Philadelphia, Pennsylvania

July 27, 1978

HOUSE SELECT COMMITTEE ON ASSASSINATIONS

Captioned committee, by letter dated June 16, 1978, requested an interview with Special Agent D. Alan Reighley, III, Allentown,,Pennsylvania, Resident Agency, Philadelphia Division, at a date to be later decided. The interview was subsequently scheduled at 11:00 a.m., on July 11, 1978, at the House Office Building, Annex 2, Second and D Streets, S.W., Washington, D. C.

On July 11, 1978, SA Reighley was interviewed by Staff Attorney Tom Sacco, House Select Committee on Assassinations (HSCA), at the above address. Mr. Sacco advised he is in the process of "tying up loose ends" in that portion of the Martin Luther King assassination dealing with "extremist groups". All of his questioning concerned activities of the Klan and Minutemen groups in the Reading, Pennsylvania, area during the period of August, 1967, through April, 1968, when Dr. King was assassinated. SA Reighley was able to give Mr. Sacco a fairly detailed account of the general activities of these groups during the pertinent period.

During the above interview, Mr. Sacco advised that he is in receipt of certain "allegations" from certain sources regarding the relationship between the FBI and Klan and Minutemen groups in the Philadelphia FBI territory, and, more specifically, the Reading area. The "allegations" being that the FBI "on a regular basis" furnished right wing extremist groups with intelligence information for their use against Dr. King. He stated he has specific reference to an allegation that the FBI in the Reading area furnished extremist groups with photographs of Dr. King in attendance at a meeting with "communists" which the extremist groups used to try to discredit Dr. King.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

AMERICAN REVOLUTION BICENTENNIAL 1776-1976

House Select Committee on Assassinations

In answer to the above "allegation", SA Reighley emphatically denied that the FBI in the Reading area had ever engaged in such activity during his assignment there, nor had he ever received any information that this had been done in the FBI elsewhere.

Mr. Sacco stated that the above "allegations" came from Roy Frankhouser (former Grand Dragon of the United Klans of America for Pennsylvania and activitist with numerous white hate groups including the Minutemen); and that he had also received the same information from "other sources". He later admitted that his investigation indicates that the information received from "other sources" emanated from Frankhouser. Mr. Sacco then asked numerous questions about Frankhouser and his background and SA Reighley answered these questions in detail. He also asked questions regarding the relationship between Frankhouser and FBI Agents in the Philadelphia Division. He made specific reference to retired SAs William E. Davis and Frank Kauffman, formerly of the Reading Resident Agency; and retired Assistant Director Joe Jameson, former Special Agent in Charge of the Philadelphia Division. SA Reighley stated that his relationship with Frankhouser had always been an "investigator-subject" relationship and that to the best of his knowledge, this was the same relationship that Davis and Kauffman had with Frankhouser. SA Reighley also advised Mr. Sacco that he has no information at all as to whether or not Frankhouser had any relationship whatsoever with Special Agent in Charge Jameson but that it is highly unlikely that Frankhouser had ever even met Mr. Jameson.

Mr. Sacco stated that SA Reighley had sufficiently covered the area in which he is interested and he sees no necessity to call anyone else from the FBI concerning this particular matter. He indicated that he had certainly questioned the reliability of the source of the allegations, namely, Frankhouser; however, his main concern was leaving the "allegations" unanswered. SA Reighley thanked Mr. Sacco for the opportunity to answer the "allegations" and offered to be of any future assistance in this regard.

