19 JUL 1967

MEMORANDUM FOR: Director  
Federal Bureau of Investigation  
Attention: Mr. S. J. Pepleh

FROM : Deputy Director for Plans

SUBJECT : Visitor to the Soviet Embassy, Mexico City

1. A sensitive, reliable source reported that on 16 May 1967 an unidentified man, circa 60 years old, thin, with grey hair and wearing glasses, visited the Soviet Embassy in Mexico City from 1300 to 1330 hours. He was driving a 1961 tan Pontiac with California license plates JED-824.
2. Investigation revealed that these plates were assigned to a 1966 Pontiac Coupe owned by Ben C. DEIAO of 315 Northridge Lane, South Pasadena, California. The driver's license reflected that DEIAO was born 29 April 1908 (age 59). He is 5 feet 11 inches tall, weighs 175 pounds, has black hair and brown eyes.
3. Files of the Retail Merchants Credit Association of Los Angeles were searched in the name of Ben C. DEIAO and revealed a file which possibly might be identical with Subject showing that DEIAO and his wife, Bettye, have been known to them since March 1952. His age was given as 32 in 1952 (sic), and their most recent address was given as 2209 South Vermont Avenue, Los Angeles, in 1962. Prior residence was at 4211 Union Pacific Avenue, Los Angeles, in March 1950, for 1 1/2 years. He is originally from Los Chinos, New Mexico. In August 1951 the Lockheed Aircraft Company, Burbank, California, was his employer. This was verified in March 1952. Credit was satisfactory; criminal and subversive checks were negative.
4. There was no information on DEIAO in the files of this Office.
5. Your Bureau's representative in Mexico City has been provided with the information contained in paragraph 1 along with a set of photos.

SUBJECT : Visitors to the Soviet Embassy in Mexico City

1. A sensitive, reliable source reported that on 26 April 1967 three unidentified men who appeared to be Americans were seen entering the Soviet Embassy in Mexico City. They were driving a 1967 Ford Mustang with Texas license plates C19-464. Their visit lasted about five minutes. A set of photos of the three men are provided your Bureau for identification, and this Office would appreciate being informed if any of the men in the photos is positively identified.

2. Further investigation revealed that these plates were assigned to a 1967 Ford two-door Mustang owned by Antonio ECHEGARAY C., Jr., of 1418 North Stanton, Apartment A, El Paso, Texas.

3. The only information available in the files of this Office are two Bureau reports on Antonio ECHEGARAY (aka ECHEGARAY, dated 28 and 30 July 1952). Our Subject is probably not identical with your Subject; however, he could be the son who reportedly traveled with ECHEGARAY and his wife in 1952 and was at that time a "young boy."

4. Your Bureau's representative in Mexico City has been provided with the information contained in paragraph one along with a set of the photos.

5. This information is made available to your Bureau with the understanding that it will receive no further dissemination without prior approval from this Office.

1. Texas license plates CLS-464 were assigned to a 1967 Ford two-door Mustang owned by Antonio ECHEGARAY C., Jr., of 1418 North Stanton, Apartment A, El Paso, Texas.

2. The only information available in our files were two LBERGO reports:

A. One dated 28 July 1952 reported that an untested source of unknown reliability had advised that Antonio ECHEGARAY, owner of a Juarez night club in Juarez, Mexico, reportedly left that city on 25 or 26 July 1952 for Puebla, Mexico, to attend an 8-day Lions Club convencia. It was stated that ECHEGARAY was accompanied by his wife and young son and that they planned to proceed to Spain from Puebla. The source added that Mrs. ECHEGARAY was allegedly carrying a small roll of microfilm concealed in the heel of her shoe. The source was unable to furnish further information as to the content or origin of the microfilm or the departure date and mode of travel of the Subject and his family to Spain.

B. A 30 July 1952 report sourced to the same individual as above advised that ECHEGARAY, aka ECHEGARAY, visited Spain about

**SUBJECT:** Visitors to the Soviet Embassy, Mexico City

1. A reliable, sensitive source reported on 20 April 1967 that an unidentified American man accompanied by an unidentified Mexican man and a child entered the Soviet Embassy in Mexico City. They were seen arriving in a 1967 brown and cream colored Ford Galaxie 500 station wagon with U. S. license plates NIV 858. The State was not identifiable, but the plate had orange numbers against a black background. The visit lasted about ten minutes. #Summary of info to FBI 9

2. Investigation revealed that the orange and black license plated (probably California plates) NIV-858 are registered to Bert Salvatore BONANNO born 30 January 1935 or to Betty Lou BONANNO born 10 February 1936 for use on a 1965 Ford station wagon. This vehicle is not registered in California for 1967, but was registered in 1966 as above. At that time the BONANNOS were residing at 336 West 11th Street, Pittsburg, California.

3. As of January 1967, Bert BONANNO was employed by the Mexican Olympic Committee. Previously he was employed by the Pittsburg Unified School District as a teacher and previously by Dow Chemical of Pittsburg. Betty was formerly employed as an accountant/auditor by Contra Costa County at Martinez, California.

SECRET NO FOREIGN DISSEM

TO : Director  
Federal Bureau of Investigation  
Attention: Mr. S. J. Papich

FROM : Deputy Director for Plans  
*IRE* *CONFIDENTIAL - OFFICIAL USE ONLY*

SUBJECT: Visitor to the Soviet Embassy, Mexico City

1. A reliable, sensitive source reported on 9 March 1967, that an American-looking male stopped at the Soviet Embassy in Mexico City and talked with the Soviet Consul, Valentin Sergeyevich LOGINOV. The man did not enter the Embassy. He was driving what appeared to be a late model Buick Electra, bearing Florida tags 10-5-67776.

