material used as a basis for our October 17 memorandum to the SSC showed that over 50 percent of the 509 microphone installations were in connection with foreign counterintelligence and foreign intelligence collection investigations.

FRANK A. CAPELL

Frank A. Capell is the editor-publisher of the newsletter, "The Herald of Freedom," published at his place of residence, Zarephath, New Jersey. He has in the past published much information in his newsletter concerning alleged security risks in various agencies of the United States Government, particularly at the Department of State. He is at present under indictment returned by a Los Angeles County, California, grand jury for criminal libel based on his charge that Senator Thomas H. Kuchel of California had been arrested in 1950 for homosexual activities.

A source, who has furnished reliable information in the past, on May 25, 1965, advised that he had learned of a contact made on that date with Capell by Robert Manuel, an attorney who resides at 4212 Beauchamp Drive, Alexandria, Virginia, and who has his law office at 105 East Holbrook Avenue, Fairfax, Virginia. Manuel referred to a robbery of Congressman (Harlan Hagen) which occurred in Washington, D.C., on January 25, 1963. According to Manuel, Congressman (Hagen), whom Manuel described as "a degenerate of the first order," went to a night club in Washington, D.C., where he "picked up" a Negro prostitute named Sue Nicholas (phonetic). They went to the parking lot adjacent to the night club and while they were engaged in a pervert act two accomplices of Nicholas attacked Congressman (Hagen) and robbed him. Manuel pointed out that during the investigation an arrangement was made whereby Nicholas would identify her accomplices who would be given a minimum fine if they confessed. In return, nothing would be said about the act of perversion which was taking place between Nicholas and the Congressman when the Congressman was attacked.

Manuel told Capell that "during the last campaign" (possibly referring to the political activity during the Fall of 1964) the arrest report showing the robbery of the Congressman

Reference is made to my letter dated May 6, 1965, pertaining to the subject, who is editor of the newsletter, "The Herald of Freedom." A source who has furnished reliable information in the past on May 27, 1965, advised that Capell had been in contact with a person named Robert Fowler concerning an article to be published in "The Herald of Freedom" pertaining to Martin Bormann, the former Nazi official in Germany who disappeared during the closing days of World War II. He was subsequently convicted as a war criminal and sentenced to death in absentia. Since 1945, numerous reports and rumors have been received that Bormann is alive in various parts of the world; however, none of these reports has proved to be true. His present whereabouts is unknown.

In discussing the proposed article Fowler pointed out that Bormann once lived in the United States and owned property here. The subject indicated that the Attorney General as well as the Department of State and the Immigration and Naturalization Service allowed Bormann to come into the country. Fowler advised the subject that it is not known who permitted this to happen since it was "high level monkey business."

The files of this Bureau do not indicate that Bormann was ever in the United States or that he owned property in this country.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: FRANK A. CAPELL

#WORK
DECLASSIFIED BY SP2AM/JG
01 12-1-00

Reference is made to my memorandum dated April 19, 1965, on which you indicated authorization for a technical surveillance on the residence of the subject located at School House Road, Somerset County, Zarephath, New Jersey, for the purpose of ascertaining the subject's sources for the classified information he has published in his newsletter, "The Herald of Freedom."

Our coverage on the subject has revealed that he is in almost daily contact with Robert E. Manuel, an attorney who resides in Alexandria, Virginia, and who is in the law firm of Johnson (Wayne G.) and Manuel in Fairfax, Virginia. Manuel has claimed to have "a network" of people furnishing him information which he in turn gives to Capell. It is apparent that Manuel is Capell's intermediary and he undoubtedly has contacts at the Department of State and the Washington, D.C., Metropolitan Police Department from whom he is obtaining information.

In view of the above, it is requested that you authorize technical coverage on Manuel's residence, 8901 Beauchamp Drive, Alexandria, Virginia, and on his office located at 105 East Holbrook Avenue, Fairfax, Virginia, or on any addresses to which he may move in the future or to which his place of business may be moved in the future.

FRANK A. CAPELL

Frank A. Capell is the editor-publisher of the newsletter "The Herald of Freedom," published at his residence in Zarephath, New Jersey. He has in the past published much information in his newsletter concerning alleged security risks in various agencies of the United States Government, particularly in the Department of State. On February 17, 1965, he was indicted by a grand jury in Los Angeles County, California, for criminal libel for his printing that Senator Thomas H. Kuchel of California had been arrested in 1950 for homosexual activities. Capell on June 28, 1965, entered a plea of "no contest" to the charge of circulating a false report adversely affecting the Senator's moral reputation. Capell is to be sentenced on July 19, 1965.

