The booklet included the appeal or reply of Jose Revueltas Sanchez against decision adopted by the Central Committee of the Leninist Spartan League. It contained very interesting information and if Source could supply more background information on the LLE, it would be of great value at Hqs, e.g., more about the structure and organization of the League, its officers, how it is funded. KUDSK does not understand, and this was changed in a previous report on the LLE, how it can be an independent group "within the PCM." Some explanation of this would be appreciated.

Rewritten.