2. Investigation revealed that these 1966 Florida tags were issued to Lester Linton and Ethel STANGER of Pompano Beach, Florida for use on a 1964 Buick sedan. *USA*

a. Lester Linton STANGER was born 5 December 1893, is retired and according to the current (March 1967) telephone directory resides at 1960 S. E. 16th Street, Pompano Beach, Florida, telephone 941-8872.

b. Ethel McBride STANGER was born 9 November 1894 and resides with her husband in Florida. *SELF*

c. Police and credit checks were non-derogatory.

3. There was no information on either of the STANGERS in the files of this Office.

4. Your Bureau representative in Mexico City has been informed on the contents of paragraph 1 above, and this information is being made available to your Bureau with the understanding that it will receive no further dissemination without prior approval from this Office.

<p><b>Action Required: For Your Information</b></p> <p>1. In Lancaster, PA Raymond H. BERENDE, principal Agent for the LIBERTY Project, was asked to prepare a security review including his opinions on the security of the LILYRIC, LIBERTY and LICALLA households vis-a-vis Soviet knowledge of their operations. The following paragraphs contain a slightly edited version of BERENDE's report, which was received on 28 December 1966. Station comments follow BERENDE's and are omitted.</p> <p><u>LILYRIC</u></p> <p>2. In its present new location LILYRIC is the newest of the photo bases under my control. According to LIBERTY-1, there has been no indication of interest of any sort by the Soviets in the family's move to the new apartment nor was there in the past any show of interest or peculiar behavior on their (Soviet's) part with regard to the old base and the possibility that they might be under photo surveillance.</p> <p>3. The cover for the work carried on by this base is good since the wife, LIBERTY-16, who does most of the work has no trouble in justifying her presence at home all of the time. The son, LIBERTY-27 is a medical student and attends his classes regularly and can justify his hours as study hours. (He continues to be an excellent student and was accepted from examinations at the end of this, his second year in medical school. Actually, he studies most of the night). LIBERTY-1 requires no cover as he has a full-time job as production manager for a large concern and he usually makes his meetings with BERENDE on his way to or from work.</p> <p style="text-align: right;">continued...</p>

4. The set-up in the old as well as the new base is the following: The equipment - camera, scope and tripod - is mounted in one bedroom behind venetian blinds with the slit removed. This room is locked to keep servants or any chance intruder from entering. The operators do not spend all their time behind the camera, but go to the adjoining bedroom where a table and typewriter are set up and where the daily logs are transcribed, knitting done, or some other activity that does not require full concentration is carried out. The curtains and blinds in this room are kept partially or fully open to allow good visibility and provide a normal appearance. Most of the daily movement of the Soviet personnel is followed from this room and when it is necessary to take pictures of visitors, unknown persons or newly arrived Soviets, the operators go to the other room and use the pre-set equipment.

5. GRENDE's Comment. It seems to me that any careful observation by the Soviets would have revealed the tell-tale position of the venetian blinds in both the old and the new bases. I have no doubt that the Soviets realize they are under photo surveillance. The move by the family from the old to the new building must surely have been noted by the Soviets. Possibly the Soviets think the family is working with the local authorities due to LIEMTY-13's former association with the Mexican Army.

6. Station Comments. The Station agrees with GRENDE that careful observation by the Soviets would have revealed the missing slit in the venetian blinds and also the fact that these blinds are seldom open. The Station also agrees that the Soviets realize that they are under photo surveillance. This was pointed out recently when a Soviet shielded an LNEFKO walk-in when they passed the front gate of the Embassy and made a sign to the walk-in indicating that they could be seen by someone watching with a telescope from the buildings across the street. Also, as Headquarters is aware, there have been numerous comments by residents of Mexico City to the effect that anyone entering the Soviet Embassy is photographed; however, seldom has it been rumored that the "Americans" are doing it, which might indicate most people believe the Mexican Government is doing any such photographing and thereby reaffirming GRENDE's statement that the Soviets possibly believe the Mexican Government runs the base.

7. Given the assumption that the LILYRIC base is blown, the Station at this point does not plan to terminate or revamp the LILYRIC installation. Any operational change by the operators would be spotted by the Soviets and if the base were closed the Soviets would start looking for a new installation. The LILYRIC Base is performing a useful function and it is believed that it will continue to do so. The Soviets have had opportunities to complain to the Mexican Government about being monitored photographically and have not seem fit to do so and it is believed that they probably will not do so unless there is a radical change in Soviet and/or Mexican policy. The Station has instructed GRENDE to take every precaution during his meetings with LIEMTY-13 to assure that LIEMTY-13 does not lead the Soviets to him and thereby jeopardizing other operations, especially LICALLA.

LIMITED

8. The operator of the LIMITED Base, LIEMTY-6, is, to my knowledge, the oldest hand in the photo surveillance of the Soviet target and possibly the most likely to be "burned". His residence for years at the former base (now the site of the new LILYRIC building) and his move to the present base could not have gone unnoticed by the Soviets. His cover is that of an insurance salesman, but he actually does not work at the cover and is at a disadvantage in trying to explain his source of income. At times, in years past, he had to afford full-time coverage from the base, which allowed him no time to engage in credible cover activities.

9. GRENDE's Comments. I do not believe that LIEMTY-6/LIMITED is a security risk; however, his present mode of working from an open door leading to his balcony probably can be spotted by the Soviets. LIEMTY-6 is extremely cautious about checking himself for surveillance when making use of the balcony.

the LEMERICK installation and personnel. Specific examples of the LEMPTTY Project's progress and contributions to the RMD will be found in Section 3 below (EFFECTIVENESS).

