Honorable John Conyers
Chairman
Government Operations Committee
House of Representatives
Washington, D.C.

Dear Mr. Chairman:

^①
JFKARCA of 1992

I am writing to make you aware of the efforts of the FBI to release documents pursuant to the John F. Kennedy (JFK) Assassination Records Collection Act of 1992 (the Act). During the November 17, 1993, hearing of the House Government Operations Committee (HGOC), concerns were raised regarding the FBI's response to the Act, and I want to ensure that you and other members of the Committee are fully informed regarding the scope and status of that response. It is particularly important that you have this information in view of claims that the FBI is "stonewalling" with respect to a document release that appeared in a November 18, 1993, article in "The Washington Post."

The FBI has in excess of 1,000,000 pages of documents subject to release to the National Archives and Records Administration (NARA). These documents, a very large number of which are duplicates, appear in various files, to include those relating to the JFK Assassination, Lee Harvey Oswald, Jack Ruby, the Warren Commission, and the House Select Committee on Assassinations (HSCA). In addition to processing these "originals" and "duplicates," the FBI is, of course, preparing identification aids for each document to be released.

The FBI's JFK Task Force began to process Assassination documents in April, 1992. Processing was done under the Freedom of Information/Privacy Acts prior to the passage of the Act.
