Title: (U) JFK ASSASSINATION RECORDS
COLLECTION ACT (JFKARCA)

Synopsis: (U) On 1/3/1997, the Assassination Records Review Board (ARRB) formally advised by letter to the FBI their determinations on FBI documents. This communication advises offices of the information the ARRB protected or released.

Classified by: G-3, JFKTF/OPCA
Reason: 1.5 (C)
Declassify On: 10/01/2017

Details: (U) On 1/3/1997, the ARRB formally advised the FBI of the determinations voted by them on FBI documents at a meeting held 12/17/1996. The ARRB letter listed 41 documents for which the ARRB made determinations. The FBI does not have any appeal issues with the release of the material. However, the release of the information in these documents will reveal the identities of 105 individuals whom the documents described as potential criminal informants (PCI), confidential informants (CI), potential security informants (PSI), security informants (SI), racial informants (RS) and sources of information (SOI). The ARRB decisions will also release what was previously classified foreign counterintelligence information.

Re: (U) 62-HQ-1029205 (PENDING), 03/25/1997

(U) The documents concerning the decisions from the December 17 meeting are listed below by document number, with the information to be released. The status of informants and sources, if found through research, is noted after the name with living (L), deceased (D), no record (NR), or date of birth (mm/dd/yyyy).

(U) The FBI provided written justifications presenting the evidence available to protect the individuals, singular information, and classified information related to sources and foreign relations as listed above. However, the ARRB supports the position that the information ordered disclosed is relevant and significant to the assassination. They opine the pertinence and importance to the assassination outweigh any current harm to the individuals or the FBI's/United States Government's foreign relations, informants or operational aspects.

(U) The JFKTF continues to advise CID, NSD and OGC of the ARRB decisions. However, with the narrowed scope of appeal issues, NSD and CID recommendations are not being sought for those decisions documented here. If you have questions, please contact Barbara L. Hatch at extension 9482, Carol L. Keeley at extension 9494, or Carl Valentine at extension 9476.

(U) 1. (16/50) SE 89-47-114, 124-10258-10491. While the ARRB sustained the postponement of the numeric portion of SE 711-S (L), his name and the case number of his informant file until 12/2006, they determined identifying information (names and file numbers in the copy count of all others source reported in attendance at a meeting should be released.
