SUBJECT	KEYWAY/PBRUMEN (DEVIGIL) AMWHIP/1 01		ABSTRACT
			MICROFILM
ACTION REQUIRED: REFERENCES			
ACTION: See paragraph eight			
<p>1. A report from the (DEVIGIL) Center in Genoa (No. 14083 of 30 November 1964) states that AMWHIP/1 and Identity A (see separate cover attachment) entered Italy on 26 November 1964 at Ponte S. Luigi (Imperia). AMWHIP/1 had a passport which is listed in the separate cover attachment as Identity B.</p>			
<p>2. Another report from the (DEVIGIL) Center in Genoa (No. 14204 of 3 December 1964) states that from the afternoon of 26 November 1964 until the following morning AMWHIP/1 and Identity A shared a room at the "Parigi" Hotel in San Remo. They were travelling in a French automobile bearing Parisian license plates 1968 QD 75. They left Italy on the afternoon of 27 November at Ponte S. Luigi.</p>			
<p>3. An unnumbered report of 3 December 1964 from (DEVIGIL) headquarters states that on 28 November 1964 AMWHIP/1 and Identity A stayed at the "Bernini-Bristol" Hotel in Rome. On 30 November AMWHIP/1 left Rome for an unknown destination. Identity A left the same day from Fiumicino Airport aboard Air France flight 633, which departed at 0950 hours for Paris.</p>			
<p>4. During a meeting of 11 December 1964 with (DEVIGIL/27) BUNCE mentioned the presence of AMWHIP/1 in Italy in such a way as to suggest that we had known about it all along but that it was merely a pleasure trip. In point of fact, however, AMWHIP/1 did not get in touch with SMITHAM or BUNCE during his 28 to 30 November stay in Rome.</p>			
<p>5. On 10 December 1964 AMWHIP/2 telephoned BUNCE's home from his store here, and arrangements were made for BUNCE to pick him up there the following evening because AMWHIP/2 wanted to take BUNCE and wife to dinner. When BUNCE arrived on 11 December, AMWHIP/1 was also at the store. BUNCE talked with AMWHIP/1 for ten minutes, during which time AMWHIP/1 mentioned that he hoped to go to Paris about 15 December 1964 and then to New York but made no mention of his earlier visit to Rome. BUNCE then asked him <del>if he</del> if he</p>

had not been in Rome one to two weeks earlier. AMWHIP/1 said that he had not. BUNCE said that he was surprised because he had information that AMWHIP/1 had stayed for two days and nights in a hotel on the Piazza Barberini. Looking quite flustered, AMWHIP/1 said that he could not understand how this fact had slipped his mind. Of course he had been here. BUNCE pointed out that the coverage here in Rome is obviously efficient and that he should bear this fact in mind. AMWHIP/1 repeated that he could not understand how he had forgotten his prior visit. The remainder of the brief conversation was cordial.

6. En route to BUNCE's quarters BUNCE asked AMWHIP/2 whether AMWHIP/1 had told him about a visit made ten days to two weeks earlier. AMWHIP/2 said that AMWHIP/1 had not divulged this trip until the preceding evening, 10 November 1964. He said that he then learned that AMWHIP/1 had been accompanied by his mistress, Identity A. AMWHIP/2 lamented the relationship. He said that some time ago he had called AMWHIP/1's New York apartment on business and had been told by his wife to try to reach AMWHIP/1 at the store in the morning. In this way, he explained, he first learned that even in New York AMWHIP/1 sleeps with Identity A rather than at home. He said that Identity A has AMWHIP/1 completely under her thumb. BUNCE asked whether he considered it possible or even probable that AMWHIP/1 discusses his work for us (i.e., KUBARK) with Identity A. AMWHIP/2 said that he was positive he tells her everything. He said, "I am not just 99% sure of this. I am 100% sure." He added that AMWHIP/1 also confides in Identity A all details about their various business transactions.

7. BUNCE asked whether AMWHIP/2 has any reason to suspect that Identity A works for the PBRUMEN IS or has any other connections, direct or indirect, through which information which she obtains from AMWHIP/1 might be relayed to the PBRUMEN IS or government. AMWHIP/2 answered that he does not think so. He said that Identity A is not a Communist and is anti-AMTHUG. He also described her as stupid.

8. Although AMWHIP/2 did not place restrictions upon our use of this information, BUNCE does not know how widely known is either the AMWHIP/1-Identity A relationship or the extent of AMWHIP/1's disclosures to Identity A. It may be that if AMWHIP/1 were confronted directly with this matter and charged with insecurity, he would spot AMWHIP/2 as the source of our information. This possibility is strengthened by the fact that immediately after BUNCE brought up AMWHIP/1's visit to Rome, AMWHIP/2 and BUNCE left to spend the evening together, as AMWHIP/1 knows. What action, if any, should be taken in respect to AMWHIP/1 is plainly a matter for Headquarters decision. It is requested, however, that action which would tend to pinpoint AMWHIP/2 as the source of our information be avoided. It is also requested that we be advised of the action taken, if any.

9. Further information supplied by AMWHIP/2 is being reported separately.
