4. Three disseminable reports were credited to Subject during June:						
a. UFG-3006 (cable) from Frank Fiorini, "Planned Raid on Cuba by DIAZ Lanz Brothers".						
b. UFG-3089 (cable) from Jose ARIOLA, "Commando Invasion of Cuba a Hoax".						
c. UFG-3108 (cable) from Frank Fiorini, "Current Activities of Frank Fiorini".						
5. In addition to the above, Subject conducted lengthy debriefings of several UR executives who came out of asylum in June. These were very valuable as operational data for the handling of JMWAVE relations with that organization. Subject also has been of considerable assistance in general legwork among the various Cuban exile individuals and groups who are not otherwise easily accessible to JMWAVE.						
III. Pinancial						
6. Subject was paid \$420.07 as salary for the month of June (\$500 minus withholding for income tax). He was reimbursed \$86.87 for operational expenditures made during the period 25 May - 24 June 1963.						
IV. Future Plans						
7. Subject has shown a flair for intensive debriefing of operational prospects in addition to his demonstrated ability in extensive sampling of opinion and intention in the Cuban exile community. It is planned to assign him a number of operational						
leads of undeterming save valuable case	ed potential. Hi	s preliminary	findings can
