The Bureau is to be advised that with respect to referenced communication the only files reviewed were those for the periods of 1/1/60 through 12/31/64.

LUNSFORD, after a review of enclosed items, advised that based on information available in referenced communication, there is insufficient data to conclusively state that the persons mentioned in referenced communications are the same as in enclosed items. ASAC LUNSFORD further stated that due to fact that enclosed Elsur are from National Security Elsur, they carry a Secret classification. (S) (u)
