[] Finishing date indicates the completion of required hours of training. Because of language barrier and lack of progress, it appears that these students will not have finished class requirements, although hours have been completed. In both cases the instructor expressed doubt if these two students would learn enough to be employed in the field. Both are trying and both have good attitude.

Report on []

12/10/66

After reading the Report & comment of the other teacher I felt obliged to write this note.

[] is very self-conscious about being an epileptic and may not have confided in Mrs. Sinclair — but many times when he is just sitting staring — or if he appears to be asleep he is suffering a mild attack.

In Requiring English he does very well and has shown an avid desire to learn. He converses with me in English frequently.

His test grades are as follows:

Gates Read Comp. (completely unfamiliar) — Grade 4.8

Grade & Dries Aural Comp. Form C — 60%

Grade & Dries Structure — Form C — 26%

He was not very well this day — arrived late for the test and did not finish.
