Subject continues to provide valuable information on CIRASH and CIVISTA-5. He took an SGWIRL examination which successfully cleared up some points that had been of concern to Headquarters.

SUBJECT : AMCLEVE/15 -- IDEN A
201-300985

IRD #72501

BACKGROUND:

Subject is a 40-year-old PBRUMEN male who has been of continuing WOFIRM interest since initial contact with JMWAVE and more recently with the [redacted] Station as a penetration of the IDEN B organization.

PURPOSE/PROCEDURE:

Subject was SGSWIRLed at the request of the [redacted] Station because of several issues which tended to question Subject's bona fides, possible affiliation with PBRUMEN intelligence through relatives, unreported association with gangster elements, thefts from WOFIRM, plus other items specified in questions listed below. The interview was conducted in the home of Oscar C. KALBING in both English and Spanish. (Subject's English is quite good, however, during actual testing Spanish was used to avoid ambiguity or misunderstanding of the question content.) KALBING did the translating.

RESULTS:

Subject remains sensitive to one question which is related to his past dealings with IDEN C but in fairness to Subject this sensitivity is believed generated by genuine uncertainty over the amount of items which he had been instrumental in getting for IDEN C. Sensitivity initially recorded in other areas was resolved through post-test discussion and responses to all other questions are regarded as substantially truthful. Subject was most cooperative and candid throughout the entire interview.

DETAILS:

Because of the numerous issues which were believed in need of clarification, a three phase test was structured prior to the interview and rehearsed with Subject completely before any testing took place. Discussions, as noted, were in both English and Spanish. Specific questions asked of Subject and answers given by him are as follows:

IRD #72501

Have you used any name besides IDEN A? Answer: No, except for nicknames and aliases used with WOFIRM.

Have you ever travelled to Washington, D. C.? Answer: Yes. Once several years ago.

Have you ever been to the Soviet Union? Answer: No.

Are any of your relatives members of the Communist Party?

After some discussion Subject felt it probable that they were. Those specifically mentioned were his two brothers IDEN D and IDEN E and also possibly a sister named IDEN F who is also in PBRUMEN and married to a Captain in the Militia. When the question was prefaced with the words: "Is it your belief that any of your relatives are members," Subject's answer was always yes. He based this belief on the fact that both brothers hold highly responsible positions in key industries in PBRUMEN and hence must be members. He also noted that prior to his leaving PBRUMEN, he (Subject) and his two brothers had many discussions about politics and their views differed from Subject's. As for his brother IDEN E, Subject regarded him as the "brain" in the family and originally a very religious person who attended Catholic services daily. He later evinced distrust for the clergy in PBRUMEN and blamed them for the downfall of the church. When Castro made his move, IDEN E was in complete sympathy with him and remained with him despite his apparent conversion to Communism, although IDEN E never acknowledged that he had been a Communist and would usually retort with a comment that he (IDEN E) was a "humanist."

Are any of your relatives working for PBRUMEN Intelligence?

His answer was that he felt that at least one of them was according to what KALBING inferred during his discussion with Subject the day before the SCSWIRL test. This was his brother IDEN D, but he also wondered about his brother IDEN E who might also be with PBRUMEN intelligence because according to what his mother mentioned in a letter some time ago, IDEN E had been in the USSR receiving training of some sort. This training lasted for a full year and occurred in 1962 to the best of Subject's memory. Subject was reasonably sure of this date because of the "Missile crisis" and President Kennedy's death which occurred later.

SECRET

Page 3
IRD #72501

After this discussion the question read: "Is it probable that your relatives (brothers) are working for PBRUMEN intelligence? Answer: Yes."

Did you know your brother (IDEN D) was working with IDEN G before we told you? Answer: No. But again had some suspicions.

