UNMARKED NATIONAL SECURITY INFORMATION

- P The Iranian deal played well.
- K It was so screwed up - but it did appear well.
- On \$40 credit on part. State thinks it a mistake because risk is out of proportion to gains. I don't see hell for a lot to gain by \$50000000. We could wind up w/c worst possible sit. Colby indicated he wouldn't spend it. What do you think, Brent?
- S ~~The~~ The advantage is the price is most controlled and a moderate party price is asking for money.
- P How can any negotiator help during price?
- K That is what we did in Chile.
- P If it is depreciable, why shouldn't we?
- K It would leak & hurt parties.
- P That is a different case.
- K I would tell Colby to do what he can in a <sup>public</sup> ~~private~~ w/o spending a money.
- P Should I talk to Chink?
- K I would tell him a change over that would will be paralyzed; how to protect sensitive data. Colby was blackmailing me on a assassination story. He asked Helms to look into possibilities for copy in Chile in Chile. Helms said it wouldn't work. Tom later people who ~~said~~ it was documented as well to heading Schneider & killed him.
- The OPEC summit was not interesting. He said OPEC had to behave resp. + Algeria would agree to <sup>part</sup> ~~part~~ of its ~~budget~~ budget was protected. OPEC policy is working. They are no longer pumping at a cap rate.
- P What happening in FEA.
- K We talking to, Dutch — we want a concept in with to see and what we set out source. ...

A \* Free elections of departing - Car at  
SW Drive (Gages + people  
in car)

I think a Ojer evolution is very encouraging

P. Some of smart people in Eus must see we  
are making a producer need income

K That's right. One way would be to raise price, but to do  
that they would have to cut prod. They can't agree  
on how to allocate cuts. If we were free w/c Saudis,  
we could get at least a deal not to cut prod. That is  
why this discriminatory comparison of a Jew is outrageous  
E Chicago. My reason is to send them 7 mil  
+ encourage export. If you have asked for  
mil assist. \*

P. What do they want. What kind of attitude is it

K I fear it. They finally and have some neighbors  
who are disturbing.

I'm uneasy about it. They have it asked for export  
for a oil fields - not even a study pump.

If necessary, I would like a letter from you saying  
you can't accept a statement + if we got answer  
you will put forward a. Mosby. (K. Meyer plan (K)  
books)

I think we just can't go to Geneva as a longer part

P. The toughest position to get them to act is what  
I favor.

K. Assad has even indicated he would take a limited  
agreement & would sign a peace treaty. He was willing  
to drop PhO; now he exhibiting PhO to strategic things.  
We can't bring Assad in - even tho. if I tried, he would  
be so obvious it would be slower than E and then  
we could move it to Geneva after E settled - but  
that's too tricky. I would rather tell him a truth  
privately - that we would make an effort as soon  
as E-I finish.

P T had is my preference

K The big issue is will you take on I for another Syrian move.

P If we insist upon him on day then Geneva - which will fail, then Assad ~~would~~ <sup>would</sup> come to us.

K I think Assad will want something before Geneva - the better would be ideal.

P Can't you talk to him we are trying to get something before Geneva.

K Yes, but you have to know that would be bloody w/c I. If we could get 5-10 km on Golan we would be in good shape. I will claim it during their defensive exp.

It is important whether I can talk Assad we will make a major effort. We will have to move into Jerusalem T & I.

P If you think that is the best way to get progress, I am for it.

K We will be driven to a Syrian move, either before or after.

P Suppose c I say lets go to Geneva, c S U does.

K We can go to Geneva, what happens will depend on Syria. Sabot won't want Geneva - he will want to rest, come here for big triumph. I will want to avoid Syrian regret, so Syria won't want it. So only T & S U will want to go to Geneva.

P Can't we commit to good faith effort?

K A good faith effort is bound to fail. It won't even get off ground - I won't look at it.

P A good faith effort to me is one where one party shows an

K OK. If I see opening to get us to Geneva - maybe

SD would carry a case to get everyone to believe that  
could be fine.  
K I have given you a Schmitt logke.
