CSNY 3581-S has furnished information to the effect that WALTER DUDA was recruited by the Polish Intelligence Service as a co-opted worker of Section Six Department, and assigned by cryptonym "EMIL." On 4/25/60 DUDA was sentenced by the Polish Court to 2 years imprisonment for producing substandard cement and was reportedly in prison from April until October 1960. Yet, during this period he wrote a letter to Mrs. GARDNER STOWE, with whom he had been corresponding in the U.S., the belief here being that if he had not been cooperating with the Polish Intelligence Service he would not have been permitted to send the letter. Further, he applied for & received passports for himself & his family within weeks as compared to normal 4 months waiting period. These factors, coupled with the information of CSNY 3581-S, would indicate that DUDA is a recruited Polish Intelligence Service agent.

3581-S would indicate that DUDA is a recruited Polish Intelligence Service agent. It is believed that if DUDA is an agent he may be communicating with his principal in Poland and accordingly, a mail cover is being requested.

The initial mail cover is being requested for a period of thirty days. It is believed that if DUDA is in contact with a principal in Poland, the mail cover could reveal such a contact or identify other contacts.

It is anticipated that the requested mail cover would not offer any possibility of embarrassment to the Bureau.

WALTER HENRYK DUDA

Re San Diego report of 11/13/62.

The fact that Mrs. Gardner Stowe, who assisted subject to come to the U. S., has retained all of his letters to her may be very helpful in this case. It could probably be presumed that the subject's correspondence was examined at least on some occasions by the Polish Intelligence Service (PIS). On 11/16/59 the subject mentioned in one of his letters that it would be easy to get an entry permit (into the U. S.) from Germany; his statements in this letter may have indicated that he was considering an escape or illegal departure from Poland and may have alerted the PIS to take action concerning him. On 4/25/60 he was sentenced by the Polish Court to six months' imprisonment and two years' probation for producing substandard cement. The investigation of the subject with respect to this charge undoubtedly covered several weeks preceding 4/25/60. It will be recalled that CSNY 3581-S reported that subject was recruited by the PIS about 3/20/60. It appears quite possible that between November, 1959, and March, 1960, the PIS may have studied his case; that the matter was brought to a head when he received notice from the U. S. Embassy in Warsaw on 3/2/60 that favorable action was anticipated on his U. S. visa application; that the PIS thereupon

instigated the charges concerning cement production in order to put pressure upon him; that in March, 1960, subject may have agreed to cooperate with the PIS and that in April, 1960, the charges were disposed of by dropping the serious charges, sentencing him to six months on a minor charge and giving him two years probation as a further hold over him. This reconstruction of what may have happened is, of course, merely tentative..

Subject was reportedly in prison from April until October, 1960, and yet he wrote at least one letter to Mrs. Stowe during this period. If he was not cooperating with the PIS, it seems unlikely that he would have been permitted to send a letter from prison to a person in the U. S. with whom he was negotiating to get out of Poland.

On 10/22/61 subject stated the U. S. Embassy had asked him to apply for Polish passports for himself and his family and on 11/13/61 he said their passports had been obtained. Since the normal waiting period for Polish passports is four months for persons with clear records, it appears that there must have been some intervention on his behalf in order for him to obtain these passports so quickly.

The information developed thus far tends to indicate that the subject is identical with the individual named by CSNY 3581-S. The evidencing of anticommunist sympathies by the subject since his arrival in the U. S. is merely what might be expected of a recruited PIS agent. This case may present, therefore, an excellent opportunity to penetrate Polish intelligence.

RE: WALTER HENRYK DUDA

San Diego should endeavor to obtain copies of all of subject's letters to Mrs. Stowe in order that the exact statements of the subject and the pertinent dates will be available for preparation of the eventual interview with him. Some plausible reason for wanting this correspondence can be given to Mrs. Stowe as for example that it may give an interesting insight into conditions in Poland during this period.

If he has been recruited, the subject is possibly not yet operational but he may be communicating with his principal in Poland through a mail drop in Poland. Los Angeles should immediately submit its recommendation regarding mail cover on subject. When subject is interviewed, he should be questioned about his relatives and friends and what reports he has received from them concerning developments in Poland since his departure. If he fails to volunteer information concerning one of his correspondents, it may be an indication that this is his mail drop.

It is noted that in a letter to Mrs. Stowe on 9/25/58 the subject stated that he was not a member of the Polish Communist Party (PZPR), but admitted membership in October, 1960, when applying for a U. S. visa. When the subject is interviewed the circumstances of his joining the PZPR should be explored.

New York should promptly furnish results of its further contact with CSNY 3581-S.

NOTE:

Subject was an engineer in a cement plant in Poland. He immigrated into the U. S. in Dec., 1961, with his wife and 21-year old son. CSNY 3581-S (Chipmunk) advised that a man of the same name who was an engineer in the cement industry had been recruited by the PIS as a coopted worker about 3/20/60. Mrs. Stowe of San Diego, Cal., began corresponding with subject in 1948 as the result of their mutual interest in the Theophysical Society and she assisted him to come to the U. S. Subject is now employed by a Cement company in Los Angeles.

