NOTE: These three misurs are expected to afford coverage on Samuel
N. Giancana, a CG top hoodlum who has been designated as a special
target for early prosecution. With regard to the first location,
Anjoes Continental Restaurant, 3309 Las Vegas Blvd. South, Las
Vegas, Nevada, Joe Pignatello, body guard and chauffeur for
Giancana, is fronting for Giancana in the purchase of 51 per cent of
this restaurant. Pignatello and others have been meeting in this

further insight into Giancana's interests and operations in Las Vegas. It has further been observed that since Anjoes Restaurant does not have a gambling license, that various hoodlums who are unable to frequent the licensed casinos will use Anjoes as a meeting place. (U)

The second misur will cover Pignatello's residence, Apt. 131, Diplomat Apts., 3478 Paradise Road, Las Vegas, Nevada. Because of the privacy the apartment affords, and since it would be a logical location for Pignatello to engage in discreet conversations with Giancana and associates, it is expected that valuable information concerning Giancana and his associates, particularly with regard to their interests in Las Vegas gambling casinos, could be obtained through this coverage. (U)

The third misur will cover the residence of Dave Halper, Apt. 141, Diplomat Apartments, 3478 Paradise Road, Las Vegas, Nevada. Halper is an associate of Giancana and formerly operated the Chez Paree night club in Chicago. He is also a former partner of Charles "Babe" Baron, a Chicago top hoodlum who is also very close to Giancana. Investigation indicated that Halper may be representing Giancana's hidden interest in the Riviera Hotel operation in Las Vegas. It is expected that information concerning Giancana's undisclosed interests in the Riviera Hotel will be developed through this coverage, in addition to valuable intelligence concerning the covert representation of the Chicago hoodlum element in Las Vegas gambling. (U)

These three installations will require leasing telephone lines at an aggregate cost of \$111.20 permonth. All of these misurs will be monitored at a plant at the Sun N Sand Motel, 2200 Lay Vegas Blvd. South, Las Vegas, Nevada, at a monthly cost of \$204. Man power expenditures per month to handle monitoring of these three installations has been estimated at \$2051.52. Trespass is indicated in each instance and full security has been assured by the Las Vegas office with regard to each installation. (U)
