ACCEPT FRIENDLY OFFER FROM FJSTEAL NATIONAL SINCE SHE WOULD IDENTIFY WITH HIM HER OWN NATIONAL ORIGINS.

B. IF SHE REFUSES PITCH AND RUNS TO SUPERIORS HERE THIS COULD CONFIRM [] HER VULNERABILITIES TO RECRUITMENT AND WOULD PROBABLY RAISE MORE SERIOUS QUESTION OF HOW LONG SHE WAS IN CONTACT WITH FJSTEAL. SHE MAY NOT REVEAL PITCH BECAUSE BY SO DOING SHE WOULD BE CUTTING OWN THROAT AND THIS WOULD MAKE HER SUBJECT TO SEVERE SCRUTINY AND INTERROGATION. ON OTHER HAND IF SHE REVEALS PITCH THIS MIGHT SERVE AMPURPLE OBJECTIVE AND MIGHT ALSO RAISE QUESTION IN PBRUMEN MINDS ON WHETHER AMBEDEN-1 RECRUITED BY FJSTEAL OR BY WOLADY. (NO EVIDENCE PBRUMEN [] AWARE WOLADY INVOLVEMENT.)

ACTION REQUIRED - REFERENCES

1. On 16 January 1969 QUTINID reported a discussion between Subject and the Chief of the Rumanian Trade delegation [redacted] during which the Rumanian asked when they could meet. Subject invited the Rumanian to his home where, he said, he has set up a small office and was beginning to work more at home than in the office, because of the added comfort. (We wouldn't be surprised if this was suggested by his wife who is very jealous of her husband.) The meeting was arranged for 1130 hours on 17 January. AMAUTO-1 commented that he is up quite early in the morning, presumably to begin work in his office.

2. The above report is the first we have received on Subject's use of his home as an office. The invitation to the Rumanian, of course, casts suspicion on the nature of the conversation.

3. Since his move to new quarters, AMAUTO-1's home is about 50 yards from two WOFIRM staffers - Martin B. CRYMM and Conrad B. FALAGIARO. (See attached sketch). Edwin B. RATTEREE lives approximately 200 yards from the AMAUTO home. [redacted]

[redacted] For planning purposes, we would appreciate from MKNOVA a list of requirements for a target study [redacted]. If other means are available for external penetration of his home we would welcome your suggestions and comments. Please advise us also if [redacted] device is still a controlled item, which cannot be discussed with or released to liaison. Your earliest reply would be appreciated.

Operational/TYPIC/QUDOZE/MRGUILE		Indications of Clandestine Activity planned by PBRUMEN	
ACTION REQUIRED - REFERENCES: A. [redacted] 4776			
B. OSMA-23406, 12 Jan 68			
<p>1. In the four month period since the forwarding of ref B, the QUDOZE and QUTINID Operations have continued to provide insights into the program of the PBRUMEN official establishment [redacted] the requirements laid on it and the evolution in the thinking of AMAUTO-1 and his staff as they work toward expanding their contacts and influence in the political, economic and cultural-propaganda fields. These developments will provide the subject matter for subsequent dispatches. However, in addition to such conventional "public relations", the QUDOZE Reports have recently given evidence of MRGUILE activity. Because such activity automatically means PBRUMEN involvement in [redacted] internal affairs, QUOTA has taken an even greater than usual interest in these developments. Translations of the transcripts detailing this information are given below.</p> <p>2. The earliest and certainly the most striking MRGUILE information was forwarded under ref A describing AMAUTO-1's advice to AMADIEU-1 on the techniques of living a clandestine life, on the use of disguise and on the necessity for good organization for "with bad organization we are lost". Then, a QUDOZE Report of 30 April 68 summarized a discussion on the lack of personnel in [redacted] to make scientific and technical contacts, at which time AMAUTO-1 digressed into describing the cover for a new member of the staff whom he apparently expected to arrive in the near future. ".....what is lacking is a comrade who could take care of the cultural and apparently the technical aspect also. Who could also ascertain who are the Americans, their addresses, in what streets are located their...." He adds that this comrade will have to move about, to make contacts, to be up on everything, and if time remains to do other things. He added that he remembers the President (of PBRUMEN) gave much importance to this as a matter of honor [redacted] He repeated that the technical aspect (i.e. collecting technical information) required a comrade, a</p>

comrade who learns the details of foreign commerce in order to be able to converse well with people. Apparently this would be a type of overt specialty that they would give to the comrade who is order to hide the true purpose of his mission which would be to collect information for them as AMAUTO-1 is heard to comment that they have to "invent" the work of this comrade in order that he might have a definite specialty. AMAUTO-1 seems to be thinking of a specific person because he comments that he speaks two languages, that he likes economics, and adds that at the end of two months he would be ready.

