FROM : S. A. Stern
SUBJECT: CIA File on OswaldREPRODUCTION
PROHIBITED

Today, Friday, March 27, 1964, I met at CIA headquarters with Mr. Rocca to review the CIA file on Lee Harvey Oswald. The file contains those materials furnished to us previously by CIA. In addition, it contains the following materials:

a. Cable reports from the CIA station in Mexico of November 22 and 23, 1963 relating to photographs of a person who had visited the Cuban and Soviet Embassies in Mexico City during October and November 1963; and reports on these cables furnished on November 23 by CIA to the Secret Service. These messages are accurately paraphrased in the attachments to the CIA memorandum of March 24, 1964 (Commission Document #674).

b. Cable of October 10 from CIA Mexico City station to CIA headquarters reporting on Oswald contact at Soviet Embassy, and October 10, 1963 message from CIA headquarters to Mexico City station of background information on Oswald. These messages are accurately reported in the CIA memorandum of January 31, 1964.

I did not review any materials later than November 23, 1963.

Mr. Rocca also showed me the "printout" of the references to Oswald documents in the CIA electronic data storage system. There was no item listed which we have not been given either in full text or paraphrased.

When I evidenced an interest in the CIA electronic data processing system, Mr. Rocca said that he would arrange a detailed explanation at a future visit.

MEMORANDUM FOR: Mr. J. Lee Rankin

SUBJECT: Information Developed by CIA on the
Activity of Lee Harvey OSWALD in
Mexico City, September 28 to
October 3, 1963

**REPRODUCTION
PROHIBITED**

1. This refers to your letter of February 10, 1964
relating to information furnished by this Agency regarding
the activity of Lee Harvey OSWALD in Mexico City during
the period September 28 to October 3, 1963.

2. The second paragraph of your letter raises a question
with regard to reports on current aspects of investigation in
Mexico, or concerning Mexican leads in the OSWALD case.
Specifically, that paragraph seems to refer to speculative
information provided the White House by Jose L. LASACA
which originated with Salvador DIAZ VERNON. CIA has
nothing to add to the detailed investigation of this matter
conducted by the Federal Bureau of Investigation. We
assume that the Commission is already in possession, or
will be in the near future, of the details of the outcome of
that investigation.

3. CIA is cooperating very closely with the FBI in the
development of another Mexican lead. This information is not
known to the Commission. If in the course of this cooperation,
CIA develops original, substantive information, it is our intention

to report the details to the Commission concurrently with what-
ever is made available to the Commission by the FBI.

4. The following replies are keyed to the numeration of
your letter of February 10:

1. We are not in a position to supply copies of
telegrams sent between the Soviet Embassies in
Washington and Mexico City.

2. Translations of the two police interrogation
reports of Silvia DURAN are being forwarded to the
Commission under separate cover.

3. From all the evidence on hand, we deduce that
OSWALD visited the Cuban Consulate in Mexico City on
the afternoon of 27 September 1963 and again some time
on 28 September 1963. There is no evidence that he
visited it more often than once on the days mentioned,
but we cannot exclude these possibilities. The wording
in paragraph 10 of our report, on pages four and
five, is based on the statements of Silvia DURAN and
means that OSWALD was at the Consulate at least once
after his initial visit, and that this later visit was on
the afternoon of a day on which the Cuban Consul tele-
phoned the Soviet Consulate about OSWALD's visa
problem. This may well have been 28 September, but
we cannot be certain of this conclusion.

4. We do not know whether Cuban Consulate
archives contained information on OSWALD ante-
dating his September-October 1963 visit. From the
statements of Silvia DURAN, one could conclude that
she had never heard of OSWALD until he visited the
Consulate in late September 1963. It is possible that
which Silvia DURAN mentions is the one she spoke to
him at that time and which she looked up again when
OSWALD's name was published as the assassin of
of President Kennedy.

5. We do not think it would be wise to tell DUBAN to tell OSWALD he could not have a Soviet trunk statements are quite common in practice, as far as we know.

~~PROHIBITED~~

6. We believe that Silvia DUBAN's statement that OSWALD knew no one in Cuba meant literally that, and this would mean that no one there could sponsor him, vouch for him, or insure that he would not become a public charge. On the other hand, the remark of the Soviet official would seem to imply that the Soviets had no previous record of OSWALD, at least in Mexico, if indeed the Soviet official was telling the truth.

7. We believe that OSWALD both telephoned to the Soviet Embassy or Consulate, and was interviewed by officials there.

~~REPRODUCTION~~

8. We believe that OSWALD meant by his admission to his address. He went to Mexico while he was in New Orleans to Texas, and he was in a new Texas forwarding address in the process which he gave first to the Cuban Consulate, then mislaid or forgot, and finally recovered from Cuban Consulate files so he could pass it to the Soviet Consulate. It could also be that he was talking about his Mexico City hotel address which he might have momentarily forgotten while at the Soviet Consulate.

9. The Cuban Consulate and Cuban Embassy in Mexico City are separate offices located in separate buildings that stand on adjacent lots separated by a Cuban official parking lot. The Cuban Consulate is at the corner of Marques and Zamora Streets. The Cuban Embassy is at 160 Marques Street. The Soviet Embassy and Consulate are both located in a large connected outbuilding.

10. We surmise that the references in OSWALD's 9 November letter to a man who had since been replaced

 must refer to Cuban Consul Eusebio AZCUE, who left Mexico for Cuba on permanent transfer on 13 November 1963, four days before the assassination. AZCUE had been in Mexico for eighteen years and it was known as early as September 1963 that AZCUE was to be replaced. His replacement did arrive in September. AZCUE was scheduled to leave in October but did not leave until 13 November.

We do not know who might have told OSWALD that AZCUE or any other Cuban had been or was to be replaced, but we speculate that Silvia DURAN or some Soviet official might have mentioned it if OSWALD complained about AZCUE's altercation with him.

11. We have no additional information on OSWALD's activities in Mexico City. This part of the investigation was handled by the Federal Bureau of Investigation through its liaison office. All of our sources have been queried for further information but none has been developed. Neither pro- nor anti-CASTRO persons or groups have provided what we regard as hard information.

12. We can only guess why Silvia DURAN described OSWALD as a blonde. Perhaps his complexion seemed light to her, compared with that of most Latin Americans. When she was arrested, she had not seen OSWALD for about two months, but apparently she had noted him as a blonde in her Consular records.
