SUBJECT: LA COSA NOSTRA  
AR - CONSPIRACY

As the Bureau is aware, the NYO expended considerable effort to develop NY 4857-C-TE, a live member source in the BONANNO "family" of LCN.

During the early part of his development he furnished information of considerable value to the Bureau. During this time informant had a personal problem involving his father which was capitalized on in his development and which resulted in SA RICHARD A. ANDERSON being able to develop an extremely close relationship with him. SA ANDERSON, playing on this problem in a sympathetic manner, was able to completely gain the confidence of this LCN member, who is extremely suspicious of all law enforcement officers.

Following the partial resolution of this relative's problem and the transfer of SA ANDERSON to Minneapolis, the informant has been extremely difficult to handle.

As the Bureau is aware, the informant's "family" is and has been for some time in a state of flux. The NYO feels that the time is appropriate to capitalize on this state of flux in which informant may lose his standing in the "family". It is felt that the same approach which was initially made should be repeated in an effort to reconfirm the informant in the Bureau's service.
