Rerep of SA Lincoln J. Stokes dated 6/7/63 at Newark.

Cover pages G and H of rerep attribute information to NK1918-C. This is an incorrect symbol number, it being noted NK1918 is a discontinued security informant. Newark advise Bureau and other offices correct symbol number so appropriate changes can be made in all copies of rerep.

For Newark's future guidance, administrative information such as that included in paragraphs four and five on page two of rerep should not be reported in the investigative section of a report. Administrative data should be set out on the cover pages which are not disseminated outside the Bureau.

Since the following persons, who reportedly talked with Glockner after he was shot, would be potential witnesses in any trial which may ensue with respect to any pertinent statements that they heard Glockner make, FD-302's should be prepared and be included in Newark's next report setting out information furnished by them relative to statements made by Glockner.:

(It is noted certain information attributed to her
on page 7 of rerep was not included on the FD-203,
page 133 of rerep)

It is not clear from rerep whether the man who reportedly
told Harold Fitzsimmons on the morning of 5/24/63 that he had the
license number of the automobile which sped from the scene of the
shooting is Frank Kimmerle or whether there may be another witness
who has not yet been located. Necessary investigation to clarify
this point should be conducted.

It is noted further that rerep does not indicate that
during interviews some persons who may be suspects in this case
were advised of their rights at the outset of the interview. Newark
should insure that in all interviews conducted in the future with
possible suspects these individuals are advised of their rights
at the beginning of each interview.

On the basis of information set out in rerep and in the
report of SA Russel F. Sullivan dated 6/7/63 at New York, it is
suggested that the following lines of investigation, in addition to
the other investigation which is now under way, be pursued to a
proper conclusion.

New York FCI [redacted] advised that Tom Kenny, "Bull" KENNOTHER 4
and "Porky" Daley, friends of Thomas J. Reynolds, are strong-arm men
and carry guns. It appears that the only investigation which
has been conducted is an interview with Thomas Kenny set out on
page 216 of rerep. According to this individual, "Porky" Daley
died several years ago. No information was developed nor was
any investigation conducted concerning "Bull" Kenny. It is suggested
that inquiries be made in an effort to verify the death of "Porky"
Daley; that "Bull" Kenny be identified, located and interviewed;
that statements be obtained from him and Thomas Kenny as to their where-
abouts during the pertinent period and that investigation be conducted
to verify or refute the alibis that they furnish. Efforts should be
made to determine further whether these individuals have been known to
carry guns. If so, the guns should be located and considered as

RE: UNSUBS. (2)

possible suspect weapons in connection with the shooting of Glockner.

Similar investigation should be conducted with respect to Richie Barrett and Tommy Clark, former employees of the Quinn Freight Lines who, according to Joseph Mitchell Smith, are closely associated with Reynolds. Smith also said that Barrett usually carries a pistol. Efforts also should be made to verify Smith's statement that Nunzio Provenzano reportedly was seen giving money to Barrett and Clark. If this can be substantiated the reason for Nunzio Provenzano paying these individuals should be determined.

With respect to the gun involved in the murder of Glockner, it is noted that the laboratory report of the New Jersey State Police, set out on pages 306 and 307 of rerep, did not state the make of weapon used in the murder or the probable make of this weapon. For the information of Newark and New York, the FBI Laboratory has advised that from descriptive data set out in the mentioned laboratory report it appears that the bullets would have been fired from a Colt revolver chambered for .38 caliber Smith and Wesson cartridges. This opinion is based on the fact that the rifling characteristics are six lands and grooves with a lefthand twist. The possibility also should not be overlooked that some Spanish made revolvers may have similar rifling characteristics.

Newark and New York should consider the feasibility of examining pistol permits issued by local authorities in an effort to determine whether any permits were issued to officials or members of Local 560 or their associates for a .38 caliber Colt revolver. If so, consideration should be given to endeavoring to locate the weapons in order that test specimens may be fired from them.

Investigation should be made to determine whether Angelo Sporaco, reported by NK2282-C as a strong-arm man for the union and as having visited the office of Teamsters Local 810 in New York City twice during the week prior to 5/24/63 accompanied by Nunzio Provenzano and Sal Briguglio, was involved in the murder of Glockner. Sporaco's whereabouts during the pertinent period should be ascertained and necessary investigation conducted to verify or refute his alibi.

INFORMANTS

NK 2267-C-TE advised SA WALTER L. PARKER on May 27, 1963, that he had been with numerous hoodlums since the shooting of WALTER GLOCKNER, and that his associates had no idea as to who murdered WALTER GLOCKNER.

This informant stated that over the past several days he had been in contact with HAROLD KONIGSBERG, CAPPY CAPPOLA, ROCCO SANTANSIERO, TUBBY DAVINO, TOMMY GUYDON, and PETE MICHAELS on various occasions.

NK 2150-C advised SA CLARENCE A. BROM on May 29, 1963, that he had heard considerable conversations concerning the murder of WALTER GLOCKNER.

From these conversations, the informant stated that TONY PRO may have attempted to fix his trial on extortion charges, but was entirely unsuccessful.

TONY PRO, as a precaution in the event that he receives a jail sentence on the extortion charge, reportedly brought J. W. DILDINE of New Brunswick, New Jersey, as a delegate who would take over the operation and management of Local 560 in the event that PROVENZANO went to jail.

NK 2150-C speculated that WALTER GLOCKNER was not scheduled to be killed but that on the morning that he was shot, he possibly was to be picked up in order that some deal be made with him regarding his alleged comment that he would testify for the government against TONY PROVENZANO in the extortion case.