2. CHANGES.

A. Operational - As noted in the previous Request for Project Renewal, the former LIMITED property was sold to LINCUSINE, who as per formal agreement with the Station, demolished the old structure and constructed a new edifice. While it was initially contemplated to place the LIMITED (LEMPYs -6 and -7) personnel in the new building and to retain the same, equal division of workload between LILYRIC and LIMITED, it was later decided to move the present LILYRIC basehouse personnel (LEMPYs-13, -14, -26 and -27) into the new base instead, along with the following ancillary modifications:

An increase in the hours of both the photographic and physical surveillance coverage provided from the new base by the LILYRIC operators (0900-1600 hours) during the weekdays and to have the LIMITED base provide photographic and physical surveillance coverage from 1600-1930 hours on weekdays and from 0900-1300 hours on weekends. These changes were dictated by the following considerations:

1. The new LINCUSINE building offers a much better vantage point for both photographic and physical surveillance than does the present complex which houses the LILYRIC and LIMITED bases. Therefore, the Station felt that the personnel occupying this new base should be those possessing the highest technical skills and also those able to provide the most thorough and complete coverage. Since the LIMITED base now has only one trained operator while the LILYRIC basehouse has three, the LILYRIC group and a revision of working hours was indicated.

2. Because it was apparent that the coverage of the LEMERICK installation would be a long-range and continuing requirement, the Station desired to staff the new base with personnel of long-range potential. LEMPTTY-6, now almost 60 years old, does not possess this potential; however, the LILYRIC agent complex happily combines experienced personnel with youthful agents.

3. Finally, the social and financial status of the LILYRIC personnel is much more compatible and consistent with the environment of the new building than is that of the LIMITED family.

The above-cited revised work schedule was initiated in July 1966 and the actual movement of the LILYRICs into the new base began in late September 1966.

1. March to July 1968: The following items of significance occurred during this period:
  - a. AEQUALITY-1: LICOWL-1 (Subject) continued to report frequent meetings with AEQUALITY-1. AEQUALITY-1 sporadically would ask Subject to get him a woman, discuss houses of prostitution, ask for pornographic material, etc. But this was done with much less frequency than previously reported; AEQUALITY-1 never once persisted or followed up on a request of this nature and, in fact, nothing happened. AEQUALITY-1 continued to call Subject regularly at the latter's store (3 to 5 times a week) usually to ask for a beer or soft drink to be sent over. These calls ended abruptly on 11 June (LIENVOY) possibly in connection with AEQUALITY-1's taking over the job as Embassy Administrative Officer. During June AEQUALITY-1 told Subject several times that he was in the process of taking over the job as administrative officer at the Embassy. (COMMENT: per LILYRIC AEQUALITY-1 stopped taking gate duty and KALYGIE, the former Administrative Officer, started in). On 24 June AEQUALITY-1 told Subject that he was now "officially" the Administrative officer. On 1 July AEQUALITY-1 and his family moved into quarters inside the Embassy per Subject and LILYRIC. (COMMENT: The Administrative Officer has always lived inside the Embassy).
  - b. LIRUSTIC-1: In mid-June LIRUSTIC-1 moved into her new apartment near Subject's store and began to go to the store two or three times a day to pick up small items for her apartment. She was on vacation pending a new job starting on 1 July and in

the woman was telling her new apartment which she explained to Subject. After they were dropped by the store 4 or 5 times a week in the morning or evenings. During this period she became good friends with Subject and his wife. Through July LIRUSTIC-1 saw SUBJECT-1 from a distance twice and on 8 July she literally jumped into him as he was leaving the store but no conversation ensued. LIRUSTIC-1 reported that on 27 June Subject told her that he would like to introduce her to his "friends" whom he described as great fellows. He also intimated that they were interested in meeting brunettes, "more ardent" girls is contrast to their fat, blond wives. LIRUSTIC-1 expressed disinterest. Subject later introduced her to a Soviet but without name. Subject did not report any of the above. In fact, he did not mention LIRUSTIC-1 during this period.

c. SUSVIEL: On 4 May Subject was given an EGSWIRL examination which he passed with flying colors.

d. On 13 July Donald J. BARICK completed a review of Subject's case which expanded on the Station's reservations expressed in MEMA-27622, 18 November 1965 and concluded that Subject was under KGB control. BARICK's report and a microfilm of Subject's file were forwarded to Headquarters in MEMA-36914, 1 September 1966.

e. On 17 and 19 July 1966 Francis J. COIGNE accompanied Irving A. ORONSKY to meetings with Subject in preparation for taking over the case. Although COIGNE participated as an observer and LICONE-1 wasn't told until the end of the second meeting that COIGNE would take over, COIGNE was of the definite impression that Subject, although addressing himself to ORONSKY, was interested only in COIGNE and that ORONSKY had literally ceased to exist as a person for Subject. This impression was strengthened at the end of the second meeting (19 July) when ORONSKY told Subject that he would be leaving. Subject didn't react in any manner to this statement but immediately began talking to another subject. Surprised, ORONSKY asked Subject if he had understood. Subject said he had and again went off on another subject. Subject's reaction, or rather lack of reaction, was so cold and impersonal as to be positively weird. In addition, from his detached position as an observer during these two meetings, COIGNE had an instinctive, purely personal feeling that Subject was basically false. Very little has subsequently occurred which would alter that impression. On 27 July ORONSKY met Subject alone since COIGNE was sick.