Besides the letters we asked you to send to your brothers have you communicated with anyone in PBRUMEN? Answer: Yes. His mother about two or three times a year and with an aunt named IDEN H which was the person to whom he actually addressed the letter to his brother which WOFIRM asked him to write. This letter incidentally was posted in 1967 (a few months before [redacted] and not 1966 as noted in Station files. Since arrival [redacted] Subject has written his mother only once and had the letter posted [redacted] to prevent anyone knowing his exact whereabouts. (In addition to these contacts, Subject has sent one telegram to his mother soon after the IDEN I just to let her know he was alright.) It was about this time that IDEN E wrote to him and criticized his participation in IDEN I.

Have you seen either of your brothers since 1961? Subject answered no. Last saw IDEN E at the airport in the distance but there were employees from IDEN E's place of employment present and IDEN E was apparently reluctant to go near the plane. Since 1961 Subject has not seen any member of his family and as time goes on does not miss them as much. The persons he claims to have been closest to were his aunt and grandmother and addresses comments to them personally when he does write to his mother. When further discussing his brothers on this question, Subject was somewhat complimentary despite their differing political views and generally considered them as hard-working energetic types with good school records.

Do you have a secret means of contacting anyone in PBRUMEN? Claims he knows of friends who have used telegrams to transmit coded messages but he has never engaged in such activity. These messages were directed against the PBRUMEN.

SECRET

SECRET

Page 4
IRD #72501

Have you ever been in Communist China? Answer: No.

Have you ever worked for the intelligence service of any country besides IDEN J and LNIARP? Answer: No.

Have you ever received intelligence training in PBRUMEN? Answer: No.

Have you ever been a member of any Communist guerrilla group? Answer: No. Later explained sensitivity to the question as emanating from current work with two former Communist guerrillas named IDEN K and IDEN L both of whom are now with IDEN B.

Have you told anyone in PBRUMEN that you are working with WOFIRM? Answer: No. This question led to a discussion of broadcasts from PBRUMEN which identified Subject as a member of WOFIRM. These broadcasts occurred in October 1967 according to Subject and the man flagging him was IDEN M. The latter was not officially in Subject's WOFIRM group before his capture in PBRUMEN hence Subject does not know why it was that he was specifically named. When it was later suggested that this announcement would probably have some effect on his family, Subject said he just didn't know what effect it would have and has heard of none. He agreed that it was quite ironic that one side of the family was working with an intelligence service which was diametrically opposed to the side to which another member of the same family was affiliated and in fact because of his present IDEN B employment he was actually in the business of hunting them down. Subject agreed that it was indeed ironic but felt his convictions differed from his brothers' and that was that.

Have you told anyone in IDEN N that you are working for WOFIRM? Noted that some knew of his past affiliation hence the question was qualified to mean his present affiliation. Later after reactions were recorded, Subject noted that his wife is fully witting of his WOFIRM employment as is IDEN O. He also mentioned that a PBRUMEN type, IDEN P, whom he knows from childhood has been kidding him constantly

SECRET

that he is still with WOFIRM until Subject finally told him in an offhand way, "Sure I'm with WOFIRM," but he does not know what effect this had on IDEN P or whether he has told anyone of his suspicions of Subject's WOFIRM involvement. He specifically denied that anyone other than these three persons were knowledgeable.

Does anyone in IDEN B know you have this meeting with us today?
Answer: No.

Have you ever been asked to perform any task or mission against the LNHARP? Answer: No.

Have you ever performed any task or mission on behalf of IDEN G?
Answer: No.

Has anyone told or instructed you on what to report to us? Answer:
No.

