From Curtis - Per of production, consolidated...

Mr. Curtis, I will have been for some time, called on... to discuss the situation in the rolling stock...

What Mr. Curtis is really concerned about is the fact that Curtis... to purchase locomotives and engines... is quite upset about this...

3. Curtis gave me the following documents which may be of some interest:

- a. Consolidated Statements of Rolling Stock of the Consolidated Railways of Canada and its history of assets for the years ended June 30, 1953 and 1954. This document is taken from the annual report to stockholders of the Consolidated Railways of Canada for the fiscal year 1954-1955.
- b. A copy of a document in Spanish which is a report of the condition of the rolling stock on the Great Railways dated November 2, 1953. This document was obtained by Mr. Curtis through a friend in Miami who obtained it from Cuba.
- c. A letter to Mr. Curtis (copy in file), dated 5 Dec 53, written in Spanish, and in English translation, referring to the condition of the rolling stock in Cuba. It contains information on the condition of the locomotives in Cuba. It is a very good document and I am sure that you can use it without any difficulty.

4. The documents described in items a and b above are attached to this report - page 10205.

5. Mr. Curtis desires to have information to prevent the... of this could be done... since this seems to be a very important...
