[London, by letter dated 2/27/64 to British Security Service, MI-5, furnished a copy of New York LHM 2/18/64 and made known the desires of the Bureau. In view of this and MI-5's request (page 3, paragraph 9, of enclosed letter) to treat its information with the utmost discretion, the information in the enclosures has not been incorporated in LHM form. (S)

It is suggested that copies of the enclosure be disseminated to the New York Office with a request that the information be analyzed in conjunction with complete information available to the Bureau and New York. Any information developed as a result of such analysis that would be of interest and assistance to this office and MI-5 should be furnished in a form suitable for dissemination. (S)

It is noted that MI-5 states its coverage of PERRY is quite good but it is seeking ways of improving it. (S) For the Bureau's information only, WHITEBY orally and confidentially advised he would attempt to have a mail cover placed on PERRY and if successful, furnish this office results of U.S. interest. (S)

Since TANG-Ming-chao and the EPSTEINS are resident in China and the FRANKS are in the U.S., London files concerning them are being RUC, (to be reopened if MI-5 furnishes pertinent information regarding them.) (S)

PERRY's file remains pending (to be closely followed with MI-5) and the Bureau will be kept advised. (S)

15th April, 1961.

Dear Sir

Thank you for your letter of 27th February, 1961, the contents of which I discussed with John Minnich on 1st April, 1961. I agreed to provide a note on the most recent information available here on the various persons mentioned with special reference, where applicable, to their known contacts with Chinese Communists.

2. The pattern of the business activities of Jack FERRY have remained essentially the same as outlined in Phillip Samond's letter. The London Export Corporation (L.E.C.) with the British Council for the Promotion of International Trade (B.C.P.I.T.) are in the forefront of the movement for the expansion of trade with China. As a result, the firm's relations with the Chinese are very good, and its more senior members are in close and frequent contact with the Commercial Section of the Chinese Diplomatic Mission (C.D.M.). One of the consequences of this association has been that FERRY supports the Chinese line in the Sino Soviet dispute and with the connivance of the Commercial Section has been instrumental in distributing New China News Agency (N.C.N.A.) propaganda on the subject. FERRY's contacts are not limited to the Commercial Section and in recent months he has acted for the L.E.C. advising the C.D.M. on questions of office and residential accommodation. Amongst those members of the C.D.M. with whom FERRY is known to be in touch and apparently on good terms are one suspected and two identified Intelligence Officers (I.O.).

3. We would agree that the TA KING-CHOU mentioned in your letter is almost certainly identical with TANG KING-CHAO (C/CS/2034/356). TANG was born in Kwangtung in 1910. At the age of ten, he went to the U.S.A. where he remained for close on thirty years. His activities there are well documented for he is said at one time to have edited the "China Daily News" and to have been regarded at the Headquarters of the C.P., U.S.A. as a specialist in Far Eastern Affairs. He returned to the Mainland some time after 1947 and in 1952 was reported to be working in the Intelligence Section of the Ministry of Foreign Affairs, Peking. In October 1953 he was described as the Deputy Head of the Liaison Department of the Chinese Communist Committee. In November, 1953, he attended the 1st Session of the (1st) Executive Committee of the World Council for Peace (W.C.P.) in Vienna. In April 1955, he attended the Asian Nations Conference in New Delhi. A report dated February 1955 described him as a member of the Department for Cultural Relations with Foreign Countries. In April 1955, he was a member of the Chinese delegation to the Congress of the Communist Party of New Zealand. He is currently the Vice Chairman of the National Union of Chinese Students and a member of the China Peace Committee and of the World Peace Council. You may recall that as a member of the Chinese delegation to the World Peace Congress in Warsaw in November 1953, he caused a sensation by protesting against the "warmer" party to the party of the Soviet Union. He has no information to suggest that he is currently in contact with any of the I.O.s mentioned in your letter.

ENCLOSURE

100-401762

He visited the Liaison Department of the Chinese Communist Party in October, 1953. The object of his visit was not immediately apparent but it is likely that he was mainly concerned to establish a rapport with the I.O.s mentioned in your letter.

Professor Bernal. He took the opportunity to make contact with a number of prominent supporters of the Chinese line. He was entertained to dinner by Jack FERRY, and in this particular context, it is of interest to note that arrangements for his visit appear to have been handled in the U.S.A. by those I.O.s with whom FERRY is known to be in contact.

5. There has been correspondence about Israel Epstein in the past under your reference 7330/100/1229 of 17th April, 1956, and see references SF.197/China of 1st October, 1954, PF.94,067 of 14th May, 1956, and PF.74,737 of 10th April, 1959. EPSTEIN and his wife, Elsie have resided in China as employees of the Foreign Language Press. EPSTEIN is said currently to be the Editor of "China Reconstructs". Both retain their Chinese nationality. They re-visited this country between July and October, 1963. As might be expected, they expressed themselves in favour of the current Chinese line, contacted pro-C.P.C. elements and were in touch with the C.I.S. where they were dealt with by the suspected I.O. mentioned in paragraph 2. Their visit to this country coincided with attempts by the C.I.S. to recruit non-Chinese for service in the Foreign Language Press, Peking, as a means of increasing the flow of C.P.C. propaganda to the West and there is evidence to show that EPSTEIN influenced at least one person to apply for such a post.

6. Mary Jane KERNEY as you know arrived in this country on 27th July, 1963, and departed on 15th September, 1963. Immediately on her arrival and again on at least two other occasions she was in touch with the Consular Department of the C.I.S. in circumstances that suggest that she applied for and probably received a visa to visit China.

7. In the preceding paragraphs, mention has been made of contacts with officers, identified or suspected of the Chinese Intelligence Service (C.I.S.). Some of these contacts at least can be explained away in terms of the cover activities e.g. commercial, cultural etc., of the individual I.O.s or of the Chinese cultivation of support in the Sino Soviet dispute. The position of Jack FERRY, however, vis a vis the Chinese I.O.s is not entirely clear and warrants further investigation. Although our coverage of his activities is quite good, we are seeking ways of improving upon it and it is to be hoped that as a result some information might be thrown up on his relations with the FRANKS. The others are beyond our immediate reach.

8. I discussed with John Minnich the significance of the numbers shown in your letter alongside the names of TANG and EPSTEIN. We could read no significance into them other than that they might be telephone numbers. Since they do not correspond to any system of telephone numbers in this country and they are probably too complex for any current Chinese system, we agreed that they might refer to telephone numbers in the U.S.A. where both persons have been resident for a considerable time and where no doubt they first came into contact with the FRANKS.