Re NY let to Bureau 3/10/64.

A review of instant file, including referenced communication, reflects subject has communicated with two accommodation addresses for PSS, namely STEFAN STEFANSKI and WALERY CIESLINSKI. Subject has admitted forwarding materials to these two individuals and CSNY 3581-S has identified them as real persons whose function is to turn over letters mailed to them by PSS sources and workers outside of Poland.

It also appears that DUDA may well receive a personal contact in the near future. Subject has stated he "may possibly be contacted after two years." CSNY 3581-S has stated this probably means a personal contact.

Los Angeles deems the following desirable;

(1) Ascertaining identity and addresses of persons to whom subject is corresponding. This would include ascertaining complete messages of pertinent communications to known or suspected accommodation addresses in Poland.

(2) Ascertaining text of communications and identifying post cards subject may receive from accommodation addresses in Poland or a third country.

(3) Ascertaining, by means of a plant and/or appropriate surveillance, if subject actually receives a personal contact. This means would also be utilized in the event it becomes desirable, with prior Bureau authority, to develop an anonymous source at subject's residence.

All of the above would be subject to maximum security being maintained.

In connection with items 1 and 2 above, the Bureau is requested to grant permission to contact an extremely reliable source in the Postal Inspector's Office, Los Angeles. NOTE:

Subject is immigrant chemical engineer identified by CSNY 3581-S (Chipmunk) as co-opted worker of Polish Intelligence Service (UB). During interviews he has admitted recruitment and performance of technical intelligence assignments abroad but has denied assignment in U. S. Polygraph examinations concluded subject definitely withholding information re association with UB. Los Angeles previously advised subject's stated intent to cooperate with Bureau is completely lacking in sincerity. His potential as double agent or informant is questionable at best. He is on Security Index. Subject has forwarded material to what have been identified by Chipmunk as accommodation addresses in Poland. Subject has admitted that he "may possibly be contacted after two years." (He arrived in U. S. 12/61). Los Angeles, in relet, requested Bureau permission to contact an extremely reliable source in the Postal Inspector's Office, Los Angeles, who has rendered valuable assistance in the Sam Survey Program, in order to effect appropriate coverage of subject. TRANSLATION FROM GERMAN

Handwritten Letter

N. Y., April 17, 1964

Dear Hella, dear Walter,

Late but nevertheless! That I am writing by hand, is a great sacrifice. Above all, myself, Tony, Vasco and Paul want to express hearty thanks for the very big and friendly reception (in a genuinely Slavic fashion). I only hope that I can reciprocate.

The 2 days in St. Louis were ice-cold and unfriendly and on Monday, at 5 P.M., we flew back to New York. I spent the rest of my leave at the doctor's, for Vasco, because of his birthmark, had to undergo an operation and also Pauli with his phimosis. Now everything is over. The rest: bills.

Riverside and the nice inmates (Hella and Walter) will remain unforgettable to us. In New York the weather has been beautiful only since yesterday. At my place of work, things are as they were before; however, the newest is that on Monday the 13th, our beautiful leather bag was stolen, with reading and sunglasses and beauty case. I forgot it for a few minutes in the ladies room ... good-bye!! (sic) The bag alone is worth 70.00 (sic). The second item: different working hours. I work from 9:30 to 6:30 and am free on Thursdays and Saturdays. Every day I intend to quit, but I think of traveling and seeing Europe. So I hold my tongue.

Here great preparations are being made for the World Exposition and we shall be fully occupied.

The house matter is O.K. The possession was to take place on May 1, but the owners cannot move into the new house as yet. It is not ready. Thus the moving will not occur before June 1. Personally, I am afraid of it; again so much work and effort!

I wish you everything good and say good-bye. Please pardon the writing paper; I have no better paper.

Heartiest greetings from

Re report of SA HOMER A. PORTER at Los Angeles dated 6/9/64.

On 6/10/64, the passenger list for the charter flight being arranged by MAKSYMILIAN HODDER to depart Los Angeles 7/6/64, and return to Los Angeles 8/4/64, which includes travel to Poland, was reviewed. Subject's name or the name of his wife was not located on this list. This list includes 148 names as passengers for this flight and none of the passengers are known to be associated with subject.

On 6/11/64, Mr. B. W. VAUGHAN, Superintendent, California Portland Cement Company, Portland, California, telephonically advised SA HOMER A. PORTER that his company had decided on a "reduction in force" policy to be effective as of 6/15/64. As a result of this new policy, subject's employment would be terminated as of 6/15/64. VAUGHAN added that the decision as to DUDA had been caused by his overall general incompetence, but that he, VAUGHAN, had been instructed to advise DUDA that he was "being laid off as a reduction in force." VAUGHAN had not been able to inform DUDA of the company's decision as yet inasmuch as DUDA is presently on a two week's vacation and will not return to the company until 6/15/64. VAUGHAN advised that he would immediately advise the local office of the FBI if he ascertained any additional information concerning subject.

On 6/2/64, subject received a letter from Engineer KAROL SZCZEPANSKI, Cieszyn, 25 Chopina Street, Poland. This letter was dated May 25, 1964, and was written in the Polish language. The translation is as follows:
