1. Background. 2. Speculators. 3. FAL Cal 7.62mm (NATO) Rifles Available. 4. Import Authorization for FAL Rifles from Merix A.G. of Germany.

COMMENT: There is no doubt that the Military are lining up their election promises and arranging to present their bill to the President, if he's elected. Many hands are stirring the arms pot in the DOMINICAN REPUBLIC but the "Head Chef" is still General PEREZ y Perez. He's willing to look at all offers presented him by his "Old Colonels" and their contacts, but will still have to see where he personally stands following the elections. President BALAGUER may want a new Secretary.

Interestingly, Mr. Guardia of Interarmco, in a letter to Mr. Enriquez written on 29 April 1970 from Monaco, said there were no surplus FAL rifles available for sale and new ones would be \$110.00 (U.S.) in Belgium. Mr. Enriquez was going to Brussels to check NATO for possible direct surplus sale rather than through Merix A.G. of Germany, so it remains to be seen, who will sell what, to whom, and for how much kickback, etc.

Background. The Dominican Armed Forces have received the great bulk of their re-equipment from USAID Military Grant Assistance since the Trujillo era ended in 1961. This assistance precluded small arms since the Dominican inventory was loaded with their own Cristofal carbines, Spanish CETME's, German G-3's, Heuser Rifles and Colt's and M1 7.62 (NATO) Rifles. Prior, during, and following the 1960s, the Dominican Armed Forces were re-equipped with small arms mostly from the US and are in possession of M16's. The Dominican Armed Forces are in a state of transition and are in the process of re-equipment. The Dominican Armed Forces are in a state of transition and are in the process of re-equipment. belts and make do with the modernization afforded the 1st Bde and later the 9th Bde by USMACV. They did receive some 400 - 500 FAL rifles in 1968 through a barter arrangement with Interarmco, Alexandria, Virginia. However no major arms purchases have been made since the '65 Revolution, although several unsuccessful attempts were made by U.S. and other Arms dealers periodically to sell various weapons systems, i.e., FAL, Stoner, AR18's, etc. Each time the actual arms bids were boosted 10% by whoever was promoting the "deal"; in the old Trujillo manner.

## 2. ~~Old~~ Speculators.

a. Mr. Sam Cummins, President of Interarmco, Monaco, made his start following WW II selling surplus war materials to Trujillo. The "Old Dominican Colonel" still remembers both with affection and greed. Much of the Army is still equipped with this Interarmco surplus (tanks, armored cars, artillery, machine guns, mortars, etc.). His agent still has 1st chance at any bartering and selling.

b. Mr. Irving Davidson, Washington, D.C., is another power in Dominican selling circles and much quoted on any type speculation. He is considered the top contact in the U.S. by Dominican dealers.

c. Mr. Roland P. Johnston, Minerals Industries, G por A, is a mining claims speculator in the DOMINICAN REPUBLIC but has worked in armament sales during the Trujillo era.

d. Mr. Karl W. Lange, Vice President of Santiago, Inc., Clayton, Missouri and Mr. Fernando Paganero, his Dominican partner, are active in land, hotel and arms speculation (AR 18 sales). The Paganero's (father and 2 brothers) are well connected politically, financially, and socially in the DOMINICAN REPUBLIC.

e. Mr. Herman Henriquez Iora and his brother are arms agents for Interarmco, Dutch and other U.S. concerns (AR 18, Stoner, FAL, etc.). They are personal friends of President BALAGUER and General PEREZ y Perez and associates.

3. ~~Old~~ FAL, Cal 7.62MM (NA10) Rifles Available. Enclosure 1 from Air Force Colonel Felipe RIVAS Pardo, Quartermaster General of War Materials for the Dominican Armed Forces, states that his sources have located some 3500 FAL rifles for sale in a NATO depot, 35 miles south of Hamburg, Germany. The rifles to sell at \$96.00 (U.S.) each there, or \$95.00 (U.S.) each, GIP, Santo Domingo. He wants to go to Germany to verify the information and to return with 2 samples.

German Embassy in Santo Domingo put their seal on this importation authorization and the Arms Agent departed Santo Domingo for U.S. and later Germany on 9 May 1970.

Coronel Caballero, Ejército,  
U. S. A.

Estimado Señor Henríquez:

Me complace mucho informarle, que he recibido toda la información por escrito, que me envió con el Dr. MARINO ARIZA.

Sobre los Fusiles M1 Gal. 7.62 (NATO), tengo a bien informarle, que el domingo 19 de abril de 1970, hemos recibido la siguiente información, confirmada y ratificada, de manera que no deje lugar para dudas o malos entendidos entre esta oficina y la fuente informante, de todo orden, en base a documentos. La información que se nos dió es la siguiente; muy confidencial: "Que NATO, está reduciendo sus fuerzas considerablemente, lo que a dado origen a que las armas que esas fuerzas usaban sean reintegradas a los depósitos de la NATO y están siendo puestas en venta a precio atractivo, siendo su estado como nuevas; estas armas se encuentran en la actualidad en un depósito de la NATO en 35 millas al Sur de HAMBURGO, Alemania; pudiendo ser embarcadas por el mismo puerto Hamburgo directo a Santo Domingo. Entre las armas se encuentran a disponibilidad (3,500) Fusiles M1 Gal. 7.62 (NATO) calcula de acuerdo a un precio de almacén de US\$40.00, siendo su precio CIF Santo Domingo de US\$95.00".

Esto indudablemente, parece coincidir con respecto a la pérdida de armas, a la misma que usted nos refiere; nosotros nos apresuramos a ponerlo a su conocimiento tal información a fin de que usted la utilice. Esto ha despertado tanto interés en la Superioridad, que estamos pensando en que yo mismo viaje a Alemania, con nuestra fuente informativa a fin de verificar de la pérdida y apresurar en cuanto sea necesario esta transacción. Como todo, bajo ningún concepto se puede dejarlo fuera de este transacción (inscripciones superiores) y es por eso que le estoy enviando.