3. Following the return of AMADRIFT-1 on the 7th of March 68, via PBRUMEN national flight, after home leave in PBRUMEN, the QUDOZE material reported extensive conversations between AMADRIFT-1 and AMAUTO-1 on future plans. Two were of MCGUILE interest:

A. QUDOZE Report of 13 March 68. AMAUTO-1 says, "this is... with the American movement [redacted] and with the monopoly that they have here". He says, "In my judgement our fundamental problem [redacted] from the political point of view is to ascertain what there is behind all this, what is there here, we must get ourselves in motion". "That is a very important point for us, to ascertain what are their names, who are those who are here, how they (the Americans) are moving". He adds that, "If we are able to find out, we will be able to stop them completely."

B. QUDOZE Report of 14 Mar 68. AMAUTO-1 says that they have to find out "what are the forces [redacted] with the possibility of our having access (to them)". He comments that [redacted] is at a crossroads internally and externally. He says they have to find out what is happening [redacted] whether they give the workers liberty to strike, etc. He again repeats all they have to find out, mentions finding out "who are the monarchists, what forces they represent, to what forces are they united, who are the elements that are being financed [redacted] by the American Embassy". "Which are those scattered elements that the newspaper of the Movement has accused of being backed by the American Embassy, what financial power do they have?"

4. AMAUTO-1 had apparently set great hope on the 1 May 68 anti-government demonstration by workers and students which, as Headquarters is aware, the police effectively handled. In a 2 May QUDOZE Report, AMAUTO-1 repeatedly commented on what a tremendous failure the demonstration had been; he kept asking AMADRIFT-1 what had happened, why the [redacted] people had not responded, why the workers had not, and finally said "The next demonstration we are going to name here a member of the Embassy".

- 1. The following conversation came from Subject source:

(At a meeting 
 the following statement was made 

"You know why I'm saying this....because the CIA is directly intervening in the internal affairs of the country, ARAGON can say it, the  Director can say it, as well as our dear friend 
 and here they don't permit this or anything because they know very well that.....here the Soviet KGB as well as the American CIA can't.....because the  hate it so much. The Americans are trying to asphyxiate this government, first because while  is in power there is always the great danger of a revolt here. The Americans want to have a government  of the type Italy, France and West Germany have, a stable government, that has a high middle class, and where there is a high standard of living, because when you have the difference between the individual who is eating.....and the individual who is eating a chicken, then you have a dangerous problem, because in Latin America we have.... but here in Europe it's different, that is why I'm telling you this.....they can be intervening in the government.....that is why we must try to find out."

SUBJECT	ANAUUTO-1 Discussion of Missiles		
ACTION REQUIRED - REFERENCES			
<p>1. On 10 January 1968, ANAUUTO-1, in one of his many daily discussions with his subordinates, reflected on the international position of his country, and among the things he said, we quote the following which may be of possible interest to addressees. Although part of the discussion was not heard because of the emotional inflection of the speaker, we feel that the gist of the discussion is clear and understandable.</p> <p>"We are demonstrating to the world that Cuba...is favorably disposed to do whatever...(ANAUUTO-1 begins to talk against the United States) that when the Americans have to raise the white flag...because the first plane that appears on radar...(ANAUUTO-1 is speaking excitedly and it is very difficult to understand each word but it appears that he is talking about the positions of missiles in Cuba), Havana, Las Villas and Camaguey and that with these missiles, we can cover Miami, New York, and all their bases and all of their "mierda". . .if the Americans say they are going to send them (missiles? planes?), we will send them; if they (Americans) say they are going to invade us, the first plane that comes to invade...(ANAUUTO-1's subordinate remarked that 15 October 62 marked a point in international politics, when the Yankees ordered the Soviets to withdraw their missiles). . .(ANAUUTO-1 injected) "they (the Soviets) presented them (the Cubans) with ten bombs".</p> <p>2. Our reason for reporting this fragmentary information is that ANAUUTO-1 might be confirming the presence of offensive missiles in Cuba.</p>

