1. Identification: The purpose of Project ZRRIFLE is to spot, develop, and use ~~foreign~~ agent assets for Division D ~~for~~ operations. Agents will be spotted in several areas, including the United States, but ~~will~~ ~~not~~ for operational security reasons will probably not be used in their countries of residence. Present developmental activity is being conducted in the WF and EE areas, but it is anticipated that this will be extended to other Division areas. The project will be operated against third-country installations and personnel.

2. Objectives: The objective of this project is the procurement of ~~the~~ code and cipher materials, <sup>and information concerning such materials,</sup> in accordance with requirements levied on the clandestine services, primarily by the National Security Agency. Since these requirements are subject to frequent revision, no listing of targets would be valid for the duration of the project. Specific operations will be mounted on the basis of need and opportunity. The project will be conducted by Division D with assistance from area divisions and stations as

3. Background: In response to the increasing requirements for the operational procurement of foreign code and cipher materials, Division D in 1960 began the spotting of agent assets as a developmental activity. During the same

period requirements from NSA became more refined and in many respects more sensitive. Because most stations are not equipped to conduct this type of operations and because of the desirability of completely centralized control over this entire effort, it was determined that Division D, which is in closest touch with NSA on procurement requirements, could best conduct the activity. The ~~first~~ spotting activity has now advanced far enough to justify removing from the OOA category.

QJwin was first contacted in 1958 [redacted] by the Chief of Station, Luxembourg, in connection with an illegal narcotics operation into the United States. For a period of a year and a half she was contacted ~~in~~ ~~to~~ sporadically by CS, Luxembourg, in behalf of the Bureau of Narcotics. Files of this Bureau reflect an excellent performance by QJwin.
