ANGELO BRUNO, aka

Re Newark airtel 12-6-62.

Referenced airtel sets forth the results of highly confidential source coverage of the subject on 12-5-62 in connection with his visit to Vineland, New Jersey. In view of the importance of obtaining the maximum value from this source, Philadelphia Agents who are familiar with the subject and his associates should participate in these surveillances in the future, wherever practicable.

Philadelphia should refer to the comment, possibly made by Bruno that someone in his office is cooperating with the FBI. Since this may refer to PH 614-C-TE, Philadelphia should promptly furnish its observations and recommendations regarding any necessary action which should be taken at this time to protect this informant's relationship with the Bureau.

Philadelphia should attempt to interpret, if possible, data furnished by this source and identify individuals referred to during this conversation.

NOTE: Newark Agents surveilled subject on 12-5-62 and obtained a partial transcript of information furnished by CAT installed in Bruno's automobile. Newark advised that much of this data was garbled due to outside noises.
