Re:

ds. State of Maryland

Dear Mr. Greaney:

This will confirm the fact that after discussions with the investigating officer and Lieutenant Colonel Miller of the Montgomery County Police Department, a single traffic citation was issued to charging him with failure to reduce speed to avoid a collision, which is a violation of the motor vehicles, laws of the State. On August 14, 1969, I met with _____ind representatives of your agency at the Wheaton-Glenmont police station signed the traffic citation and posted and and forfeited \$18.00, representing a fine of \$15.00 and \$3.00 costs. This is equivalent to a conviction, but avoids the necessity of any Court appearance. When a record of this conviction is forwarded to the Department of Motor Vehicles they will assess three points against but this should not result in any action being taken against him by the Department.

Following conversations with the owner of the damaged vehicle, Mr. James E. Vest, we determined that a fair and reasonable charge for repairs to his automobile would be \$188.90, and consequently we forwarded to him by letter of August 11 our check in the amount of \$189.90, representing the agreed amount of damage together with \$1.00 for expenses in connection with Notary fees for the execution of the general release which we prepared.

I enclose herewith the original and one executed copy of the general release, together with a copy of my

letter of August 11 to Mr. Vest, and copies of the two estimates of damage which Mr. Vest forwared to us.

2.

Mr. Vest was not at all vindictive, and in fact indicated he was sorry he had caused any difficulty, but had summoned the police upon the advice of an Assistant State's Attorney of Montgomery County who happened to be a witness to the accident. Mr. Vest is completely satisfied with the adjustment of of his damages, and I explained to him that was charged and elected to forfeit collateral, and I feel certain that if Mr. Vest had had his way, there would not have even been a necessity for a charge.

The Montgomery County Police Department was most cooperative and the police officer is now in possession of sufficient information to satisfy him concerning the disposition which was made.

I am of the opinion that the disposition was completely favorable, and I am pleased that we were able to be of some assistancento you in this matter. I believe I discussed with the perturbed of the probably have to be filed with the perturbed of Motor Vehicles, and he may have attended to this. If not, I suggest some representative of your office check with the local police to determine whether an accident report must be filed in this situation, and if so, that the same be prepared and filed on behalf of

Inasmuch as nothing further remains to be done by this office, we are closing our file, and we would simply request that you issue your check in the amount of \$189.90, made payable to my firm as reimbursement for payment of damages made to Mr. Vest. I prefer not to make any charge for professional services rendered in this particular matter.

With kindest regards, I am,

Very trúly yours,

n F. McAuliffe

Mr. James E. Vest 3236 Hewitt Avenue Apartment 32 Silver Spring, Maryland

Dear Mr. Vest:

This will acknowledge receipt of copies of the repair estimates which you received from Curtis Chevrolet and Loving Chevrolet, Inc., in the amounts of \$187.49 and \$188.90, respectively. Confirming our telephone conversation of this afternoon, we understand you wish to have the repairs made by Loving Chevrolet, Accordand of course my client has no objection to this. ingly, I enclose herewith my check in the amount of \$189.90, representing payment in full for the damage to your vehicle and \$1.00 to cover any expenses for Notary fee in connection with your execution of the enclosed release. I am forwarding two copies of the release with the request that you have the original signed in the presence of a Notary Public and return it to me in the enclosed self-addressed envelope, retaining the other copy for your files. This is a standard form of release used by this office, which I have altered to exclude any reference to bodily injury since this was solely a property damage accident. It is only necessary that you have one witness, who can be the Notary.

<u>97</u> Again, may I offer apologies on behalf of for the inconvenience caused you.

Very truly yours,

John F. McAuliffe

The above is an estimate based on our inspection and does not cover any additional parts or labor which may be required after the work has been opened up. Occasionally after the work has started, worn or damaged parts are discovered which are not evident on the first inspection. Because of this the above prices are not guaranteed, and are for immediate acceptance only.		CALL CROSS