On May 24, 1963 the unknown persons reportedly scheduled to contact GLOCKNER made some remark and GLOCKNER refused to go with them. In a "hot-headed exchange", GLOCKNER was shot.

NK 2150-C stated that the truckers with whom he is familiar have commented that HARRY REYNOLDS is possibly responsible for the shooting.

NK 2150-C indicated that the above information is speculation and has not been substantiated by the persons with

NK 2282-C advised SA LYNN G. TWEDE on May 28, 1963, that ~~NUNZIO PROVENZANO~~ and ~~SAL BRIGUGLIO~~ had visited the Teamsters Office of Local 810, New York City, on two occasions during the week prior to May 24, 1963. Reportedly ~~ANGELO SPORACO~~, who is described as a strongarmed man for the union, was with them on both occasions. Reportedly SPORACO has been used on a number of occasions to administer beatings for the Teamsters, and he reportedly was recently convicted in New York for beating several employees of the J. G. Braun Company during a strike.

NK ¹⁹⁹⁸ 1918-C was contacted on May 29, 1963, by SA EUGENE F. COYLE.

The informant stated that about one week prior to the murder of WALTER GLOCKNER, either ~~BOBBY HANCOCK~~ or ~~ROBERT GWINETT~~ returned to the 513 Club, 513 First Street, Hoboken, New Jersey, with a bloody nose. This injury allegedly was received at the Domino Club from either ~~JOE PALCO~~ or ROCKY (Last Name Unknown), who is associated in the operation of the Domino Club.

The informant indicated that WALTER GLOCKNER, ~~BOBBY HANCOCK~~, ~~RAYMOND CARNEY~~, ~~RAY MILLNEY~~ (phonetic), ~~GARY BURKE~~, ~~ROBERT GWINETT~~, and ~~WILLIAM BRYANT~~ proceeded to the Domino Club located in the vicinity of Pier 8 and had a fight with people in the Domino Club. Reportedly baseball bats, chairs, and pool sticks were used in this brawl, and some of the people in the Domino Club were badly beaten.

The informant further speculated that the killers of GLOCKNER could have possibly been under orders from ~~ARMAND FAUGNO~~, also known as "Cokey", who is described by the informant as an associate and business partner of TONY PRO. The informant stated that FAUGNO and TONY PRO have a large amount of money invested in various business enterprises and FAUGNO, in the opinion of the informant, would resort to any means to prevent TONY PRO from being convicted in the current extortion trial.

In this regard, FAUGNO reportedly has a chauffeur and bodyguard named BILLIE (Last Name Unknown). This person

On May 27, 1963, Newark PCI [redacted] telephonically OTHER 4
advised SA NORBERT R. LINKER that WALTER GLOCKNER had been one
of four individuals shylocking money in the Hoboken area.

PCI identified ^{NO} the other individuals as ROBERT GWINNETT,
aka. Bobby, ~~DAVE MELNER~~ (PH) and GARY BURKE.

PCI advised that the shylock operation of this outfit
is generally from the 513 Club, 513 First Street, Hoboken, New
Jersey.

Of the four people, GLOCKNER and GWINNETT are usually
the closest companions.

PCI ^{NO} related that some months ago, GLOCKNER and
GWINNETT shylocked a loan of \$500 to a person known to PCI
as ~~CHAMP CLARK~~. CLARK is described as the manager of Dee's
Luncheonette which is owned by a Hoboken fence named DE FILIPPO
(PH). B. APP. 1964

CLARK reportedly lives over Dee's Luncheonette and
is described as a white male, approximately 29 years of age,
5'4" - 5", tall, with black curley hair.

PCI indicated that CLARK became delinquent in his
payments to GLOCKNER and GWINNETT at which time they went
looking for CLARK to work him over. PCI stated that to the
best of her recollection, this was approximately three months
ago. GWINNETT and GLOCKNER did locate CLARK at the Musical
Bar in Union City, New Jersey; however, they learned that
CLARK was carrying a pistol so they did not cause any harm
to CLARK.

PCI states that allegedly CLARK then left New Jersey
and went to Connecticut out of fear of GLOCKNER and
GWINNETT. In the meantime, arrangements were made by PCI
to make weekly payments owed by CLARK to GLOCKNER.

PCI states that CLARK is believed to still carry a
pistol on occasions and has indicated a hatred towards
GLOCKNER.

PCI further indicated that CLARK is sometimes known
as ~~SONNY CLARK~~ and the luncheonette of which he is manager is
located near the intersections of Jackson Avenue and Observer
Highway in Hoboken.

APPROX. 1935

PCI recalled that ~~DONALD SMITH~~, who is described as a white male, 6'1", 196 pounds, curly black hair, around 28 years of age, received a shylock loan of \$300 some months ago from GLOCKNER and his associates.

PCI stated that SMITH became delinquent in his payments and was severely beaten by GLOCKNER and others in Hoboken.

PCI advised that SMITH is believed to be currently serving a sentence in Hudson County Jail, Jersey City, New Jersey, for violation of parole on a non-support charge.

PCI stated that SMITH's wife and his mother reside at 916 or 919 Clinton Street in Hoboken, New Jersey, and both were aware of the indebtedness of SMITH to GLOCKNER and his associates.

OTHER 4

The above information furnished by PCI [redacted] is placed on the administrative pages of this report since [redacted] acted as an intermediary in the delinquent shylock loans between CLARK and the group associated with GLOCKNER.
