Memorandum Kolombatovic to Leavitt
 Re: Senate Select Committee (SSC)
 Request for Lyndon Baines
 Johnson Library Documents

DETAILS CONTINUED:

A document captioned "Reaction of Soviet and Communist Party Officials to the Assassination of President John F. Kennedy," dated 1/1/66 contains information from highly sensitive live sources [SOLO] and [FEDORA] and it was decided that the "Top Secret" classification should continue and this document not be released for delivery to SSC; however, SSC Staff could be allowed to review the document at the NSC. Another document dated 11/24/63, dictated by "WJ" reports information furnished by Mr. J. Edgar Hoover. Mr. Hoover furnished information with reference to the Oswald murder and, among other things, advised that Oswald had made a telephone call to the Cuban Embassy in Mexico City which the "FBI" intercepted and that Oswald also wrote a letter to the Soviet Embassy, Washington, D. C. [which the "FBI" intercepted, read and resealed.] This document at the present time is not classified and it was the conclusion of the Intelligence Division that the document should be classified "Secret" and should not be made available for delivery to the SSC. However, it could be made available for review by the SSC at the NSC. The document was prepared at the White House and "WJ" is believed to be Walter Jenkins.