Have you had contact with IDEN C since 1967? Answer: No. Continued reactions to this question which necessitated a breakdown test to isolate the reason for his sensitivity to the topic. He repeatedly denied that he had had any contact with IDEN C since the IDEN Q told him not to but acknowledged a physical revulsion to the mention of the man's name, and a long discussion ensued regarding the extent of Subject's involvement with the man. Subject contended that the contact began quite innocently in 1965 and was what Subject initially thought was a deliberate provocation to see what Subject's reaction would be. Subject immediately reported the contact to JMWAVE handlers who guided him through continued contacts and instructions from IDEN Q. Subject was instructed to sell IDEN C "silencers" (guns with silencers attached--about six or seven to the best of his recollection) in order to find out his true identity. Subject furnished physical descriptions and license numbers to JMWAVE and continued to report on contact with IDEN C. He offered Subject \$500 US which JMWAVE told Subject to keep since it was merely a bonus given him for his work as an intermediary. IDEN C continued to force contact with Subject and once came to his home in shorts and made veiled threats which were answered with counter threats of violence from Subject, and an outright threat that Subject would kill IDEN C if he threatened

SECRET

SECRET

Page 6

him again. In 1967 while with the IDEN R, Subject gave IDEN C some 'pencils' to keep him away which Subject did not then report to WOFIRM but later did. He gave him about 120 altogether. Subject had promised IDEN C some 500 pounds of C/4 explosives, M-2's, sub-machine guns, etc. but all was intended to bait IDEN C for arrest and none was ever supplied to him. Later Subject noted after reacting to a break-down question that he had supplied him with pencils, silencers, and also some grenades and pentolite. But these he claims should be a matter of record with JMWAVE. The grenades were typical military type and numbered about 24 to 48 altogether. Again, however, Subject noted that he acted only as intermediary between IDEN C and another individual who is now deceased in PBRUMEN and did not physically handle any munitions shipments. As noted above, continued sensitivity to the question of the amounts or types of equipment furnished IDEN C is believed attributable to uncertainty of Subject's part as to exactly what he did arrange for shipment to IDEN C. As to the basic question about contact with him since 1967 (or when he was told by IDEN Q to no longer have contact with IDEN C), Subject insisted that he never re-established contact of any kind but always checks at IDEN S to determine if IDEN C is around.

Do you now have in your possession any arms, munitions or articles of demolition which was once the property of the LNHARP? Only those items which were discussed during a pre-test debriefing, viz., items brought to Caracas by him in a suitcase and consisting of the following: 3 or 4 smoke grenades; 6 or 7 booby traps (army type); 1 piece of delay fuse about 100 feet long; one primer cord about 100 feet; 2 or 3 MK2 grenades; about 10 pencils (some regular open market supply items and some of the "company" variety); demolition pliers; knife; compass; metascope (infra-viewer worth about \$50 used). These items he said were taken while with the IDEN R and with the knowledge of IDEN T although IDEN T did not know exactly what he had taken. Subject was using these items frequently in training courses and they were not to the best of Subject's knowledge the property of LNHARP at that time although it is possible that some of these items were at one time LNHARP and possibly WOFIRM items. But he explained further that these items are plentiful in the Miami area and can

SECRET

SECRET

Page 7
IRD #72501

easily be obtained through gun dealers. During a later conversation Subject noted that he has heard of many places where munitions could be obtained very easily especially in New Jersey, in California and in Miami, but he denied being personally involved in any such dealings.

Have you ever stolen equipment of any type from WOFIRM? Answer: Yes. About 5 gallons of gas once from a launch boat. Other than this, nothing.

Do you know the identities of persons who stole arms and equipment from LNHARP? Answer: No.

Break-down questions dealing with IDEN C:

Did you have contact with IDEN C from 1965 through 1967? Answer: Yes.

During this time did he give you \$500 for equipment which he wanted? Answer: Yes.

Did you receive more than \$500 from him? Answer: No.

Is it correct that you received threats from him? Answer: Yes.

Besides the pencils, silencers, grenades and pentolite did you give him any other items? Answer: No. (as noted continued sensitivity which is unexplained except in the examiner's conclusion)

Did IDEN Q tell you to stop contacting him in October or November 1967? Answer: Yes.

Did you contact IDEN C after November 1967? Answer: No. (Slight sensitivity but explained as relating to constant checking on his whereabouts to avoid contact.)

