NOSENKO was again interviewed on 2/26/64 by SAs DONALD E. WALTER, ALEKSO POPTANICH and MAURICE A. TAYLOR at the same "safe house" of CIA in Fairfax, Virginia. The source was in a much more agreeable mood on this occasion and the interview proceeded agreeably, touching a variety of topics, including display of a considerable number of photographs. Source expressed concern over the welfare of his family in the Soviet Union and stated in effect the CIA was not able to develop any information concerning their welfare. Source stated that it was his hope that CIA would develop some news and expressed hope that they might be able to do something to bring the family to the U.S. The source stated his concern over his family has been greatly increased over the amount of publicity he has been receiving in the newspapers and felt this was detrimental to him and his family. He specifically referred to the article in the "Washington Post" on 2/26/64 and stated that data contained in this article concerning his background was substantially true. He stated that the source of this information, without a doubt, was in Germany. He requested that information from him be used with care and that at no time should it result in any type of publicity. *(X)(U)*

their action, Minsk advised that they had not directed the matter but that MARINA OSWALD's uncle, who was a lieutenant colonel in the local militia, had voluntarily approached OSWALD and requested that he not be too critical of the Soviet Union upon his return to the U.S. Source commented that when Minsk was originally requested to furnish a summary of OSWALD's file, they were not aware of the international events that took place, therefore, in an attempt to ingratiate themselves with the KGB center in Moscow, had included the statement concerning their endeavors to influence OSWALD in the right direction. U

Source stated that the KGB was upset over the OSWALD affair and had a staff of employees called in to work. The file was reviewed in detail to make sure that the KGB did not utilize OSWALD as an agent. U

Inquiry was made concerning MARINA OSWALD, and source advised that the wife of OSWALD was not in the employ of KGB as an agent. He stated she was regarded as not a particularly intelligent person, but stated she had been a member of the Komsomol but was dropped for nonpayment of dues over a long period. Source advised that she was permitted to leave Russia with her husband but this was not significant since there was no objection from KGB and that under the law since the death of STALIN, it is possible for a Russian wife to depart the Soviet Union with her foreign husband. Source again stated that OSWALD had never worked for KGB. U
