SECRET

NOTE:

Classified "Secret" as it indicates we have received information regarding agents sent to this country by the Cuban government and it further indicates we are operating these individuals against the Cuban government. Unauthorized disclosure of this information might seriously jeopardize these cases. All of the cases mentioned in the letterhead memorandum are current double agent cases with the exception of one. This individual was turned over to Central Intelligence Agency and is now working for them inside Cuba. Details of some of these double agent cases have already been made known to Central Intelligence Agency. However, this is the first time that we have compiled all data available to us regarding intelligence personnel in Cuba whom we have been unable to identify and who are involved in the recruitment and/or training of Cuban agents. In our double agent cases we have been able to identify two individuals who were in contact with our double agents during their training in Cuba. One was formerly active in July 26th activities in New York City and the other is presently assigned to the Cuban UN Mission, New York City. He has been in contact with our double agent [Reverse (S)(u)]