On July 12, 1965, a source who has furnished reliable information in the past advised that he had learned of a contact made on that date by the subject with Colonel Matthew P. McKeon, Executive Vice President of the Defenders of the American Constitution, Springfield, Virginia. The source reported that Capell advised McKeon that Congressman Michael A. Feighan of Ohio was anti-communist and had given "us" information on immigration matters. Subject also stated that "a lot of the stuff we've all used on immigration against Abba Schwartz and the crowd in the State Department — we got all this stuff from Feighan." Abba Schwartz is Administrator, Bureau of Security and Consular Affairs, Department of State.

Frank A. Capell is editor-publisher of the newsletter, "The Herald of Freedom," published at Zarephath, New Jersey. Capell has, in the past, published much information in his newsletter regarding alleged security risks in various agencies in the United States Government, particularly the Department of State. He was recently indicted at Los Angeles, California, for criminal libel, based on his charge that Senator Thomas H. Kuchel had been arrested for homosexual activities. Capell subsequently pled nolo contendere to this charge and was fined \$500.

A source who has furnished reliable information in the past reported contact between Capell and Ike McAnally, Editor of "Counter Attack," on July 27, 1965. During this contact, McAnally told Capell he would like information relating to a letter written to a member of the Communist Party in the South named Jim Dombrowski (phonetic), supposedly by a high-ranking member of the previous administration, asking advice about organizing the Peace Corps. Capell indicated that former Attorney General Robert F. Kennedy was the author of this letter, which supposedly had been secured during a raid. Capell further indicated that the original of this letter was in a safe of the Louisiana Un-American Activities Committee, and that Senator Eastland, the New Orleans Police Department, and possibly the FBI had copies of the letter. According to Capell, President Johnson reportedly had shown a copy of the above-mentioned letter to Democratic leaders during the 1964 Democratic National Convention held in Atlantic City, New Jersey, in order to forestall the vice-presidential nomination of Robert F. Kennedy.

Our files show that James A. Dombrowski, who may be identical with the individual referred to above; is the Executive Director of the Southern Conference Educational Fund, and that he has a long history of association with communist front groups. The Southern Conference Educational Fund is a successor to the Southern Conference for Human Welfare which was cited as a communist front by the House Committee on Un-American Activities.

SOUTHERN CONFERENCE EDUCATIONAL FUND

It is noted that during October, 1963, officers of the Louisiana State Police and the New Orleans Police Department, acting under authority of the Louisiana Subversive Activities and Communist Control Law, raided the offices of the Southern Conference Educational Fund in New Orleans and seized voluminous records of this group. This incident received widespread publicity and has been the subject of considerable litigation. Files of the FBI contain no information concerning the alleged letter written to Dombrowski by former Attorney General Kennedy.

Honorable Marvin Watson
Special Assistant to the President

DECLASSIFIED BY SP-2AM/HKS
ON 12-1-00

Dear Mr. Watson:

We have learned from a source from whom we have received reliable information in the past that Dom Frasca, Sunday City Editor, the "New York Journal American," intends to write a book about President Johnson. This information may be of interest to the President.

Our source advised that Frank A. Capell, Editor of the anticommunist publication "The Herald of Freedom," on September 30, 1965, indicated that Frasca, while associated with Senator Barry Goldwater, had worked for months "digging stuff up" on President Johnson; that this material had never been used; and that the data in Frasca's possession included sworn affidavits and tape recordings. Capell also stated that Frasca has "five times" the material used in the book entitled "A Texan Looks At Lyndon."

Frasca, who previously has been described by officials of the New York City Police Department as completely unethical, is the individual who allegedly on February 10, 1964, advised Billie Sol Estes that he had the authority to assure Estes of a full pardon after Senator Barry Goldwater's election as President if Estes would reveal his "tie-in" with President Johnson. Frasca at the time was employed at Senator Goldwater's Campaign Headquarters in Washington, D. C. During the meeting, Estes allegedly advised Frasca that he had tape recordings containing conversations between President Johnson and Estes and between Estes and other unnamed, highly placed Government officials in Washington, D. C., which, if disclosed, might cause considerable embarrassment to certain unnamed individuals in Washington, D. C.

