

STANDARD FORM NO. 64

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Ernest P. Geise

DATE: 24 Aug 1950

FROM : [A. N. Merendino]⁰⁶

SUBJECT: MOORE, JAMES Walton # 23024

This case was reviewed in connection with the appraisal of another case.

The file reflects that in May 1948 a current PHS was requested for the purpose of initiating security checks. The required PHS was finally furnished in January 1950 and a Reference Index check was requested which apparently has not been made.

No investigation has been conducted on subject and the file fails to reflect that one has been initiated as FBI or presumably intended.

This matter is being submitted for whatever action may be deemed appropriate.