2. During August and September COIGNE met Subject six times. During this short period Subject reported that AEQUALITY-1 had tried to recruit him, he invited the Soviets to his home twice (LIRUSTIC-1 was invited both times), the Station staked out these Soviet visits, the Station had Subject write special reports on AEQUALITY-1's visits to his store and instituted expanded LILYBIC/LIVITTO coverage to include Saturday mornings, and Subject volunteered certain information about Soviet contacts. From the above Subject emerged as a consistent exaggerator and conscious liar to the point that some of the information that he has previously reported on his Soviet contacts can be considered reliable. In addition, his relations with LIRUSTIC-1 as reported by her and his failure to mention her to the Station was extremely suspicious.

3. Since events moved so rapidly in August and September and were at times almost hopelessly intertwined, we will develop them here point-by-point in order to maintain logical order. In order to provide full detail the contact reports are being transmitted under separate cover.

4. Recruitment attempt by AQUALITY-1: At the 18 August meeting Subject, after talking about some trivial subjects, said that AQUALITY-1 had attempted to recruit him on 12 August. With great difficulty in keeping his to a logical and chronological order, the following story emerged: AQUALITY-1 came to the store and said he wanted to have a serious talk with Subject. He said he wants Subject to inform on his neighbors, those whose windows faced on the Embassy. AQUALITY-1 was specifically mentioned by name LIEMPT-6 (who runs LIMITED) and the new tenants who would move into the new LILYRIC building which, according to AQUALITY-1, is being built by a person whose description fits LIQUOSINE. (COMMENT: LIQUOSINE owns and is building the new LILYRIC facility. Although other families in the neighborhood who are of no immediate concern were mentioned, the occupants of the old LILYRIC were not mentioned. AQUALITY-1 said he would like to come to Subject's home with an unnamed friend on Sunday, 18 August in order to discuss this further. Subject not wanting to accept this assignment without checking with the Station, agreed in principle to provide this information but put AQUALITY-1 off on the dinner until Sunday, 21 August in order to check with his Station case officer. He told AQUALITY-1 that he couldn't possibly collect any information in two days. AQUALITY-1 agreed to the 21 August date and said that he and his friend would pick Subject up at the store at 1600 (closing time) on this date and drive him to his home for dinner. Subject repeated these meeting arrangements twice. (There is no mention of LIEMPT-6, LIQUOSINE or LILYRIC in Subject's notes for 18 August.) Although Subject did not say at what time AQUALITY-1 came to his shop or how long he stayed, both LIMITED and LILYRIC reported that AQUALITY-1 went out alone on foot in the direction of Subject's shop for about an hour on 12 August from ca 1325 to 1425, an unusually long period in their reporting.

5. On 18 August 1963 LIEMPTIC-1 reported that on 19 August (i.e. one day later) Subject and his wife invited her to attend a fiesta at their home on the afternoon of Sunday, 21 August, which was to celebrate the birth of their latest granddaughter on 2 August. (LIEMPTIC-1 had been through all the details of this birth with Subject's wife). They told LIEMPTIC-1 that some of their good Soviet friends would be present as well as some Mexican friends and family members.

6. During the 16 August meeting Subject said that the Soviets are crazy to think that anyone in the neighborhood was spying on them. He said that he knew all of the occupants of the building and was sure that they were all okay. Towards the end of the meeting he repeated the above statement but qualified it by stating that LIEMPT-6 would be the only person he would spy on. Asked why, he said that LIEMPT-6 didn't go out to work but stayed at home all the time. He seems to be some sort of writer since he is always typing. He added that LIEMPT-6 lives very comfortably and owns a car. He finally said that he had heard a rumor about 3 months ago which he had reported to the Station that LIEMPT-6 works for the Americans. He could not remember how, when, where or from whom he heard this rumor. (The Station has no record of this report.)

7. Subject did not appear to be the least concerned about the prospect of serving as AQUALITY-1's informant. In fact, he appears to hope that the case officer would approve it. He had to be told in strong terms to reject the offer, express indignation etc. In discussing how to achieve this Subject said that he could invite some girls "to the fiesta . . . I mean the dinner" so that AQUALITY-1 would have no opportunity to discuss the matter.

8. LINDUSTIC-1 was instructed to attend the fiesta/dinner. We also put a staff stake-out on Subject's home which showed that Subject, his wife and two Soviets arrived at Subject's home at 1507 on 21 August in AEQUALITY-1's car and the two Soviets left at 1800. LINDUSTIC-1 was not seen.

9. On 23 August 1966 Subject reported that on 19 August AEQUALITY-1 told him that he couldn't come to the dinner on 21 August because the Soviet Ambassador was due back from leave that weekend (true) and everybody had to stand by. (COMMENT: Strange conduct for someone trying to confirm a recruitment). Also, LINDUSTIC-1 reported that on 20 August Subject had told her the same, that the Soviets couldn't come, but insisted that LINDUSTIC-1 come to the "fiesta." LINDUSTIC-1 said she would. (LINDUSTIC-1 subsequently reported that she had gone to the fiesta, hadn't seen any Soviets, and described the "fiesta" in detail. Of course, the staff stake-out had established that the Soviets had come and she hadn't. Later, confronted with her lie, she said that since Subject had told her that the Soviets couldn't come, she didn't go herself because she ran into some perfectly valid personal problems. She had lied about going because the case officer had instructed her to go.)

