Dear George:

Your letter of February 4 makes me so envious that in one sense I was sorry to receive it. Your trip with Dr. Vandever is one of those things we all dream about and I imagine that even Errol Flynn is turning over in his grave.

I hope I do hear from Clifford but since I don't want to cause you any embarrassment, I would like to summarize my feelings in a few words:

A) I am deeply interested in the business proposition we discussed. This would particularly be so for the timber.

B) I just don't have the ability that other people possess and may be necessary to wait around with HSNW.

As you know this group of ours is going to be down in the Bahamas the week-end of the 20th and while this is really not an opportune time for me to be away from Dallas, if some firm indication could be developed from the Minister of Finance it might be possible to take advantage of that shortened distance.

We had a ball last Saturday evening at Adelfa's party. They had a Latin American band from Fort Worth which was just tremendous, even though they had to turn down our request for a merengue.

I bumped into Steve Fuqua last night at a meeting of the geophysicists. He exuded great prosperity and mentioned a major discovery in Hartman County. I gathered from a delicate probe or two that he and Irene must be finis.

We saw Tonya Parsons again and Ethel has taken a real liking to her. I was surprised to find some keen intelligence to supplement her exciting beauty, and we are supposed to be at a party together this coming Friday.

Best to all of you.

Dear George,

I have your letter of February and thanks again for your kind invitation. I hope we can have a short visit in a not too distant future. Or may be you will come to New York some day, too..?

Haiti is very much in the news these days, but it still has not too good a "press" in the business world. And the recent Affaire Fayed did not help... In my humble opinion, with Haiti so near, the US will have to reconcile themselves to the situation and assist that country, in order to avoid having another Cuba.,.

Recently I have been instrumental in bringing together 3 separate groups of people in New York /Petroleum-Investments/, in Los Angeles/Mergers, International Management Consulting, development, financing etc/ and in the Middle West/Promotion, Real Estate investing with multi million capital behind, etc/. A separate corporation is to be set with offices probably in Rockefeller Center-N.Y. Among them are men familiar with international business and mining, oil, development and also familiar with Haiti, Dominican etc.

Because of the "poor" rating Haiti has now plus the new core serious trouble in the Far East, I do not know what chances we can have in promoting new entries in Haiti. But I personally, for some reason agree with you and want to try and see what can be done, fully realizing some of the adversities in the situation. I am sure you do too. With this reservation, I am preparing a summary of what I can get from your letters and will discuss it first only informally with one or two men from the new group above.

It would be very desirable, if you could strengthen my hand, by writing me a letter, for further submission to my friends, summarizing the situation as you see it and those projects that are in your opinion open and ripe for taking up, as business possibilities.

I appreciate your reluctance to send any material by mail, and it would be premature.

Also, please keep your eyes open for any smaller scale opportunities suitable for my own plans.

Enclose are some clippings which you may read, while "loolling" under the Palms.....
Can you read Polish?...Ha ha...

*Best regards,
Sincerely,
Stanley*

Dog's Obedience Costs Man \$3,740 in Holdup

Philip Terman spent \$300 recently to train his Doberman Pinscher to react instantly to his every command. Yesterday the big dog did just that and cost his owner \$3,740 more.

Mr. Terman, the proprietor of a furniture store at 1116 Fulton Street, Brooklyn, got in his car and told the dog to sit down. Then a robber who earlier had entered Mr. Terman's parked car at 90 Clifton Place, put a pistol in the merchant's ribs and told him to drive around and keep his dog friendly.

Mr. Terman obeyed and half an hour and one mile later in the Crown Heights district, the thief emptied Mr. Terman's pockets, took a brown paper bag containing money Mr. Terman had just withdrawn from a bank, and then handcuffed his victim to the steering wheel.

Mr. Terman managed to attract the police by honking his horn, while the Doberman still sat contentedly.

When I was like this I was like this

FROM THE NEW YORK TIMES

APRIL 12, 1945

See here - 1. A former Polish secret service officer who served for the Polish states, said today yesterday to the newspaper that he had seen the body of the late King of Poland, Stanislaw II.

The nearest pretender to the throne of Poland is Col. Stanislaw BOLSIKOWSKI, 50, who lives with his wife and two children at an address in Long Island city.

Col. Bolsikowski said he was prepared to back his claim to the throne with evidence that modern science can, through the detector tests, identify persons, dental comparisons and medical, that at the same time he would be able to see the king's body and, if necessary, his skeleton.

He said the king had been seen by him, but that he was not sure of it. He said that he had seen the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton.

The Col. said he had seen the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton.

He said that he had seen the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton.

From Polish News, Sopot-Moscow.

...the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton. He said that he had seen the king's body and that he had seen the king's skeleton.
