

This document is made available through the declassification efforts
and research of John Greenewald, Jr., creator of:

The Black Vault

The image shows a close-up of a heavy, metallic vault door. The door is partially open, revealing a complex internal mechanism with multiple locking bolts and a central handle. A bright blue light emanates from the gap between the door and the frame, creating a strong glow and casting shadows on the surrounding metal. The overall aesthetic is industrial and mysterious.

The Black Vault is the largest online Freedom of Information Act (FOIA)
document clearinghouse in the world. The research efforts here are
responsible for the declassification of hundreds of thousands of pages
released by the U.S. Government & Military.

Title: ASSASSINATION MATERIAL DISCLOSURE ACT

Synopsis: JFK Task Force returning file(s) to Newark.

Details: Enclosed for Newark are the following file(s):

NK 179A-943-1411

NK 92-386-Sub 3-118

The originals removed from these files and replaced with duplicate copies of the original were accessioned to the National Archives and Records Administration (NARA) pursuant to the JFK Records Collection Act of 1992. Provision of the JFK Act allowed for certain information to be postponed from public release until the year 2017; therefore, the pages have **NOT** necessarily been released for public review in their entirety.

Under the JFK Act, originals to all material deemed assassination records must be accessioned to NARA regardless of whether the material is open in full or released with information postponed. Therefore, any documents or pages from FBI files accessioned to NARA pursuant to the JFK Act are no longer considered the possession of the FBI. The duplicate pages have been inserted strictly for research purposes.

The copies contained within the previously mentioned file(s) **do not** necessarily show the most up-to-date classification.