10. Back to Subject who reported that on 21 August as he was closing up at 1400 AEQUALITY-1 came in for a beer. Subject's wife remarked that she was sorry that he couldn't come for dinner that day. AEQUALITY-1 promptly accepted and ran back to the Embassy to get his friend who turned out to be Viktor P. STRILZOV (201-779361), the Ambassador's chauffeur whom Subject had been recently touting as a great friend. They all then went to Subject's home in AEQUALITY-1's car. AEQUALITY-1 did not bring up the subject of Subject's recruitment during the visit. Quite to the contrary he remarked to Subject over a tequila that he had obtained permission to visit Subject's home. According to Subject AEQUALITY-1 has only made three attempts to "drive home" this recruitment:

a. On 18 August he asked if Subject had any information yet. Subject answered that he hasn't had time.

b. On 19 August while telling Subject that he couldn't come to dinner on 21 August, AEQUALITY-1 asked Subject if he had any information yet. Subject answered that he doesn't have time to collect this type of information. AEQUALITY-1 suggested that Subject could get it from the maids of families. Subject said he doesn't have time. AEQUALITY-1 did not insist and the matter was dropped.

c. On 3 September while AEQUALITY-1 was in the shop, LIKIPTY-3 came in to order something. When LIKIPTY-3 left AEQUALITY-1 asked Subject to provide information on him. Subject refused.

(COMMENT: LIKIPTY-3 was not on duty at that time.) As far as Subject is concerned the matter is now closed.

11. Subject's account of this recruitment attempt is so improbable as to suggest that it never occurred. In addition to the above Subject continues to describe AEQUALITY-1 as the typical Soviet underling. For example, AEQUALITY-1 hides in the toilet for 25 minutes when two "diplomats" come in, takes elaborate precautions to drink tequila out of cake bottles to escape detection, can't "get out" for various reasons, etc.; hardly the description of a Soviet trying to recruit someone for information on LIKIPTY and LILYRIC. However, as noted below, Subject's mention of LIKIPTY-3, LILYRIC and LINDUSTIC is very significant and the manner in which he mentioned them highly provocative.

17. At the next meeting on 27 August Subject mentioned that the Soviets would probably be coming to his home on Sunday, 11 September. The case officer had just finished reviewing Subject's possessions and had obtained no mention of this. In a completely unprovoked fashion Subject said that on the morning of 27 August Vladimir F. GORCHITS (701-78584) came into the store. Since he is a new friend and Subject doesn't know his wife yet, Subject's wife, attempting to advance the toll a little, invited GORCHITS to a fiesta on 11 September, Subject's saint's day. GORCHITS asked how he would try to come. Subject was asked if any other Soviets were invited. Not yet but he would probably invite STREZOV. Anyone else, he was asked curiously? Well, yes he thought that he would also invite ANQUALITY-1. Aside from the fact that LINDTIC had GORCHITS firmly concerned in the Embassy all morning, the manner of Subject's presentation of the above was obviously fabrication as he went along. Significantly, LINDTIC-1 reported that on the same day, 27 August, and at the same time that GORCHITS was supposed to be there, Subject invited her to a fiesta at his home on 11 September to celebrate his saint's day and mentioned that Soviet friends could be there. Here one cannot avoid the impression that he invited LINDTIC-1 first and the Soviets afterwards.

18. On 9 September Subject reported that GORCHITS, STREZOV and ANQUALITY-1 had definitely accepted for 11 September with two more probables. Since Subject had not mentioned other guests (in the past he has always said that he provided Mexican girls), at the end of the meeting he was asked if he weren't inviting Mexicans in accordance with his custom. He answered that except for the immediate family they were only inviting one girl, a friend of his wife's, LINDTIC-1. Here followed a description of LINDTIC-1: a nice girl living somewhere in the neighborhood, works in an office somewhere, he and his wife have known her about a month, etc., all perfectly casual and innocent. He also mentioned that he had invited her to his last fiesta (21 August) which he has always stoutly maintained was a dinner only for ANQUALITY-1 and STREZOV, but that she did not come due to heavy rains. This was the first time that he had mentioned LINDTIC-1 who had been visiting his shop since mid-June, whom he had invited on 21 August and whom, according to her, he had attempted to interest in his Soviet friends, urged to wait this in the store and had, in fact, introduced to one or two informally in the store.

14. At the next meeting on 21 September Subject started off with an account of a current triviality. He had to be brought around to an account of the 11 September fiesta. However, once prompted, he gave a vivid account of how ANQUALITY-1, STREZOV and GORCHITS had picked him up at his shop at closing time bearing gifts of vodka and wine, then drove to his home to ANQUALITY-1's car which was parked outside, eating, much drinking, ANQUALITY-1 so drunk he couldn't drive home, etc. He accepted 75 pesos for the food and drink he had served the Soviets.

15. LINDTIC-1 reported that she arrived at Subject's store on 11 September at 12:30 to find Subject with a bottle of vodka, a bottle of wine but no Soviets. Subject told her that the Soviets had given her minute apologies since something unexpected had come up. Since dinner was already prepared, Subject invited his next door neighbor (at the shop) and his wife who drove them all to Subject's home in their car. A bare limited staff statement of Subject's home during the time of the fiesta defers only that there were no Soviet cars anywhere in the neighborhood but that the car watch LINDTIC-1

described (as number of visits) was listed in front of Subject's house. This shows is no question but what LIMITED-1 told the truth and was correct.

