# The Black Vault

---

The image shows a close-up of a heavy, metallic vault door. The door is partially open, revealing a complex internal mechanism with multiple locking bolts and a central handle. A bright blue light emanates from the gap between the door and the frame, creating a strong glow and casting shadows on the surrounding metal. The overall aesthetic is high-tech and mysterious.

The Black Vault is the largest online Freedom of Information Act (FOIA)  
document clearinghouse in the world. The research efforts here are  
responsible for the declassification of hundreds of thousands of pages  
released by the U.S. Government & Military.

On 12/16/61, Mexican Immigration Inspector FLORENCIO VIVAS advised that he had made periodical checks and conducted pretext interviews at Calle San Juan de Letran #13, Office 1601, without obtaining any information concerning the whereabouts of NORBERTO FUENTES GARCIA, whom he desires to interview concerning his status and activities in Mexico.

By report dated 12/19/61, Informant [MEX-46] advised that he had made inquiry at the above address on 12/18/61 and had been advised that FUENTES GARCIA has not been at the office for several months, and clerical personnel therein indicated that they are not sure whether he continues to reside in Mexico.

The elevator operator of the building advised [MEX-46] that he is well acquainted with FUENTES GARCIA and that FUENTES and his partner (not identified) had not returned to their office for several months after they defrauded numerous persons of a substantial sum of money. The elevator operator expressed the opinion that FUENTES GARCIA may have left Mexico.
