ReCGairtel 7/19/68 getting forth the results of contacts by CG [6328] (S) and CG [5851] (S) in New York City on 7/16-17/68 with pro-Chicom Susan Frank, [the Albanian United Nations Mission] (S) and with NY 1656-S who is under consideration for possible use [in this operation.] (S)

The Bureau is pleased with the effective manner in which these two informants handled this assignment. Recontact of the [Albanian Mission] and establishing contact with Frank may be expected to greatly enhance the intelligence potential [of the Ad Hoc Committee (AHC)] (S)

Chicago is requested to incorporate the information developed by the informants [at the Albanian United Nations Mission] into a letterhead memorandum appropriately captioned, paraphrased, and classified to protect the security of the informants [and this intelligence operation] and this should be submitted to the Bureau as soon as the informants have had an opportunity to view and identify photographs [of the two unidentified Albanians they met at the Mission] (S)

The Bureau will consider another trip by these two informants to New York City in the fall so that they may again contact Frank [and the Albanian Mission.] (S) At an appropriate time, Chicago should submit specific recommendations. (S)

Chicago is requested to consider accepting Frank's offer to visit Chicago to address a group. It is possible such a meeting could be attended by [AHC informants] and several other informants or sources who are under development [for this operation.] (S) It is very likely if Frank were to appear in Chicago to address a group [of alleged Marxist-Leninists under our control, AHC informants] would have an opportunity to elicit from

her considerable intelligence while at the same time strengthening their contact. Any technique along this line, of course, must be well planned to protect the security of the AHC informants and the operation. Comments and/or recommendations of Chicago are solicited.

New York is requested to forward to the Bureau and the Chicago Office a copy of the report of NY 1656-S covering his contact by the two AHC informants. New York is reminded that NY 1656-S should not be given any indication of the intelligence nature of the AHC.

NOTE: AHC is intelligence operation projected as true pro-Chicom organization. Frank is a pro-Chicom who is suspected of being a Chicom intelligence agent. AHC effectively established contact with Frank and recontact with the Albanian Mission in line with the objective of this operation to develop intelligence relating to pro-Chicoms and Chicom activity.
