FROM : RSG

SUBJECT : James B. Wilcott, Retired Agency Employee

1. James B. Wilcott, retired Agency employee, has been talking to investigators from HSCA, alleging a connection between ¹³⁻³(Tokyo Station) and Lee Harvey Oswald. HSCA investigators informed me this afternoon that they believe Wilcott has or will shortly go public with his allegations. Investigator indicated that story may break in "a New York newspaper."

2. Wilcott was an employee from 1957-66. From May 1960 through October 1964, he was a Fiscal Accounting Assistant, (Tokyo Station) GS-7.

3. HSCA investigators have reviewed Wilcott's official personnel folder and have asked to interview several former employees of (the Tokyo Station).¹³⁻³ The Committee has indicated that they will formally request the entire (Station)¹³⁻³ roster for 1963 and access to each person on that roster for interviews. I expect to receive that written request next week.
