OTHERWISE

Reurlets 3/16/64 and 4/1/64, Bulet 3/25/64 and  
NYairtel 4/2/64.

Enclosed are two copies of a letterhead memorandum  
classified "Secret" dated 4/10/64, concerning captioned  
individuals.

One copy of this memorandum is enclosed for Dallas  
and one copy is enclosed for New York.

The enclosed memorandum is the same as the one  
submitted by you with your letter of 3/16/64. It was amended  
to include the information furnished by you in your letter of  
4/1/64 and also to include the information in referenced  
New York airtel. For your information, this memorandum has  
already been disseminated to the President's Commission and  
to Central Intelligence Agency (CIA).

As you know, the information received from MEX-18 (u)  
and MEX-19 concerning the comments and speculations of  
Elizabeth Catlett Mora, in itself, raises pertinent questions.  
There is a need to obtain further details from Mora.

Mora has commented that the Communist Party (CP) of  
Mexico was interested in obtaining all available information on  
Oswald's trip to Mexico and concerning how much American  
authorities knew about this. Although you have advised that  
no confirmation of this information has been received from any  
other sources, you are advised to restate this in your next  
letterhead memorandum concerning Mora and set forth specifically  
the number of sources who have been contacted and appropriate  
comments concerning them, not only as to their reliability, but  
also as to their being in a position to furnish information  
about the CP of Mexico. (u)

Mora has also advised that Mary Louise Camacho, nee Patterson, knew Oswald while he was in Russia. [Greater detail from Mora on this point is extremely pertinent since CIA may have Camacho questioned in Russia about what she knows of Oswald and his activities while there.] (S)(u)

Finally, Mora has furnished some information on Oswald's visit to the Cuban Embassy in Mexico City. We should determine all Mora knows about this visit and where she obtained her information.

This matter must be pursued in depth until we have fully explored and exhausted all of Mora's information. These questions, which the original information received from Mora have raised, cannot be left unanswered and [MEX-18 and MEX-19] should be made fully aware of this. Of course, in receiving further information from Mora, care must be taken to distinguish that information which is speculation and belief on Mora's part from that which is factual. (S)(u)

Advise immediately whether [MEX-18 and MEX-19] have recontacted Mora for the two- or three-day period as planned. If so, promptly furnish letterhead memorandum suitable for dissemination. (S)(u)
