Jim -

I talked with Mr. Earl Myers of the Comptroller's Office about this and he said that the attached memo leaves certain information to be desired.

1. What were the original arrangements made with Customs for the use of this man and who made them.
2. Arrangements for the continued use of this man should be made by WE/L or by Cover Division for WE/L.
3. When the arrangements for his services have been laid on inter-agency, then the manner of reimbursement for his salary can be made as agreed upon.