Has your employer contacted him since November 1967? Answer: No, not to his knowledge. On this question Subject noted that his employer can easily obtain guns and supplies from European

SECRET

sources cheaper than LNHARP. Also Subject noted that the few guns (small calibre snub nose weapons) which he has brought to Caracas with him from Miami are merely for the personal use of some of his fellow employees in IDEN B, and he breaks no laws in bringing them with him on the few trips he has made between 1967 and the present. He feels he has perhaps brought a total of 6 such small sidearms to Caracas and also one sport rifle (AR-15) which he was asked to bring back by IDEN U. The rifle was a gift to IDEN U. The weapon was not automatic per Subject.

The only other items which Subject could think of which could link WOFIRM with his organization are the silencers which he reported on [redacted] some months back which his organization took from captured guerrillas and which were probably issued to a group which went to PBRUMEN and were lost. Subject is positive they were WOFIRM issue but purportedly the serial numbers which he submitted could not be checked.

One additional item which was cleared up dealt with the pentolite which had been reported seen [redacted] Subject voluntarily mentioned that he had seen such a supply under the bed of a friend. The supply was attached to magnets which were to be used to attach the charge to the underside of a ship in Caribbean waters of IDEN V or IDEN W nationality. The charge was to discourage further shipments between these latter IDENs and PBRUMEN. Subject said he detached the magnets from the pentolite and intended using it in training classes for students with his present employer. The person who brought it [redacted] was IDEN X. Subject does not know how he got it here, but knows that his employer could facilitate such deliveries.

1. Forwarded herewith are copies of seven folders which comprise the notes taken [redacted] at a guerrilla course he attended [redacted]

[redacted] Copies of these notes were received from [redacted] agent [redacted] ANCLIVE-15.

2. The course was particularly heavy on explosives, with the first three volumes being devoted to it exclusively. Volumes 4 and 6 are also mostly on explosives, with the first part of each being on photography and Marxism, respectively. Volumes 5 and 7 deal with such subjects as tradecraft, infiltration-exfiltration operations, security, safehouses, recruits, sabotage operations, etc.

3. No copies of the attachments are being sent to JMWAVE; we defer to Headquarters as to whether it would be worthwhile to reprint some of the courses for distribution to JMWAVE or others.

1. AMCLEVE-15 was contacted [redacted] again on 2 February 1968. AMCLEVE-15 is willing to provide the Station with any information that comes his way in CIRASH, and the Station has agreed to pay him \$1000 per month for such information.

2. We will, of course, handle AMCLEVE-15 as a "hostile", as requested in Reference A, although we do not share Headquarters' alarm concerning AMCLEVE-15's possible engagement in harassment of communists. This is not the type of activity that we would choose for AMCLEVE-15, of course; and, as stated in Reference C, we had intended to advise him to stay clear of it in order not to jeopardize his position with CIRASH-4. We will not discuss this with him now, however, and risk exposing the source, CIRASH-15, to a "hostile". While we would hope, if we did talk to AMCLEVE-15 about these activities and asked him to desist, that he would comply, we would not be overly surprised if he did not. We are only fooling ourselves if we think that agents, whom we like to consider we "control", are telling us everything they do.

3. At the risk of belaboring the point, it is precisely because he is the kind of person that he is that AMCLEVE-15 is able to become the trusted confidant of people like CIRASH-4, CIRASH-6, [redacted] all of whom may be considered somewhat unsavory characters but who, whether or not we like it, run an important part of the security system [redacted] [redacted] And it is precisely because of AMCLEVE-15's position as such a trusted confidant that we are interested in him.

4. We will attempt to ascertain AMCLEVE-15's motives, as requested in Reference A, but this task will be considerably hampered by our need to handle him as a "hostile", which will preclude the use of some of the basic tools of investigation, such as the SGS:IRL and the levying of requirements.

