Subject: Analysis of LIFEAT Traffic Relating to LIEING/3 for the Period 19-26 April, 1957.

1. In reviewing the traffic for the period indicated Rowton formation valuable confirmation of LIRING/3 and LIRING/4 contact with Ramins Abreu, indicating that both persons complied with Rowton's suggestions. LIRING/3's telephonic contacts with Enrique Morales in Guatemals City confirmed reports given to him (Rowton) before and after the evert. The only item not reported to Rowton by LIRING/3 is a dinner engagement which Enrique Morales had in Guatemala City on 25/4/67 with "friends" of Morales' wife, Esperanza. SAN-10 (17.5) also reveals that LIFIEG/3 and Morales are engaged in some sort of deal for the purchase of purses or briefcases (bolsas) either in Guatemala or San Cristóbal for resale in Mexico City or import into the U.S. at a higher price. (LIRING/3 mentioned the opportunities in this line to Rowton previously, but Rowton did not react favorably).

2. The following are Rowton's comments on specific portions of the take which will serve to clarify them in relationship to reports made to him by LIRING/3 and LIRING/4:

LIRING/4 Contacts with Ramiro Abreu: On 22/4/67, shortly after Rowton suggested that LIRING/4 recontact Abreu and attempt to effect tarough him a reconciliation with the local mission, LIRING/4 telephized the Embassy and attempted to reach Abreu. From the content and take of her questions and remarks, it appears obvious that LIRING/4 has not had recent contact with the Cuban mission. She asks when Abreu is leaving for Havana, but is given no information. She tries again at about 1900 and 2000, but there is no answer. She finally gets through to Abrez on 14-13-26 who promises to come to her home between 1000 and 1100 the following day (23/4/67). She has to give Abreu the address, indicating that he is not familiar with the home address of LIRING/3 or/4. SAN-10 (5.0,8.2,12.2) reveal that Abreu called or talked to EIG/4 on the telephone three times on 24/4/67. LIRNG/4 makes reference to "so much analysis, so many theories and ideas" which apparently were discussed between her and Abreu at their 23/4/67 conversation. Incer remarks made both by LIRING/4 and Abreu indicate that Abreu is, or watna to become emotionally involved with LIRING/4, who at least im words appears to have encouraged him. These contacts were reported to lowton 4 14 10 10 10 - 31977 201-748301 50 4-138/3 att + 1 4 HIMMA - 31977

in substance by LIRING/3, although Rowton has not as yet had a chance to talk directly with LIRING/4 to get her version of the conversations with Abreu. Apparently in order to put Abreu off (in his amorous designs) LIRING/4 teals him on 25/4/67 that her husband suspects that something is going on between them. In reply to Abreu's envious questioning, LIRING/4 states that her husband asked her whether she liked Abreu and whether Abreu like her, to which she said that she replied in the affirmative (this apparently was calculated to cool Abreu off without alignating him). Abreu's visit to the spartment and his propoed luncheon date with LIRING/3 were confimmed by the latter in his report to Rowton on 27/4/67.

2.

Conversations Re the Birth Certificate: In SAN-10 (2.5) LIRING/3 asks his Guatemalan friend (Jacobo Adriguez Padilla?) whether it matters if the birth cortificate is for a person 10 years older? Jacobo replied in the negative, but would prefer it of a person ten years younger.LI-RING/3 promises to have the birth certificate in his possession by 25-26/4/57. This is the first confirmation Rowton has had of a statement made to him some two weeks previously that when he wont to pick up the (false) birth certificate at Registro Civil on instructions of his half-brother (and the lawyer Folando Riojas) he discovered that it was for a person born in 1916 and hence useless for himself. LIRING/3 also reported to Rowton that Jacobo had contacted him recently and asked for help in obtaining false papers for himself. The above conversation therefore would indicate that LIRING/3 plans to give Jacobo the false document originally procured for himself through his half-brother. LI-RING/3, however, has not revealed this plan to Rowton.

SAN-11 (16.0) reveals that LIRING/3 informed his brother two days later that he has spent over ten days at Registro Civil but it is "impossible to get the birth certificate. The book no longer eximits." He adds that he has written his half-brother a letter explaining everything. LIRING/3 reported to Rowton that he had asked his half-brother to obtain an "acta notorial" in lieu of brith certificate and hoped to have the docament soon.

1. Rowton met with LIRING/3 at the safehouse at 1800 on 4 May, 1957. LIRING/3 reported that he had been working with the Secretarait of Commerce and Industry to obtain the license for the importation of the plastic flowers and that he had told Enrique Morales Guerra to stand by until the formalities of the license were completed. He added that as a matter of fact he had not made any commitment to Morales and did not feel under any obligation to continue to use him, even in the flower business, especially if Rowton had any further reservations about him.

2. Regarding his friend Sergio González Marin of the Secretariat of Commerce and Industry, LIRING/3 commented that, as he had reported previously to Rowton, the latter had formerly been a member of the Communist Party of Mexico, but, was no longer active. LIRING/3 added that his sister, however, Cilvia Conciler Marin, was a very active member of the Party and married to a Raul Moreno, who was also most probably a member of the Communist Party. LIRING/3 continued that both Raul Moreno and Silva and himself (LIRING/3) had a mutual friend Sergic Valdez who had excellent contacts in extreme leftist circles. LIRING/3 added that Sergio Valdez was the son of the <u>Siempre</u> correspondent and associate of Alberto Domingo, as well as Aico Galán. According to LIRING/3, Sergio Valdez is not a formal party member and still a student of art at the University. LIRING/3's) students for several years. LIRING/3 added that Sergio Valdez' telephone number is 20-90-10, ext. 12.

3. In addition to the above, LIRING/3 recounted that about 2 May, 1967, in a conversation with Raúl Moreno, he had learned that Moreno is friendly with the FAR responsible for Propaganda at the National University. LI-BING/3 commented that such a person would surely know "Garcia" of FAR, and that therefore he planned to arrange a meeting with him through Raúl Moreno at the first opportunity.

4. In preparation for a possible LCFLUTTER examination of LIREG/3 on 9 or 10 May, Rowton stated to him at the end of the meeting that he was preparing a number of questions that still bothered him so that LIRING/3 could give a definitive reply that would close the matter for once and all. LIRING/3 replied that he was anxious to answer any questions Rowton might have and hoped that this would resolve any problem and dispell and lingering doubts that Rowton might still have concerning his bona fides.
