If identification should prove a problem, I would appreciate your contacting the Committee staff.

The above list represents a consolidation of several names we have previously requested information on from certain portions of the 1962 - 1964 period, as well as an extensive number of names which have not been included in previous requests. Attached is a summary of all the names we have requested in the past, according to our records, with respect to the Kennedy investigation. When responding, it would be useful if you would have your staff include a summary, according to your files, of all responses made by the Bureau to our previous requests.
