MM 9-1706

that the voice on the both of these recordings sounded like the anonymous caller who has previously contacted the BENJOCHEA residence and he still believed that this is the voice of JOSE RICARDO GARCIGA. BENJOCHEA, SR., who has never talked to the extortionist by telephone, expressed the opinion that the voice sounds like that of GARCIGA, whom he has talked to in person.

On 1/22/65 the Miami Office sent to the FBI Laboratory typewritten specimen obtained on 1/15/65 by MM 635-S, who went to the Abbey Clinic to consult Dr. BOSCH as a patient for a foot ailment. He observed BOSCH type this specimen on an old Underwood typewriter. A non-professional comparison of this specimen with the extortion letter which was sent to the home of MENDOZA reflects great similarity, and it is hoped that this typewriter may be identified as being the one used in the MENDOZA letter. CONTEMPLATED INVESTIGATION

Miami will conduct investigation to identify the anonymous caller and is attempting to bring this case to another "payoff". Miami will also attempt to catch subjects in the act of making a telephone call to one of the victims, if possible.

Efforts will continue to obtain specimens from typewriters in possession of subjects and suspects. Voice recordings obtained from IGLESIAS will be played back to additional victims and witnesses for identification purposes.