Estes told Frasca that the tapes in his possession were hidden in the Davis Mountains near Pecos, Texas. At the same meeting, Frasca allegedly stated that he had some tape recordings of conversations between some of "President Johnson's people" and Dr. Sol Estes and Dr. John Estes. The nature of these conversations was not disclosed. Information developed by the FBI concerning the meeting of February 10, 1964, was furnished to former Special Assistant to the President Walter Jenkins in our letters dated May 14, 1964; June 23, 1964; July 9, 1964; and October 6, 1964.

Capell has, in the past, published much information in his newsletter concerning alleged security risks in Government. On February 17, 1965, he was indicted by a grand jury in Los Angeles County, California, for criminal libel for his printing that Thomas H. Kuchel, United States Senator from California, had been arrested in 1950 for homosexual activities. On July 19, 1965, Capell was fined \$500 and placed on probation for three years, after pleading "no contest" to the charge of circulating a false report, adversely affecting the Senator's moral reputation.

Manuel referred to a robbery of Congressman [redacted] which occurred in Washington, D.C., on January 25, 1963. According to Manuel, Congressman [redacted] whom Manuel described as "a degenerate of the first order," went to a night club in Washington, D.C., where he "picked up" a Negro prostitute named Sue Nicholas (phonetic). They went to the parking lot adjacent to the night club and while they were engaged in a pervert act two accomplices of Nicholas attacked Congressman [redacted] and robbed him. Manuel pointed out that during the investigation an arrangement was made whereby Nicholas would identify her accomplices who would be given a minimum fine if they confessed. In return, nothing would be said about the act of perversion which was taking place between Nicholas and the Congressman when the Congressman was attacked.

Manuel told Capell that "during the last campaign" (possibly referring to the political activity during the Fall of 1964) the arrest report showing the robbery of the Congressman

Reference is made to my letter dated May 6, 1965, pertaining to the subject, who is editor of the newspaper "The Herald of Freedom." A source who has furnished reliable information in the past on May 27, 1965, advised that Capell had been in contact with a person named Robert Fowler concerning an article to be published in "The Herald of Freedom" pertaining to Martin Bormann, the former Nazi official in Germany who disappeared during the closing days of World War II. He was subsequently convicted as a war criminal and sentenced to death in absentia. Since 1945, numerous reports and rumors have been received that Bormann is alive in various parts of the world; however, none of these reports has proved to be true. His present whereabouts is unknown.

In discussing the proposed article Fowler pointed out that Bormann once lived in the United States and owned property here. The subject indicated that the Attorney General as well as the Department of State and the Immigration and Naturalization Service allowed Bormann to come into the country. Fowler advised the subject that it is not known who permitted this to happen since it was "high level monkey business."

The files of this Bureau do not indicate that Bormann was ever in the United States or that he owned property in this country.

DECLASSIFIED BY SP-2 ALM-126
ON 12-1-00

Reference is made to my memorandum dated April 19, 1965, on which you indicated authorization for a technical surveillance on the residence of the subject located at School House Road, Somerset County, Zarephath, New Jersey, for the purpose of ascertaining the subject's sources for the classified information he has published in his newsletter "The Herald of Freedom."

Our coverage on the subject has revealed that he is in almost daily contact with Robert E. Manuel, an attorney who resides in Alexandria, Virginia, and who is in the law firm of Johnson (Wayne G.) and Manuel in Fairfax, Virginia. Manuel has claimed to have "a network" of people furnishing him information which he in turn gives to Capell. It is apparent that Manuel is Capell's intermediary and he undoubtedly has contacts at the Department of State and the Washington, D.C., Metropolitan Police Department from whom he is obtaining information.

In view of the above, it is requested that you authorize technical coverage on Manuel's residence, 8901 Beauchamp Drive, Alexandria, Virginia, and on his office located at 105 East Holbrook Avenue, Fairfax, Virginia, or on any addresses to which he may move in the future or to which his place of business may be moved in the future.

Frank A. Capell is editor-publisher of the newsletter, "The Herald of Freedom," published at Zarephath, New Jersey. Capell has, in the past, published much information in his newsletter regarding alleged security risks in various agencies in the United States Government, particularly the Department of State. He was recently indicted at Los Angeles, California, for criminal libel, based on his charge that Senator Thomas H. Kuchel had been arrested for homosexual activities. Capell subsequently pled nolo contendere to this charge and was fined \$500.

