CFH. 14:37, 4 December 1959

1. Here is a sequel to the information given in the reference. On Mednesday moralng, 9 December, about 0850 hours, VILINE/& salted Pooding. at Prodine's home and said that he would like to use us on an unrest matter. We met him helf am bour later, and he told as the following story. Origorly To GOLD bed reported to VALIMAN that a western agent Or had been arrested in the Soviet Enion near Batre, but on the Soviet side of the border. GOLUS had said that the egent had been recruited in Switzerland and dispatched across the border on 18 May of this year. The agent had come to Helsinki on 17 Key and had been met by a man described as between 55 and 58 years old, about 180 cm. tall; the man smoked a pipe, spoke good Roglish and passable Finnish. This man had driven the agent to the Finnish border in a Dodge automobile, bearing the license plate EF-158, on the 16th of May.

- 2. When VALIAK/8 began the investigation of this report, he found that the Bodge our was owned by VADAW/1 a firm and thought therefore that we might be involved. Since he wanted to vern us, he took it won himself to call Rooding to tip Rooding off in case it might be necessary to get the driver of the car out of the country before the investigation closed Of in around him. Rooding thanks of the for his tip and said he would shock into the matter to find of if there was any substance to it. Roodine promised to call VALTEX/6 by 1630 hours that afternoon.
 - 3. Accordingly, we checked with our three military straches offices with negative results and then decided to go to viries himself to find out if he had even loaned his car for any such trips or was somehow involved indirectly. The answer with him was also negative, and it now appears likely that this whole story is a provocation, concerted by the Coviets and set afoot through COLUS to serve as a counter-balance to recent revelations of Soviet espionage in Pinland. (See the Embassy's Joint Wooks for 11 December 1959.) It is interesting that the Communist newspaper Kensen Putlect carried an editorial on the 10th of December accusing the Security Police of not investigating cases of western espionage. The editorial makes pointed reference to a trip made by the assistant American neval attache last summer, which was written up in the Communist press and reported at the time to eachington via Embassy channels, A copy of the Kensen Untinet editorial is attached.
