A great deal of potential has been demonstrated by this informant and information received on a daily basis is being utilized continually by those Agents assigned to the Criminal Intelligence Program in the Pittsburgh Office. Financial developments relating to the North Star Cement Block Company assume prime importance when it is realized that LA ROCCA has been designated as the prime target subject of an intensification program looking toward early prosecution on any Federal violation. LA ROCCA and the supervisory employees of North Star have spoken freely enough for this informant to ascertain their reactions to investigations being conducted by both the Internal Revenue Service and the FBI at Pittsburgh.