16. Since the Station had been doubting Subject's reporting on the frequency of AQUALITY-1's visits to his shop, Subject in August was instructed to maintain a separate and exact log of AQUALITY-1's visits. The reason given was to study AQUALITY-1's movement patterns. Subject started this log on 1 September. Concurrently the Station extended LIMITED/LILYVIC coverage to include Saturday mornings since Subject has been consistently reporting that AQUALITY-1 comes in regularly about 1200 on Saturdays to eat chicharron. (LIMIT-1 has been reporting that this has gone to the store at this time on Saturdays and has been giving negative reports for the same times that Subject has been reporting AQUALITY-1 spending considerable time eating chicharron and drinking tequila or beer.) Whereas Subject continued to report that AQUALITY-1 came in every Saturday morning, both LIMITED and LILYVIC agreed that he had been leaving the Embassy between 1000 and 1030 in his car and hadn't returned by 1400 when surveillance had been secured. During the week Subject reported AQUALITY-1 visited him on an average of three times a day from ten minutes to an hour each time. LIMITED/LILYVIC reported an average of three visits a week, usually from three to five minutes each. Time and time again LIMITED/LILYVIC has had AQUALITY-1 in the Embassy or out in a car when Subject has had him in the store. This led to checks of other reports, especially ones he has reported two or three Soviets in the store for an extended period. These checks were made during periods when LILYVIC and LIMITED were on duty. In every case LIMITED/LILYVIC had two or three Soviets in locations that it would make it impossible for them to be together or in Subject's store anywhere near the time reported by Subject. The inescapable, documented conclusion is that Subject has been regularly fabricating visits by AQUALITY-1 (and others) to the store and extending the length of time for visits which have been verified, and therefore the degree of friendship and the amount of information he is able to collect on AQUALITY-1. What time of his information obtained during these visits?

17. On 9 September Subject volunteered the information that the Soviets are not selling watches in Mexico and that he had been offered all he wants at 55 pesos (\$1.40). Surprised, the case officer asked who had made this offer. Subject answered that AQUALITY-1 was in about a week ago, had shown Subject one, described others and had made the offer. Subject's presentation of the show was obviously fabrication. Therefore Subject was given 10 pesos to buy two watches. (COMMENT: Subject's notes for 3 September showed that LILYVIC, the departing administrator had come in and shown Subject his new Soviet watch, stating that they were being sold for 55 pesos.) At the 21 September meeting Subject didn't have a word to say about the watches so he was asked about them. He said that the very next day after the last meeting (this was Saturday, 10 September) he had gone to AQUALITY-1's office to buy them. AQUALITY-1 told him they were fresh out of watches but that they expected more in about 15 days at which time Subject should come back and he could have all he wanted. (COMMENT: Subject's notes for 17 September stated that AQUALITY-1 had come in (not confirmed by LILYVIC) in late last week and his Soviet friend had intended to give him a Soviet watch for his birthday (11 September) but that they were all out. However, they expect more in 15 days at which time Subject will be presented with one.) Here is a clear case of an obvious misrepresentation by case officer.

18. On 27 August the case officer asked Subject to comment on ABQUALITY-1's general reaction about having women, pornographic material, etc. in that he refused and drove the subject without any sense of complicity. Subject answered by assuring the case officer that ABQUALITY-1 was a carnal beast and that, if a woman were available, he would jump at her. Subject then suggested that the case officer select a proper girl, introduce her to him, and let him arrange to get them together either at his store or home. The case officer admitted that this was a good idea worth further consideration but advanced several practical reasons why this would be difficult to accomplish convincingly.

19. All of the above clearly demonstrates that Subject is a regular con man and consistent exaggerator, liar and fabricator. It is extremely difficult to believe that ABQUALITY-1 attempted to recruit him in the manner described. On the other hand, Subject as clumsy as he is now revealed to be, could hardly be so artful as to insert on his own initiative the highly provocative and well timed statements about LIBERTY-6, the new LILYTH and LINDAINE. The logical motive for his exaggerations and fabrications would be to please his patron (WUFACT). However, he went so far without mentioning LIBERTY-1, the obvious fulfillment of his outstanding requirement to provide a woman for ABQUALITY-1, and something he could really work with. There may be significance in ABQUALITY-1 returning to the Embassy to leave shortly after LIBERTY-1 entered the picture, although it is standard for administrators to live inside. Certainly nothing has been heard of ABQUALITY-1's much touted carnal appetites since LIBERTY-1's arrival. There seems to be more than coincidence in Subject inviting LIBERTY-1 to fiestas on the same or the next day after inviting the Soviets. Note also that these two fiestas were within three weeks of each other after an absence of one year. Also at these fiestas the Soviet guests said they couldn't come to the first and accepted at the last minute. For the second they accepted and then declined at the last minute. Subject's obvious and immediate interest in LIBERTY-1 is the Soviet content, his feeling her out regarding possible interest in Soviets, attempting to introduce her to Soviets and inviting her to the first "fiesta" - all without mentioning a word to the Station - is inexcusable for an agent who is trying to produce. All of the above is indicative of the classical KGB hand, obvious and overcomplicated.

20. Concerning the timing of the Soviets coming or not coming to the fiestas noted above, in both of which ABQUALITY-1 figured, LIBERTY-1 reported that she met and had her first brief conversation with ABQUALITY-1 in Subject's store on the evening of 12 September, the day after ABQUALITY-1 et al cancelled out at the last minute.

21. From all of the above and from RARICH's assessment we can only conclude that Subject is under some form of KGB control. Other than breaking contact with Subject the Station has the options of trying to break him or to use him in an aggressive manner against the KGB. The Station has no interest in continuing this case in its present form. As a first step the Station suggests a new DEBRIEF examination. We now have a number of purposeful questions to put to Subject which could provide a valuable base for interrogation without revealing other assets. Therefore, in MEXICO CITY-8048, 27 September we have requested a Spanish speaking DEBRIEF specialist on a YDY basis to handle both Subject and LIBERTY-1. Since neither speak any English and the interrogations will undoubtedly become

complicated the Station would appreciate Headquarters support in this matter. Headquarters opinions and suggestions on any part of the above, but particularly on the future handling of this case are welcome.