A source who has furnished reliable information in the past reported contact between Capell and Ike McAnally, Editor of "Counter Attack," on July 27, 1965. During this contact, McAnally told Capell he would like information relating to a letter written to a member of the Communist Party in the South named Jim Dombrowski (phonetic), supposedly by a high-ranking member of the previous administration, asking advice about organizing the Peace Corps. Capell indicated that former Attorney General Robert F. Kennedy was the author of this letter, which supposedly had been secured during a raid. Capell further indicated that the original of this letter was in a safe of the Louisiana Un-American Activities Committee, and that Senator Eastland, the New Orleans Police Department, and possibly the FBI had copies of the letter. According to Capell, President Johnson reportedly had shown a copy of the above-mentioned letter to Democratic leaders during the 1964 Democratic National Convention held in Atlantic City, New Jersey, in order to forestall the vice-presidential nomination of Robert F. Kennedy.

Our files show that James A. Dombrowski, who may be identical with the individual referred to above, is the Executive Director of the Southern Conference Educational Fund, and that he has a long history of association with communist front groups. The Southern Conference Educational Fund is a successor to the Southern Conference for Human Welfare which was cited as a communist front by the House Committee on Un-American Activities.

SOUTHERN CONFERENCE EDUCATIONAL FUND

It is noted that during October, 1963, officers of the Louisiana State Police and the New Orleans Police Department, acting under authority of the Louisiana Subversive Activities and Communist Control Law, raided the offices of the Southern Conference Educational Fund in New Orleans and seized voluminous records of this group. This incident received widespread publicity and has been the subject of considerable litigation. Files of the FBI contain no information concerning the alleged letter written to Dombrowski by former Attorney General Kennedy.

Honorable Marvin Watson
Special Assistant to the President
The White House
Washington, D. C.

Dear Mr. Watson:

We have learned from a source from whom we have received reliable information in the past that Dom Frasca, Sunday City Editor, the "New York Journal American," intends to write a book about President Johnson. This information may be of interest to the President.

Our source advised that Frank A. Capell, Editor of the anticommunist publication "The Herald of Freedom," on September 30, 1965, indicated that Frasca, while associated with Senator Barry Goldwater, had worked for months "digging stuff up" on President Johnson; that this material had never been used; and that the data in Frasca's possession included sworn affidavits and tape recordings. Capell also stated that Frasca has "five times" the material used in the book entitled "A Texan Looks At Lyndon."

Frasca, who previously has been described by officials of the New York City Police Department as completely unethical, is the individual who allegedly on February 10, 1964, advised Billie Sol Estes that he had the authority to assure Estes of a full pardon after Senator Barry Goldwater's election as President if Estes would reveal his "tie-in" with President Johnson. Frasca at the time was employed at Senator Goldwater's Campaign Headquarters in Washington, D. C. During the meeting, Estes allegedly advised Frasca that he had tape recordings containing conversations between President Johnson and Estes and between Estes and other unnamed, highly placed Government officials in Washington, D. C., which, if disclosed, might cause considerable embarrassment to certain unnamed individuals in Washington, D. C.

Honorable Marvin Watson

Estes told Frasca that the tapes in his possession were hidden in the Davis Mountains near Pecos, Texas. At the same meeting, Frasca allegedly stated that he had some tape recordings of conversations between some of "President Johnson's people" and Dr. Sol Estes and Dr. John Estes. The nature of these conversations was not disclosed. Information developed by the FBI concerning the meeting of February 10, 1964, was furnished to former Special Assistant to the President Walter Jenkins in our letters dated May 14, 1964; June 23, 1964; July 9, 1964; and October 6, 1964.

Capell has, in the past, published much information in his newsletter concerning alleged security risks in Government. On February 17, 1965, he was indicted by a grand jury in Los Angeles County, California, for criminal libel for his printing that Thomas H. Kuchel, United States Senator from California, had been arrested in 1950 for homosexual activities. On July 19, 1965, Capell was fined \$500 and placed on probation for three years, after pleading "no contest" to the charge of circulating a false report, adversely affecting the Senator's moral reputation.

Sincerely yours,
