# The Black Vault

---

The image shows a close-up of a heavy, metallic vault door. The door is partially open, revealing a bright blue glow from within. The door has several large, circular mechanical components and bolts. The lighting is dramatic, with the blue glow contrasting against the dark background.

The Black Vault is the largest online Freedom of Information Act (FOIA)  
document clearinghouse in the world. The research efforts here are  
responsible for the declassification of hundreds of thousands of pages  
released by the U.S. Government & Military.

SUBJECT: SAMUEL GIANCANA, aka  
AR

ReBuairtel, 2/15/62. (u)

The following areas of possible prosecution are being investigated relative to GIANCANA. Recent developments ascertained through CG 6486-C\* indicate a keen interest on the part of GIANCANA in the business enterprises reportedly headed by EDDIE VOGEL, Chicago top hoodlum, close political liaison between Chicago area politicians and GIANCANA, GIANCANA's interests in Nevada enterprises and GIANCANA's instructions for the killing of individuals in trouble with organized crime in the Chicago area. (u)

To develop these specific areas, the following specific programs and investigative techniques are being utilized at the present time: (u)

1. ~~Top echelon informants are being developed to cover~~ all of GIANCANA's activities, and particular emphasis is being placed on his political tieups in the Chicago area. (u)

2. The material obtained from CG 6486-C\* is being closely analyzed with the thought in mind being to fully develop all possible information relative to the subject. It is to be pointed out that the Chicago Division strongly feels that the value of this source has not, as yet, achieved the tremendous potential it has and, therefore, all logical safeguards have been established and are continuing in an effort to protect this source. This source will continue to receive top priority attention. (u)

3) For the Bureau's information, CG 6457-PC has established contact Chicago Division professing extreme disgust with GIANCANA plus a willingness to accept many instructions given to her by the Bureau that will ultimately cause GIANCANA's incarceration. CG 6457-PC is a former paramour of GIANCANA who advised she has recently come to the conclusion that GIANCANA ordered the execution of her former boy friend, one ANGELO FASEL. Informant advised GIANCANA of opinion he is father of her fourth child while in reality, this child was fathered by FASEL. Informant contemplates re-establishing contact with GIANCANA using fourth child's current illness as lever to obtain finances and other type help from GIANCANA. Claims prime objective is to learn if GIANCANA actually executioner of FASEL and while doing so, will make available to Chicago Division all information relative to activities, contacts and associates of GIANCANA. (u)

4) Investigation being conducted to determine possible LMRA violation on Chicago top hoodlum EDDIE VOGEL in reference to several vending operations under his control. Every opportunity will be explored through review of books and records relating to this vending operation to connect VOGEL and GIANCANA. VOGEL's enterprises consist of Apex Amusement Service Corporation, Deluxe Cigarette and Vending Service Corporation and Ajax Juke Box Corporation. These company records recently reviewed by Internal Revenue Service in effort to build case against GUS ALEX, Chicago top hoodlum who is listed as an employee of two of these companies. VOGEL has commonly been referred to as the "Slot Machine King" of Cook County and his tax returns reflect source of income from above three companies and other income from an individual proprietorship only described as Coin Operated Machines. Internal Revenue Service has requested records concerning this proprietorship to verify various reductions. VOGEL has refused access to these records and Internal Revenue Service intends to make several adjustments. It is believed that this individual proprietorship is probably source of money split with GIANCANA probably from slot machines and pin ball machines in State of Illinois. VOGEL has indicated that CG 6486-C, presence of
