MEMORANDUM FOR: Chief, Security Analysis Group

SUBJECT : Yuriy Ivanovich Nosenko

Reference is made to Subject's repeated allegations that he had been given "drugs" during the period of his confinement by the Agency. In this regard, the undersigned has reviewed the Office of Security files relating to Subject's confinement, both at the safehouse in Maryland and at ISOLATION. Cited review disclosed no evidence that the Subject had ever been given any drugs or narcotics other than those which were prescribed in connection with the Subject's specific medical problems.

Below is a chronological listing of those instances where Subject was examined or visited by Agency medical personnel while in confinement, as reflected in the Office of Security's daily logs:

1. 20 May 1964: Unidentified physician examined Subject.
2. 27 May 1964: Unidentified physician examined Subject, prescribed a laxative.
3. 10 June 1964: Unidentified physician examined Subject, again prescribed a laxative.
4. 14 July 1964: Dr. Bohrer talked with Subject.
5. 24 July 1964: Unidentified physician talked to Subject.
6. 29 July 1964: Unidentified physician talked to Subject.
7. 5 August 1964: Unidentified physician talked to Subject.
8. 14 August 1964: Unidentified physician examined Subject.

9. 2 September 1964: Unidentified physician examined Subject.
10. 21 September 1964: Unidentified physician examined Subject.
11. 24 September 1964: Unidentified physician examined Subject.
12. 5 October 1964: Unidentified physician examined Subject.
13. 19 October 1964: Unidentified physician examined Subject, Subject's pulse rate described as high.
14. 1 December 1964: Subject's case officer suggested handcuffs be placed on interrogation chair. This was discussed with "the doctor," who agreed it was a good idea.
15. 3 December 1964: Unidentified physician visited Subject.
16. 11 December 1964: Unidentified physician examined Subject, took a sample of Subject's blood and urine.
17. 7 January 1965: Unidentified physician examined Subject, described as "physically OK."
18. 14 January 1965: Unidentified physician examined Subject, gave coricidin pills for headache.
19. 5 February 1965: Unidentified physician examined Subject.
20. 9 March 1965: Dr. Bohrer examined Subject.
21. 17 March 1965: Unidentified physician examined Subject.
22. 25 March 1965: Unidentified physician examined Subject, prescribed a laxative.

23. 30 April 1965: Unidentified physician examined Subject, described as "fit."
  24. 3 May 1965: Dr. Dickmeyer (psychiatrist?) talked to Subject.
  25. 6 May 1965: "Same doctor as before" questioned Subject.
  26. 12 May 1965: Dr. Dutchmeyer (psychiatrist?) and others interrogated Subject.
  27. 19 May 1965: Dr. Gettinger and others interrogated Subject.
  28. 20 May 1965: Dr. Gettinger (psychiatrist?) and others interrogated Subject.
  29. 21 May 1965: Dr. Gettinger and others interrogated Subject.
  30. 10 June 1965: Unidentified physician examined Subject, described as in "good shape."
  31. 18 June 1965: Three aspirins given to Subject for toothache, log does not reflect who gave Subject the aspirins.
  32. 25 June 1965: Unidentified physician visited site, no indication if he saw the Subject.
  33. 23 July 1965: Subject had toothache, given aspirin, log does not show who gave Subject the aspirin.
  34. 28 July 1965: Unidentified physician examined Subject, described as physically sound.
- (Changed sites to ISOLATION on 14 August 1965)
35. 24 August 1965: Station physician examined Subject due to toothache and left pills (not identified) for pain.
  36. 25 August 1965: Unidentified physician and medical technician gave Subject an electrocardiogram--physician advised Subject to discontinue toothache pain pills, but to remain on the "antibiotic."

37. 30 August 1965: Medical technician saw Subject due to Subject's gas problem, medical tech gave Subject an injection of Thorazine, and left eleven donnetal tablets, one to be given to Subject after each meal if problem continued.
38. 27 September 1965: Station doctor examined Subject, the doctor requested that Subject provide stool sample for next three days.
39. 28 September 1965: Stool sample delivered to dispensary.
40. 3 October 1965: Stool sample delivered to dispensary.
41. 29 November 1965: Station doctor and medical technician visited Subject--doctor discussed Subject's medical history at previous site, and possibility that Subject may have syphilis--Subject denied. Doctor was prepared to do a spinal tap at that time, to test for syphilis, but Subject refused.
42. 15 December 1965: Medical technician examined a growth on Subject's neck.
43. 20 December 1965: Station doctor examined Subject's neck.
- (Memorandum dated 27 December 1965: Dr. Bohrer suggested that Dr. Donald [redacted] be nominated as Subject's doctor at ISOLATION)
44. 20 January 1966: Medical technician visited Subject for gas, prescribed pills which Subject refused to take.
45. 21 January 1966: Medical technician and Dr. "B" gave Subject a physical examination.
46. 2 February 1966: Sample of Subject's urine obtained and delivered to dispensary.

47. 3 February 1966: Medical technician took urine and blood samples from Subject.
48. 16 February 1966: Medical technician talked to Subject.
49. 17 February 1966: Medical technician talked to Subject.
50. 21 February 1966: Medical technician talked to Subject.
51. 1 March 1966: Medical technician and two doctors from Headquarters, (both of whose last names started with "B") gave Subject physical examination.
52. 2 April 1966: Medical technician [redacted] brought a laxative to Subject.
53. 6 April 1966: Medical technician [redacted] brought Subject a different type of laxative.
54. 24 May 1966: Medical technician talked to Subject concerning Subject's constipation.
55. 22 June 1966: Station doctor and medical technician examined Subject.

(During period 23 June 1966-14 February 1967--logs do not reflect any visits by medical personnel to Subject.)

56. 15 February 1967: Subject taken to dispensary for an X-ray.
57. 31 March 1967: Subject given two ornade capsules, logs do not reflect who gave Subject the ornade.
58. 1 April 1967: Subject given two ornade capsules--logs do not reflect who gave Subject the ornade.
59. 11 May 1967: Medical technician (Bob F.) gave Subject a dose of medicine (unidentified) for constipation.

SECRET

60. 19 May 1967: Medical technician recommended Subject be given capsule (unidentified) for constipation on daily basis, as well as some liquid (unidentified) medication if required.
61. 26 May 1967: Medical technician looked at growth on Subject's ear.
62. 31 May 1967: Medical technician lanced and treated growth on Subject's ear (sebaceous cyst)--terramycin pills left for Subject.
63. 7 June 1967: Medical technician changed the bandage on Subject's ear.
64. 18 September 1967: Subject taken to dispensary for chest X-ray.
65. 19 September 1967: Medical technician (Bob F.) took blood and urine sample, and later the same day Doctor "B" and medical technician (Bob F.) gave Subject a physical examination.
66. 25 September 1967: Medical technician (Bob F.) checked Subject for a cold, gave pills and other medication not identified.
67. 1 October 1967: Subject given an E.K.G. by medical technician (Bob F.)

The above chronological listing of medical treatment relating to the Subject reflects the identities of the medical personnel where shown. No attempt was made to interpret from the logs as to the identities of the medical personnel who were referred to by first name and/or initials.