MEMORANDUM FOR THE RECORD

SUBJECT :

[REDACTED]

According to QUDOZE/QUTINID, Subject is suffering from a spinal ailment resulting from a fall he had about 12 years ago. Since then he has had chronic back-aches which were particularly severe during the time that he was in the U.S., Haiti, and Santo Domingo. His pains have recurred since he arrived [REDACTED] about six months ago. On 3 June he had another severe attack and was treated by the [REDACTED] doctor [REDACTED] who prescribed Cortisone. His condition was diagnosed as incurable since it was doubted that the injury to his spine could be corrected by an operation. Subject was further told by his doctor that the condition would worsen to the point where within six to 10 years he would have a defective walk. Subject planned to send the diagnosis and x-rays to [REDACTED] who would pass them to the [REDACTED] specialist [REDACTED] for reviewing.

SUBJECT	Operational/BGBERET/QUDOZE/PBRUMEN C Comments of Cuban Charge d'Affaires in Madrid on Vietnam		
ACTION REQUIRED - REFERENCES			
<p>1. According to a QUDOZE Report of 17 February, the Cuban Charge d'Affaires in Madrid, Guillermo RUIZ Perez, discussing the war in Vietnam and commented that a Chinese general is driving the North American command mad. He added that this Chinese says that they failed the first time and can fail the second time but that in the end the victory will be theirs. He also added that Vietnam had been at war with the Chinese for thousands of years, that the Chinese have a demonic power that is their people.</p> <p>2. The nature of the QUDOZE Report does not permit further amplification of the above information which, even though fragmentary and obscure, is being forwarded for whatever use Headquarters may wish to make of it. Should any clarifying information appear in future QUDOZE reports, it will be forwarded. It is interesting to note that, although Station traces do not show the information, a previous QUDOZE Report quoted RUIZ as saying he had once been in North Vietnam as a member of a trade mission.</p>

ACTION REQUIRED - REFERENCES

1. On 10 January 1968, AMAUTO-1, in one of his many daily discussions with his subordinates, reflected on the international position of his country, and among the things he said, we quote the following which may be of possible interest to addressees. Although part of the discussion was not heard because of the emotional inflection of the speaker, we feel that the gist of the discussion is clear and understandable.

"We are demonstrating to the world that Cuba...is favorably disposed to do whatever...(AMAUTO-1 begins to talk against the United States) that when the Americans have to raise the white flag...because the first plane that appears on radar...(AMAUTO-1 is speaking excitedly and it is very difficult to understand each word but it appears that he is talking about the positions of missiles in Cuba), Havana, Las Villas and Camaguey and that with these missiles, we can cover Miami, New York, and all their bases and all of their "mierda". . .if the Americans say they are going to send them (missiles? planes?), we will send them; if they (Americans) say they are going to invade us, the first plane that comes to invade...(AMAUTO-1's subordinate remarked that 15 October 62 marked a point in international politics, when the Yankees ordered the Soviets to withdraw their missiles). . .(AMAUTO-1 injected) "they (the Soviets) presented them (the Cubans) with ten bombs".

2. Our reason for reporting this fragmentary information is that AMAUTO-1 might be confirming the presence of offensive missiles in Cuba.

In the foreign ministry are

6. The reception of Cuban official travelers at the airport and the handling of Embassy pouches poses a continuing administrative problem for the Embassy. Jose DIAZ Puga, who is in charge of this airport work has to devote himself exclusively to taking care of the couriers and their pouches when any come in, leaving visitors to fend for themselves. This situation has been alleviated by other Embassy staff members jaunting out to the airport at will to meet the incoming planes. Now, RUIZ has declared that the rest of the staff must stay in the Embassy because they have a work plan to fulfill. Thus, he has left himself with an unresolved problem he must face in the very near future.