22. LIHETIC-1 who is presenting certain problems of her own is very much involved with this case. We are preparing a separate dispatch on her.

23. Transmitted under separate cover are contact reports for 31 August, 9 September and 21 September 1966. Previous contact reports were forwarded in SEMA-29014, 1 September 1966.

Re paragraph 4 above:

According to Subject AEQUALITY-1 did not mention LIEOUSINE by name. AEQUALITY-1 asked for information on all the tenants who would be moving into the building being built by the man (here follows LIEOUSINE's nationality and make and color of car).

**SUBJECT:** Visitors to the Soviet Embassy, Mexico City

1. A sensitive and reliable source reported that a Mexican looking couple entered the Soviet Embassy on 5 July at 1155 hours and departed at 1210 hours. They were driving a yellow 1964 Chevrolet with Tennessee tags EJ-2990 from Madison County. The tags were green on white with no year visible.
2. Further investigation revealed that these plates were issued 3 April 1966 for use on a 1964 Chevrolet station wagon to Miss Marie B. SALINAS of Athens, Tennessee. There was no street address on record.
3. The Tennessee motor vehicle operator licensing authority identified her more fully as Maria Elena SALINAS-Mogana, white, female, born 17 December 1936. She is 5 feet tall, weighs 120 lbs and is a teacher by profession. She does not have a currently valid drivers license, apparently having failed to renew the one issued last in 1963. Her address at that time was 1511 Greenland, Murfreesboro, Tennessee with an earlier address noted as 415 E. Lytle Street, Murfreesboro. It was also pointed out that she has twice, over approximate last five years, had a duplicate license issued to her upon her statement that the original had been lost.
3. The files of this Office contained no information on SALINAS.
4. This information has been made available to your Mexico City representative, and may not be disseminated outside your Bureau without prior approval of this Office.

1. Texas license tag LU 1796 was assigned in 1964 to a 1963 Ford Convertible Thunderbird owned by Mario PEDRERO, Box 222, Hidalgo, Texas; second address listed as 8462 Sunset Boulevard, Los Angeles, California. We were told that all 1965 plates issued to private autos contain three letters (no vowels) and from two to three numbers.

2. A member of the credit bureau in McAllen, Texas, stated he was introduced to Subject about 2 years ago at a party in Reynosa, Mexico. He was told that Subject was the son of a wealthy family living in Mexico City. During conversations with PEDRERO, the source learned that he had just returned from Europe, that he lived in Mexico City and also had a home in California. He described Subject as being in his early twenties, a little spoiled, but a person who appeared to be authentic. At the time of this meeting, Subject had just purchased a new, fully-equipped Thunderbird from Boggus Motor Sales, Box 340, McAllen.

3. Police and credit checks (Texas and California) were negative.

At San Antonio, Texas:

On 9 July 1965, Mrs. V. N. HIBBS, Texas Highway Department, Motor Vehicle Division, Austin, Texas, was telephonically contacted. She checked the records and advised Texas License Tag LU-1796 was assigned in 1964 to a 1963 Ford Convertible Thunderbird owned by Mario PEDRERO, Box 222, Hidalgo, Texas; second address listed as 8462 Sunset Boulevard, Los Angeles, California. The lien holder of this automobile was Boggus Motor Sales, Box 340, McAllen, Texas.

Mrs. HIBBS stated all 1965 plates issued to private automobiles contain three letters (no vowels) and from two to three numbers.

On 9 July 1965, Mr. J. H. WRIGHT, Credit Bureau in McAllen, which covers Hidalgo, was telephonically contacted. He checked the records in the name of Mario PEDRERO with negative results. Mr. WRIGHT then stated he was introduced to Mario PEDRERO about two years ago at a party in Reynosa, Mexico. Mr. WRIGHT stated he was told that this person is the son of a wealthy family living in Mexico City. During conversations with Mario PEDRERO, Mr. WRIGHT learned that he had just returned from Europe, that he lived in Mexico City and also had a home in California. Mr. WRIGHT described him as being in his early twenties, a little spoiled but a person who appeared to be authentic. At the time of this meeting he had just purchased a fully equipped new Thunderbird from Boggus Motor Sales.

Mr. WRIGHT stated he saw Mario PEDRERO again about six months ago when he came to McAllen to have his car repaired. When he comes to McAllen he usually stays at the Casa de Palmas Hotel. Mr. WRIGHT could furnish no additional information.

On 9 July 1965, Officer KURTMAN, McAllen Police Department, was telephonically contacted. He checked the records of the McAllen Police Department and Hidalgo County Sheriff's Office in the name of Mario PEDRERO with negative results.

At Los Angeles, California:

On 13 July 1965, files of the Retail Merchants Credit Association were checked by Agent Howard M. O. and disclosed no record in the name of Mario PEDRERO.

On 13 July 1965, files of the Police Department and the Los Angeles County Sheriff's Office disclosed no record when checked in the name of Mario PEDRERO.

DISPATCH		CLASSIFICATION SECRET	MARKED FOR INDEXING
TO Chief, III Division	FROM Chief of Station, Mexico City	INDEX	NO INDEXING REQUIRED

ACTION REQUIRED-REFERENCES		MICROFILM	

Reference: DIR-77743, 15 January 1965.

1. Attached herewith is a sterilized copy of the Memorandum of Agreement executed with LINDOSINE on 3 February 1965. Three signed and dated copies are retained in Station files. Both LINDOSINE and his wife appeared and signed the agreement, with Robert H. EASBY acting for CAYANA. It will be noted that the final terms were somewhat more favorable than Headquarters had authorized.

