## MEMORANDUM FOR THE RECORD

## SUBJECT:

1. Mr. Papich (of the FBI) telephoned to report that Victor Domindador ESPINOSA Hernandez, accompanied by an officer from I &NS, talked to the FBI in New York City on 2 June 1965.

2. ESPINOSA said he had just returned to New York on 29 May after having spent 26 days in Paris and a day in Spain. In Paris he had heard from Cuban exiles and Cuban citizens of a plot to assassinate Castro, his brother, and Che Guevara. He said that the following Cuban citizens knew of the plot:

Rolando CUBELA, a next door neighbor of Castro

(possibly identical with Major Rolando L.

CUBELA y <sup>C</sup>Senades);

Alberto BLANCO; and

Major ~~Warren~~ ALMEIDA Bosque

3. ESPINOSA said that in Spain he had heard from Cuban exiles that our Chief of Station, [Earl <sup>CS</sup> ~~Warren~~] knew of this plot to some extent, but the anti-Castro Cubans do not trust him for he was compromised by a Cuban girl known as "Tota."

4. ESPINOSA said that he wanted to talk to someone from CIA and that he had tried to see us through I &NS in New York, but our people did not want to see him, consequently I &NS took him to see the FBI.
