INFORMANTS:

All logical informants of the San Juan Office have been contacted in connection with instant matter and no positive information has been developed. Negative contacts in this matter are not being set forth in this report.

On 9/13/68, the New York Office advised that Cuban sources of that office had been alerted to the Bureau's interest in captioned matter.

The Miami Office advised that on the evening of 9/12/68, OSCAR ANGULO REYES, PSI (UD) had advised he was informed by ANDRES JORGE GONZALEZ GONZALEZ, Chief Bomb Expert for ORLANDO BOSCH AVILA that GONZALEZ had placed a bomb on the British Freighter "Lancastrian Prince" and on a small unidentified Spanish ship. GONZALEZ claims to be using new diving equipment which enables him to remain under water for five consecutive hours and a new type float for towing the bombs under water. (X)(u)

At 8:15 a.m., 9/13/68, OSCAR ANGULO REYES, PSI (UD) who has furnished reliable information in the past and who is well acquainted with members of the Movimiento Insurreccional de Recuperacion Revolucionaria (MIRR), headed by ORLANDO BOSCH AVILA, who has organized an auxiliary action group known as "Cuban Power", advised that BOSCH had just telephonically contacted ANGULO. BOSCH directed ANGULO's attention to fact that a news release was then being issued from Miami radio stations WQBA and WFAB relative to an announcement by "ERNESTO" of "Cuban Power" claiming responsibility for a Spanish ship bombing. (X)(u)

~~CONFIDENTIAL~~ SECRET

BOSCH then told ANGULO that his "Cuban Power" was responsible for the bombing and that the bomb was supposed to have exploded at the end of five days but trouble in the batteries of the time delay device caused the bomb to explode last night. BOSCH added that next week "ERNESTO" will announce the appointment of a civilian delegate for "Cuban Power". BOSCH has previously told ANGULO that as soon as his group succeeded in sinking a ship at sea "ERNESTO" (mythical head of "Cuban Power") would announce the appointment of BOSCH as the civilian delegate. (u)

At 8:30 a.m., 9/13/68, ANTONIO ARIAS, SR. (protect), an official of radio station WFAB, advised that he had received an anonymous telephone call at approximately 7:23 a.m., 9/13/68, from a Spanish speaking male whose voice he believes to be that of ORLANDO BOSCH, but ARIAS is not absolutely certain of this voice identification.

The anonymous caller stated that he had news from "Cuban Power" to the effect that a communication had just been received from "ERNESTO" in Mexico explaining that the Spanish ship "Coromoto" was bombed by "Cuban Power". The anonymous caller also stated that next week "ERNESTO" was coming to Miami for a press conference during which time he would publicly name two individuals to take charge of the political and economic affairs of "Cuban Power."

ANGULO will attempt to contact ANDRES JORGE GONZALEZ GONZALEZ, BOSCH's chief bomb expert, who revealed to ANGULO on night of 9/12/68, that GONZALEZ had placed a bomb on a small Spanish freighter at the same place where he had placed a bomb on the "Lancastrian Prince." Indications are that the bomb was placed on "Lancastrian Prince" at New Orleans or possibly Mobile. (u)

On 9/2/68, GONZALEZ' sister told ANGULO that her brother had left that morning for an out-of-town operation but did not disclose his destination nor describe nature of the operation. (u)

~~CONFIDENTIAL~~ SECRET

On 9/14/68, Miami source RICARDO MORALES NAVARRETE (protect - reliable) advised that in conversation with ORLANDO BOSCH AVILA on night of 9/13/68, BOSCH stated instant bombing was effected by "my men in Puerto Rico." BOSCH said he had previously furnished part of dynamite supplied to him by MORALES to his men in Puerto Rico and these men were the first to discover this dynamite was phony. BOSCH subsequently furnished them real dynamite in this operation.

BOSCH advised under his instructions the Spanish ship was photographed by his men prior to the bombing in order that these photographs could be sent to local Spanish papers to prove this bombing was effected by "Cuban Power." BOSCH expected these photographs in mail on September 13, 1968, but they did not arrive and he anticipates their arrival in the mail from Puerto Rico on 9/14/68.

It is noted MORALES previously furnished BOSCH 300 pounds of simulated dynamite with Bureau approval. This material was supplied to BOSCH piecemeal between 7/2 and 8/27/68. During past week, BOSCH advised he was aware this dynamite was not real dynamite but to date has indicated no suspicion of MORALES. MORALES in future conversations with BOSCH will attempt to elicit names of BOSCH's men in Puerto Rico.

MORALES observed ANDRES JORGE GONZALEZ GONZALEZ in Miami on 9/11/68 and Bureau Agents observed GONZALEZ in Miami on 9/10/68.

On 9/16/68, RICARDO MORALES NAVARRETE (protect), who has furnished reliable information in the past, who is intimately acquainted with ORLANDO BOSCH and his people, reported that BOSCH advised him that TONY PRIETO, 1628 S.W. 23rd Street, Miami, Florida, obtained the explosives in San Juan and participated in the bombing of the "Coromoto."

On 9/17/68, OSCAR ANGULO REYES (PSI-UD-protect), who has furnished reliable information in the past, advised that ANDRES JORGE GONZALEZ GONZALEZ, BOSCH's chief bomb expert, told him that he had placed the bomb on the "Coromoto" in San Juan despite the elaborate security precautions taken. (X)(u)

(S) (X) MM [1228-S] (protect), who has furnished reliable information in the past, advised 9/18/68, while in The Doghouse Restaurant, Miami, and seated next to ORLANDO BOSCH and an unidentified Cuban male believed to be a Cuban medical doctor, she overheard the following conversation which was conducted in the Spanish language. BOSCH related his "Cuban Power" group was responsible for the bombing of the ship in San Juan and the shelling of the "Polanica" in the Miami harbor. (X)

Miami source whose identity was previously furnished to the Bureau and San Juan had indicated that one of the associates of ORLANDO BOSCH AVILA that had traveled to San Juan for the purpose of participating in instant bombing was known to him as "TONY PRIETO".

The same source on 9/19/68, identified a photograph of JOSE DIAZ MOREJON, FBI No. 285522 F, as being the individual known to him as TONY PRIETO.

On 9/23/68, the following information was furnished to SAC CLARK D. ANDERSON of the San Juan Office, by JOSE MARCOS CABEZON FEITO (conceal per request), a Cuban friend who is generally well acquainted with the Cuban community in San Juan, and who has furnished reliable information in the past: (X)(u)

Source about four years ago became acquainted with a Cuban named MARCELINO GARCIA who would be about 68 years of age at the present time. GARCIA was in Puerto Rico for about ten days about that time for the purpose of collecting funds for the MIRR. Source described GARCIA as a close friend of ORLANDO BOSCH and the father of an individual named EDDY GARCIA PUIG, a medical doctor who is employed in a hospital in Boston at the present time and who also had MIRR connections. MARCELINO GARCIA stayed at source's home during the ten-day period he was in Puerto Rico four years ago. Upon departure, he left behind a small address book which source made available and which is set forth. (X)(u)

Source knew of no specific MIRR representatives by name in San Juan. He said that it was his impression that there is a loose association here between representatives of the MIRR, ALFA 66 and Comandos "L". He noted that an individual (X)(u)