2. Station had ample opportunity to study the plans and they were so ideal from both the operational and living standpoint that no changes were required. Building can therefore begin almost at once, and the forecast for completion is still about 1 July.

3. Consideration had been given in the Station to installing low-power switchable transmitters in the two lower apartments in view of their probable attractiveness to FJSTAL personnel. However, it is Station's view that given LINDOSINE's close involvement with EASBY on a number of matters it would be well neither to have too much FJSTAL interest aroused in the building nor to give them the opportunity to observe the pattern of LIFEBO/6 at such close range.

4. With reference to paragraph 5 of the memorandum, Station will probably decide to have LIFEBO/6 draw up a normal contract with LINDOSINE and pay him his rent, which will be passed by LINDOSINE to Station at regular intervals. The question of how to route an apparently normal transaction around LINDOSINE's bookkeeper has not yet been resolved.

MEMORANDUM OF AGREEMENT

1. I, \_\_\_\_\_ hereby agree to pay the U. S. Government the sum of \$150,000 pesos for the property located at \_\_\_\_\_

Of this amount, I will pay 60% (90,000 pesos) in cash in two equal installments. The first installment of 45,000 pesos will be paid on the beginning of construction of the building. The second equal installment will be paid on completion of the construction.

2. Construction of the new building to be erected on the site in question will begin immediately on completion of the demolition of the present structure and clearing of the site.

3. The balance of 60,000 pesos will be repaid within two (2) years of completion of the building. As part of this payment, the apartment which is to occupy the entire top dwelling floor will be let rent-free to Jorge \_\_\_\_\_ or such other person as the U. S. Government may designate for two (2) years at a calculated rent of 2,500 pesos monthly, including city water. The understanding covering this two year free rental will be negotiated by me with the representative of the U. S. Government and will be considered part of this Memorandum of Agreement.

4. The 4,000 pesos remaining will be paid in a lump sum at the end of the second full year of \_\_\_\_\_ occupancy of the apartment.

5. I further agree that I will, on completion of the building, execute a rental contract with \_\_\_\_\_ in accordance with the pertinent part of paragraph 3 above. This contract will be accompanied by an unwritten option for \_\_\_\_\_ or other person approved by the representative of the U. S. Government to renew the rental contract for such periods of time as the U. S. Government may see fit. The contract shall stipulate that any increase in rental will not exceed the proportionate rate at which rentals have been increased for the other apartments in the same building.

6. Any rental payments made to me or my representatives by \_\_\_\_\_ during the two year free rental period, will be returned to the representative of the U. S. Government, minus any such appropriately pro-rated charges for building repairs and maintenance as would normally fall to the responsibility of the tenant.

1. On 24 January 1956, the LICCOCL run reported that LIPSTICK/LILYRIC was available. LINCHPIN was immediately contacted with instructions to investigate this possibility. Preliminary investigation through the janitor revealed that there was a front apartment available which was ideally suited for our purposes. LINCHPIN contacted the owner who stated that the apartment was not for rent since his daughter was going to move into it. The owner did offer LINCHPIN his daughter's old apartment which was in the back of the building. LINCHPIN contacted the daughter and found that her apartment was not suited for our purposes, and mentioned to her casually that should she not take the front apartment, he would be interested. She told LINCHPIN that she didn't really want it and would tell her father to rent it to LINCHPIN. Subsequently LINCHPIN again contacted the owner and was told that he could have the front apartment.
2. LINCHPIN has executed the contract for one year for LILYRIC at \$56.00 US per month. He plans to move from the present RAPPER base by 5 February 1956 and place his furniture in storage for approximately one week. The furniture will be moved to the storage warehouse by one moving company and taken out of the storage warehouse by another moving company. Although it is realized that this series of moves would not cover the trail of the furniture to an experienced investigator, it will prevent questions by neighbors who see the furniture being moved just one-half block and also prevent comments from the moving men themselves who would move the furniture this one-half block.
3. Since the RAPPER base consisted of one bedroom and the LILYRIC base contains three bedrooms, and is generally larger in all respects, it will be necessary to purchase additional furniture to make LINCHPIN's occupancy normal in all appearances. It is estimated that the requisite amount of furniture needed for this purpose will not aggregate in excess of \$500 US. Further, since this apartment is rather large for one single man, LINCHPIN's brother is being cleared,

and, after clearance, will move in the apartment with LINCHPIN to serve as relief operator and lend cover to the base.

4. It is planned that LILYRIC will be kept completely compartmented from LIMITED and other LIPSTICK operations. LIPSTICK 20 will act as cut-out between the Station and LINCHPIN, and has been instructed that he is not to mention this duty to anyone. Since LIPSTICK 20 does not know of the existence of LIMITED, the LILYRIC operation is completely compartmented.
5. The LILYRIC base will be principally used for photographic surveillance of the LIMERICK target, working alternately but without any pattern, with the LIMITED base. This working schedule will be worked out by the Case Officer in advance and given to both bases. Since complete compartmentation is desired, the films will be processed in the Station instead of being sent to James O. AYCALL who does the processing for LIMITED. Later, the processing may be done by LINCHPIN in his chemical laboratory in order to take this load off the Station personnel involved. LINCHPIN has a fairly well equipped chemical laboratory that, with a few modifications, could be used for the processing of the films and prints. At present LINCHPIN has a partner in this laboratory and it is planned that the partner will be cleared.
6. This Station sincerely feels that by the alternative use of this base with LIMITED that many of the outward signs of photographic surveillance (possibly only apparent to the Case Officer knowing they were there and looking for them) will be reduced. The acquisition of this base, in a sense, provides the best possible cover for the LIMITED base by decreasing the use of that base.