1. The Station desires to explain its viewpoint on AMCLEVE-15 clearly because of what could conceivably be construed to be a tone of impatience in the first line of Reference A. First of all, why do we want to hire AMCLEVE-15? Our objective is to use him []

2. What we are not trying to do is to make a CIGOA-1 or ANOT-260 out of AMCLEVE-15; that is, put him on the payroll as an advisor to CIRASH-4. We want to be very clear on this point, since this may be the cause of Headquarters' concern. His role will not be advisory. AMCLEVE-15 is to be used to obtain counterintelligence information to protect the Station and its operations []

[] which is not made available to the Station []

3. From the information available to us, AMCLEVE-15 seems to present an almost golden opportunity to [] Station: i.e., a cleared WOFIRM agent (who although terminated still reports to WOFIRM when in the JMWAVE area), who is a well-placed []

[] We say "seems to present" because, although we have confirmation from CIRASH-15 that AMCLEVE-15 does in fact hold the position described above, we are of an open mind regarding the practicability of his use and we are completely willing to accept any information that would militate against his secure and fruitful employment.

We have chosen to send this communication by dispatch, rather than by cable along with reference B, because we do not want to give wide dissemination to what might be interpreted as a difference of opinion between the Station and its Headquarters Desk. We do feel, however, Headquarters opposition to the use of AMCLEVE-15 has been consistent since his case was first brought to our attention. We assume that Headquarters and JMWAVE have some data concerning AMCLEVE-15 which we have not yet received and which results in Headquarters' view of his use. If this is the case, we hope that it will be forwarded soon so that we can drop the matter. If on the other hand, Headquarters objects to the concept of the operation, we would like to develop a cordial exchange of views to see if these divergent views can be reconciled.</p> | | |

Question: What kind of for the pistol

Answer: of the was conventional part of it was

Question: with

Answer: I

Question: What were these bullets prepared for?

Answer: These bullets were prepared over there in Lima. (Solo-therapeutic) of an organization called (STI Force) asked me to prepare them. In spite of the fact that I have nothing about chemistry. For attempts on lives, to make sure of the death of the individuals against whose lives attempts were to be made. But they were for specific attempts.

Question: What plans were made in the United States or among the counterrevolutionary circles, what is the main objective sought?

Answer: Well, the physical elimination of the leader of the Cuban revolution, Fidel Castro.

Question: The physical elimination of Maj. Fidel Castro?

Answer: Yes, sir.

Question: These counterrevolutionary groups which operate from Miami, from Havana, do they have the approval of the North American Government for their actions?

Answer: Almost entirely. For example the most important elements over there create small groups to obtain dollars from the US Government for their subsistence. But there are close links among all the organizations in exile with the Central Intelligence Agency. In fact, for example, the case of (STI Force) which is known by all as a CIA agent-cadre, that is all the activities of on Cuban exiles, actions against are linked to the CIA.

Question: You say that you had a .38-cal. pistol with poisoned bullets for specific attempts on lives?

Answer: Yes, sir.

Question: I would like you to clarify something more. What specific attacks, against whom, were these attempts to be made with this type of weapon?

Answer: Well, against the most prominent figures of the revolution according to existing circumstances and according to the individuals who were going to execute them. Specifically, it is to be supposed that if the work of counterrevolutionaries were to take root in Havana, well then the efforts to of the revolution would be intensified.

MEMORANDUM FOR THE RECORD

MEMORANDUM FOR ANCLEVE/15's File

14 August 1967

SUBJECT: Salary Misunderstanding

ORIGINATOR:

1. ANCLEVE/15 submitted the attached note, written by him, to the writer. In the note ANCLEVE/15 says "he is not asking for anything but wants the records checked regarding his past salary of \$325.00 per month." ANCLEVE/15 claimed his former CO) told him that effective October 1966 he would be paid \$100.00 per month by WOFAC, while the balance would be placed in a bank for him.