OPTIONAL FORM NO. 10
JULY 1973 EDITION
GSA FPMR (41 CFR) 101-11.6

UNITED STATES GOVERNMENT

Memorandum

TO : SAC, Albany

DATE: 8/15/77

FROM : Director (66-3286)

Title House Select Committee on Assassinations — (Destruction of files)

SUBJECT: DESTRUCTION OF FIELD FILES AND RECORDS

PERSONAL ATTENTION

The Attorney General, by letter dated 6/6/77, informed FBIHQ that the moratorium on file destruction has been lifted and indicated his approval for the FBI to resume the file destruction program. However, he specifically instructed that all records in litigation and those records which the Select Committee on Assassinations has asked to be retained must be preserved. By Bureau teletypes 11/24/76 and 1/5/77, captioned "House Select Committee on Assassinations," you were furnished instructions concerning the preservation of records in which the Committee has specific interest. These subjects have again been identified and are set forth in attached one-page enclosure. Additionally, enclosed are 407 individual documents which identify cases involved in Civil Litigation (CL) and/or Information and Privacy Acts Litigation (IPAL) that must be preserved in accordance with the Attorney General's directive. It is to be noted pages 129 and 221 carry continuation page A, and page 332 carries continuation pages A through K for a total of 420 pages. In this regard, it is essential that any data relating to the plaintiffs, defendants, subject matter and/or requester be retained, providing it can be established that information is identical with the particular person or organization that is involved with the specific litigation. This list will assist you in identifying corresponding and related cases in your office that must be preserved.

In order to be sure that no case file(s) is destroyed involving these matters, you should conduct a thorough search of your general indices on each name, organization, publication, etc. relative to each civil action. It is to be noted that in certain cases the topic matter must be searched, such as "Illegal Opening of Mail", etc. An exception to the mandatory search will be those instances where the "Attorney General, Edward H. Levi, Griffin B. Bell, Clarence M. Kelley, Department of Justice, Federal Bureau of Investigation, and/or variations/abbreviations thereof,

FBI/DOJ

i.e., AG, E. Levi, Levi, G. Bell, Bell, C. Kelley, Kelley, C.M.K., DOJ, FBI, etc.," is indicated as defendants it will not be necessary to search. Upon completion of search, those case files containing information that can be positively identified as being identical to the person or organization involved must be appropriately marked for preservation and excluded from destruction until the litigation has been resolved. This applies to auxiliary offices, office of origin, and Legats. FBIHQ case files relating to this material are likewise excluded from destruction.

Once all searches have been completed and, where necessary, files appropriately marked for retention, you should establish a control file in the newly created 197 classification (Civil Actions or Claims Against the Government) wherein the enclosed documents with any related search slips attached thereto are to be filed alphabetically by case title and maintained until disposition is received from FBIHQ.

To facilitate this effort and establish uniform procedures throughout the field, you should immediately arrange to procure rubber stamps with one quarter (¼) inch high letters that read as follows:

1) DO NOT DESTROY - PENDING LITIGATION

2) DO NOT DESTROY - PRESERVE FOR SELECT COMMITTEE ON ASSASSINATIONS

Where applicable, the appropriate stamp, using red ink, is to be affixed to the outside of the file cover. Should a file(s) be contained in a consolidated volume, the stamp should be placed on the top serial of the particular file(s) within the consolidated volume. In the event a case file(s) is involved in more than one litigation the appropriate stamps and date of applicable Bureau communication are to be likewise affixed to the file(s) for each separate litigation.

In addition to above, destruction rules concerning auxiliary office files have been modified to require that Top Ten cases and those cases containing identification orders, Wanted Flyers, and/or Check Circulars relative to the subject(s) must be retained, in addition to the six-months RUC rule, six months beyond the date cancellation notices for these items are received.

Further, destruction rules have been amended to permit destruction of Security and Administrative Index (this refers to Security Index cards and ADEX cards). Also, index cards which relate to Law Enforcement Bulletins are to be destroyed providing the Bulletins are five years old and have been destroyed.

Receipt of this communication grants authority to resume file destruction program pursuant to above and in accordance with instructions contained in Manual of Rules and Regulations, Part II, Section 3, Pages 13 through 15c. Legal Attaches should pursue file destruction program in accordance with instructions set forth in Foreign Operations Policy Manual, Section 6, Item L 2. You will be advised separately as matters currently pending litigation are dismissed and/or as new litigation matters are received.

You should afford file destruction program your immediate attention in order to insure that all obsolete material is destroyed so as to recapture as soon as possible much needed and very costly file storage space.

Where appropriate, manual changes will be forthcoming.
