MEMORANDUM FOR: FI/OPS-Projects Branch

SUBJECT : Justification for Automobiles under Project LIEMPTV

1. It is requested that the Mexico City Station be authorized to purchase three used sedans for use by the LIEMPTV surveillance team. The Station plans to expand the LIEMPTV surveillance team into a larger, well-trained physical surveillance asset. They will need three automobiles. Private automobiles or commercial transportation will not be satisfactory since the cars must be outfitted with two-way radios.

2. Authority is also requested to purchase a panel truck to be used in the LIENTRAP operation under this Project which mounts mobile photographic surveillances.

3. It is also requested that a quasi-personal car be authorized for Oliver G. Scantling (ps). Scantling is an indigenous agent under oral contract. A car is a prerequisite for his work for KUBARK which includes casings, surveillances, and investigations. Because of the sensitive nature of his work, and the heavy use made of the car, the Station has decided that Scantling should be furnished a QP car.

4. LIEMPTV agents were formerly carried under the LIJERSEY and LIPSTICK Projects. The vehicles used by the LIEMPTV agents under these other Projects will be disposed of and new ones will be purchased after the above TVA has been approved. The vehicles which will be replaced are MV 2148, MV 2147, MV 2138, and MV 2041. One of the surveillance cars will be new and will not replace an old car. It was decided that these vehicles should be replaced rather than transferred to the LIEMPTV Project for security reasons and because of the age of the automobiles. The automobiles are 1951 and 1952 models and have been used for sensitive surveillance work for over two years. The panel truck which was used in the LIENTRAP Operation under the LIPSTICK Project has been operating for two years in all parts of the city and has become a security threat. The fact that the LIPSTICK surveillance team knows that the truck exists, even to the point that one of the team members is the listed owner of the truck, also dictates replacement of this vehicle.