2. For the record ANCLEVE/15 was told by the writer and not that effective August 1966 (not October) he would be cut back in his salary to approximately \$100.00 per month. He was cut back from \$350.00, not \$325.00, for reasons of economy and cover and he was agreeable to the cutback. The writer did not tell him that the balance of approximately \$212.00 was being saved for him; only that his gross salary would be raised to \$350.00 in the event RECK ever stopped paying him his salary. (It was assumed that his RECK employment might be short-lived). For administrative reasons the salary cutback was not effective until September 1966 and from latter date until December 1966 he was paid \$111.13. From January 1967 until June 1967 he was paid \$110.90 due to a FICA change. During the entire period, September 1966 to June 1967, ANCLEVE/15 was budgeted by JMWAVE in the amount of \$350.00 gross with the notation of his voucher of "possibility of paying balance later". Then in June 1967 ANCLEVE/15's salary was increased to \$350.00 gross, as so promised, because he was unemployed during most of June.

3. The writer explained the above to ANCLEVE/15 and he seemed satisfied. He told the writer that he had to borrow some money to cover expenses in connection with his trip to Venezuela.

LASO CONFERENCE

Havana Domestic Television Service in Spanish 0107 GMT 7 Aug 67 Official Use

Question: What kind of weapons did you bring for assassinations?

Lauceria: We brought two Beretta pistols with silencers, a .22-cal. pistol with a silencer, and an M-3 with a silencer.

Question: What kind of ammunition did you bring for the .22-cal. pistol with silencer?

Lauceria: Part of the ammunition was conventional bullets and part of it was cyanide-tipped bullets.

Question: Who prepared the bullets with cyanide?

Lauceria: I prepared them.

Question: What were those bullets prepared for?

Lauceria: Those bullets were prepared over there in Miami. (Polo--phonetic) Miranda, member of an organization called (El Rece) asked me to prepare them, in spite of the fact that I know nothing about chemistry, for attempts on lives, to make sure of the death of the individuals against whose lives attempts were to be made, but they were for specific attempts.

Question: What plans were made in the United States or among the counterrevolutionary circles, what is the main objective sought?

Lauceria: Well, the physical elimination of the leader of the Cuban revolution, Fidel Castro.

Question: The physical elimination of Maj. Fidel Castro?

Lauceria: Yes, sir.

Question: Those counterrevolutionary groups which operate from Florida, from Miami, do they have the approval of the North American Government for their actions?

Lauceria: Almost entirely. For example the most opportunist elements over there create small groups to obtain dollars from the US Government for their subsistence, but there are close links among all the organizations in exile with the Central Intelligence Agency. We have, for example, the case of (El Rece) which--through Luis Posada, who is known by all as a CIA agent--belongs, that is all its activities of landing on Cuban coasts, actions against merchant ships and so forth, are linked to the CIA.

Question: You say that you had a .22-cal. pistol with poisoned bullets for specific attempts on lives?

Lauceria: Yes, sir.

Question: I would like you to clarify something more. What specific attacks, against which figures, were those attempts to be made with that type of weapon?

Lauceria: Well, against the most prominent figures of the revolution according to existing circumstances and according to the individuals who were going to execute them. Specifically, it is to be supposed that if the idea of counterrevolution were to take root in Havana, well then the effort to kill the leader of the revolution could be intensified.

Please brief me on the final result of the ANGLEVE/ 15 case ?? Was

Sam eventually satisfied and is all now calm ??

Thank you,

hm

History - ^{AW}

This was no problem with Sam on this case. At Apr instructions INWAVE terminated ANGLEVE-15 and the FBI (as with the Justice Dept.) planned to use A-15 to collect evidence against a Sicilian gambler. However, the Dept. of Justice cancelled this plan few days weeks leaving A-15 a free bird.

Since then A-15 became involved with KICOSPIT-142, which for cause a minor stir. I am holding the file until all the dust settles.
