Honorable Nerve Boyer
Secretary of State For Finance
Port au Prince
Haiti, W. I.

Dear Dr. Boyer:

It is really unfortunate that communications were fouled up since I know many in the group with me could have greatly benefited from an on-the-ground visit with your good offices. Yet it is hard to imagine the mix-up in communication and transportation media on Grand Bahama last week.

I certainly do want to closely investigate the forest project and the other items George de Mohrenschildt has discussed with me. My present agenda requires trips to Amarillo, Denver, Salt Lake and Midland, but towards the middle of March I should be able to fly to Haiti. Trusting that the delay will not be irritating, I will take the liberty of viving you when I know the precise arrival date.

Respectfully,

Samuel R. Hallen

So glad I heard from you. Hope you got my wire. I thought the attached article from Infid would strike a responsive cord with both of you. Of course I don't agree with the political part of anything or anything.

*Love,
Sam*

Dear Dr. Boyer:

It is really unfortunate that communications were fouled up since I know many in the group with me could have greatly benefited from an on-the-ground visit with your good offices. Yet it is hard to imagine the mix-up in communication and transportation mails on Grand Bahama last week.

I certainly do want to closely investigate the Forest project and the other items George de Mohrenchildt has discussed with me. My present agenda requires trips to Amarillo, Beaver, Salt Lake and Midland, but towards the middle of March I should be able to fly to Haiti. Trusting that the delay will not be irritating, I will take the liberty of writing you when I know the precise arrival date.

Respectfully,

Dr. J. / I decided hear from you. Hope you got my wire. Thought the attached article from Infield would strike a responsive cord with both of you. Of course I don't agree with his polemic lack of sympathy or courage.
Love,
