Masferrer claimed that his Haiti invasion plot was approved by the U. S. Government (varying between the CIA and the FBI as the approving agency). While the CIA approval claim was untrue, Agency concern, at the time, centered around the possibility of unfavorable publicity and the compromise of sources and methods if the Agency was forced to disprove Masferrer's charges in court. A handwritten note in Masferrer's file revealed that he died in 1975 when his car was blown apart by a bomb in Florida. No further details regarding his death were contained in his subject files. Since Masferrer has never been affiliated with the Agency, despite his claims, it is believed that Dade County officials should be referred to the FBI for information regarding Masferrer.
