The confidential source who identified the subscriber to Los Angeles telephone number HO 7-9863 was CSLA 4178-S. This was in connection with the activities of STEVE MEIERS at the University of Southern California.

Agent observing RICHARD GIBSON at the Third World Peace Fair held on 9/10/60 at Fallsington, Pa., was SA JAMES J. FINLAY.

The referenced Bu airtel, 10/17/60, instructed the NYO to furnish with this report a detailed analysis of the witnesses available to testify to the registration act aspects and the subversive aspects of this case. This is being set forth under separate cover. This report has been divided into two sections, first part dealing with information furnished by sources indicating an infiltration on the part of the SWP and affiliated organizations of the FPCC and the Communist Party infiltration of the Committee; also committee associations with organizations or individuals with a history of prior subversive activity. The second part, the registration data, deals with interest on the part of the Cuban Government in the FPCC and the interviews of CHARLES SANTOS BUCH which indicate that the Cuban Government supplied \$3500.00 to pay for the original ad published by the Committee in the "New York Times", 4/6/60.

Field divisions where FPCC activity has taken place are being furnished copies of this report. It will be noted that the SWP in particular and the CP are making heated efforts to infiltrate and control the FPCC and have been quite successful to date especially in NY and Chicago. They are also extending their activities to various universities throughout the country in an attempt to capture sympathy on the part of liberal thinking students for the Cuban Revolution. The Bureau instructed that this investigation must be given vigorous and continued attention. All investigation associated

CLASSIFICATION

This report has been classified "SECRET" to protect a highly confidential source *WF [1196] NY T-23 of the report). If the report is subsequently downgraded, it should be classified "Confidential" to protect this source and other sources of continuing value whose disclosure might be detrimental to the national defense. Also because the report in some instances tends to indicate Bureau interest in a foreign diplomatic establishment. (S)(u)
